IT'S NOT TEN MILLION.

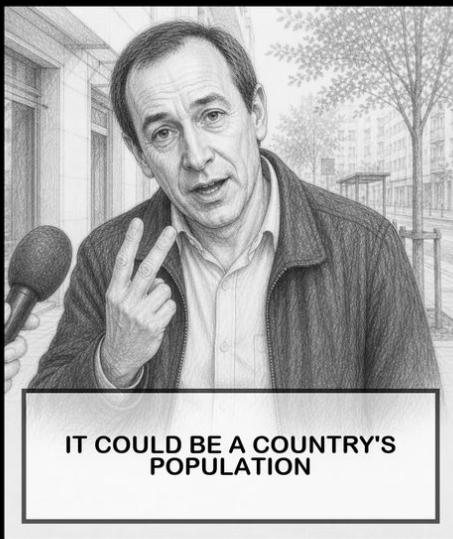

PLEASE, EXPLAIN

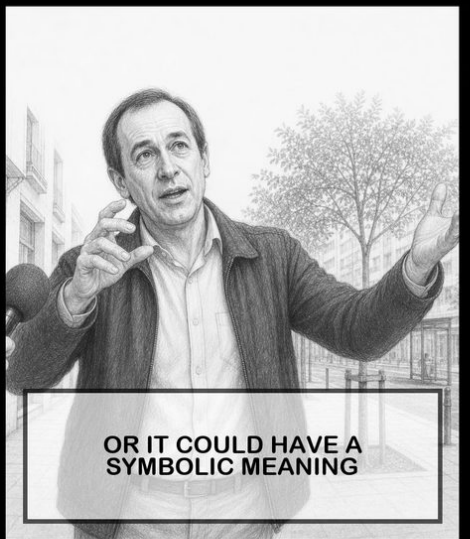

IT'S EXACTLY 9.993.600. WHY THAT NUMBER?

IT'S TOO PRECISE TO BE RANDOM

IT COULD BE A COUNTRY'S POPULATION

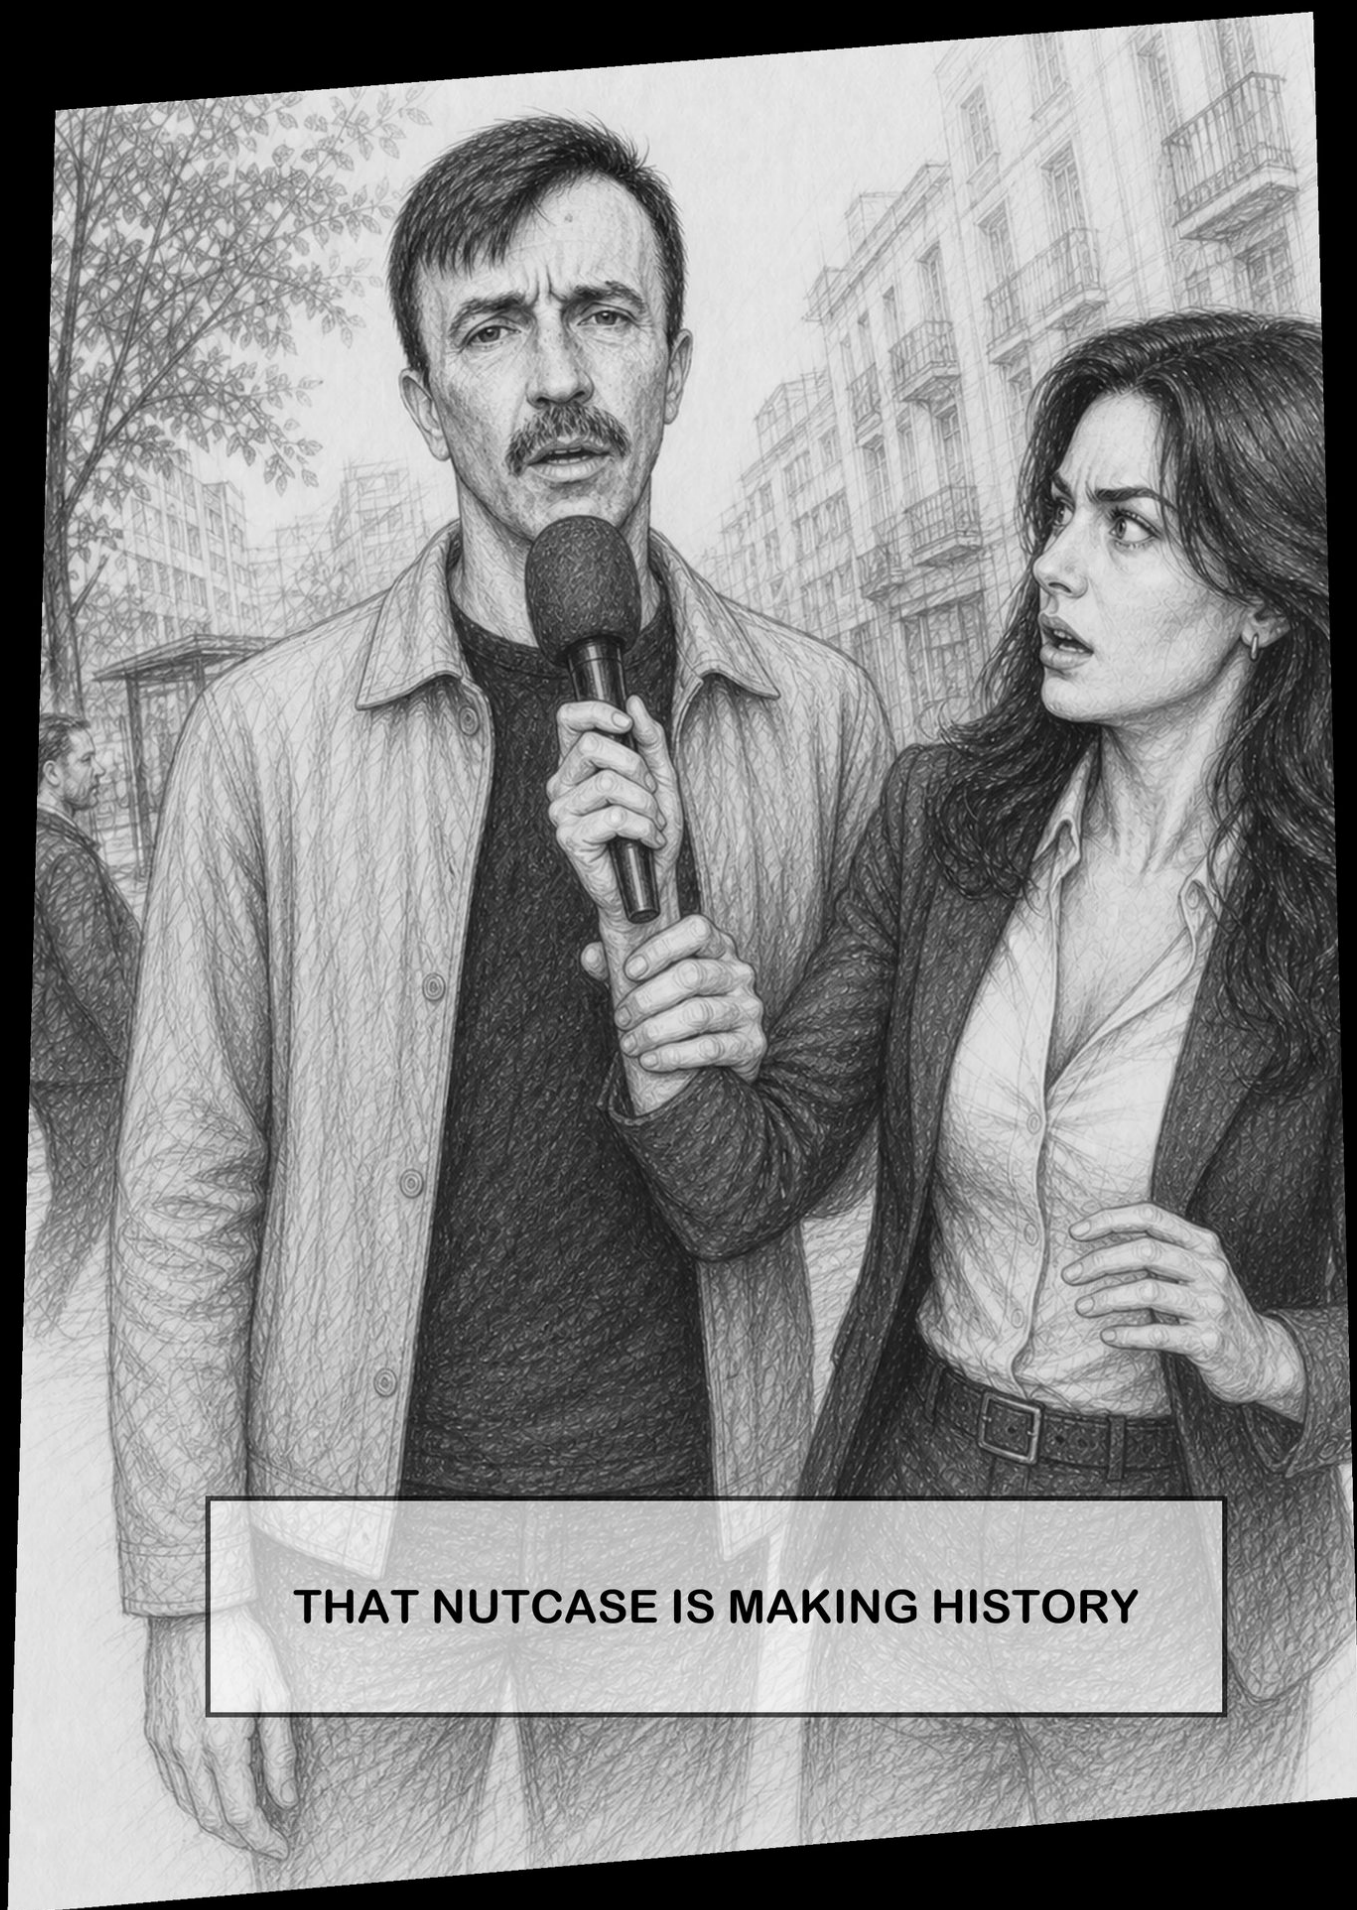

OR IT COULD HAVE A SYMBOLIC MEANING

NAH

SHE'S JUST A NUTCASE.

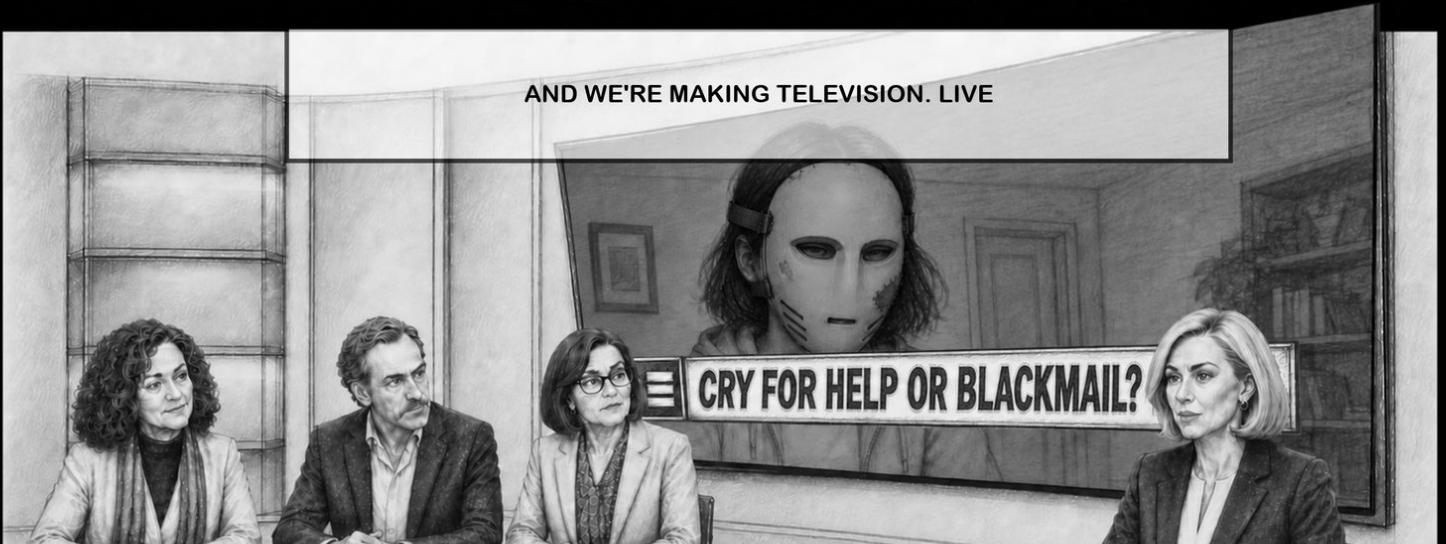

THAT NUTCASE IS MAKING HISTORY

WHAT DO YOU WANT?

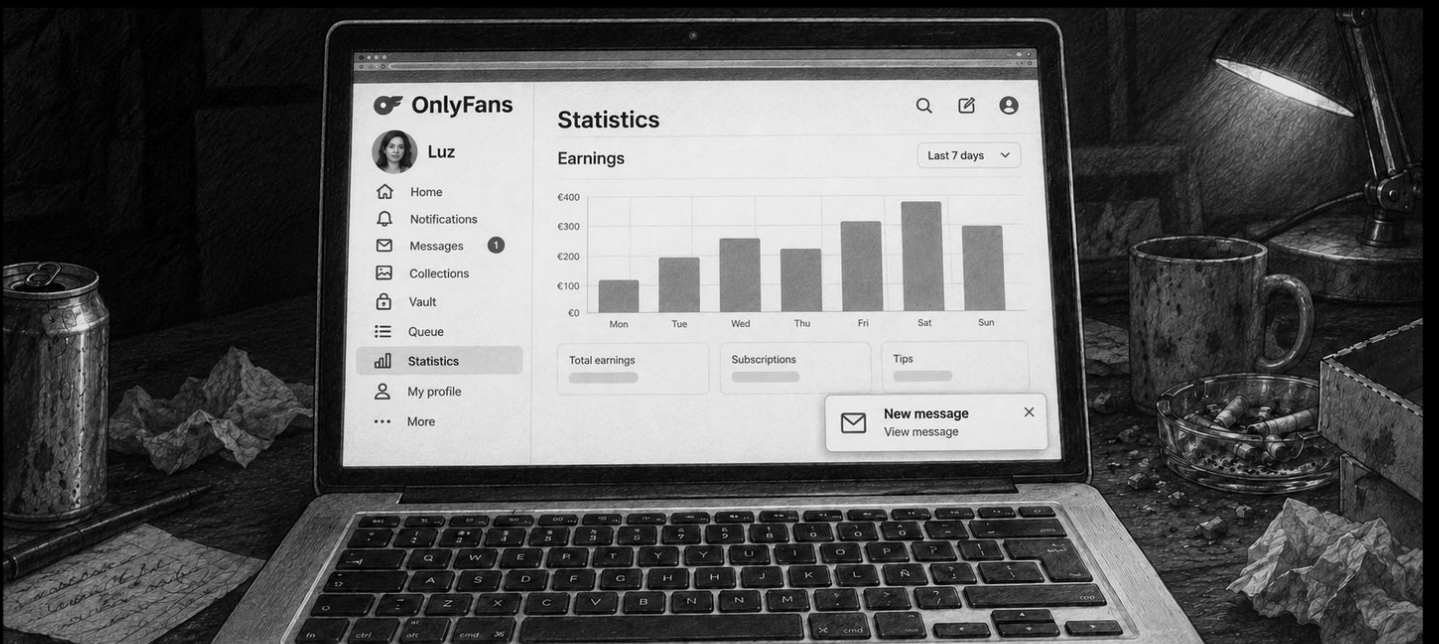

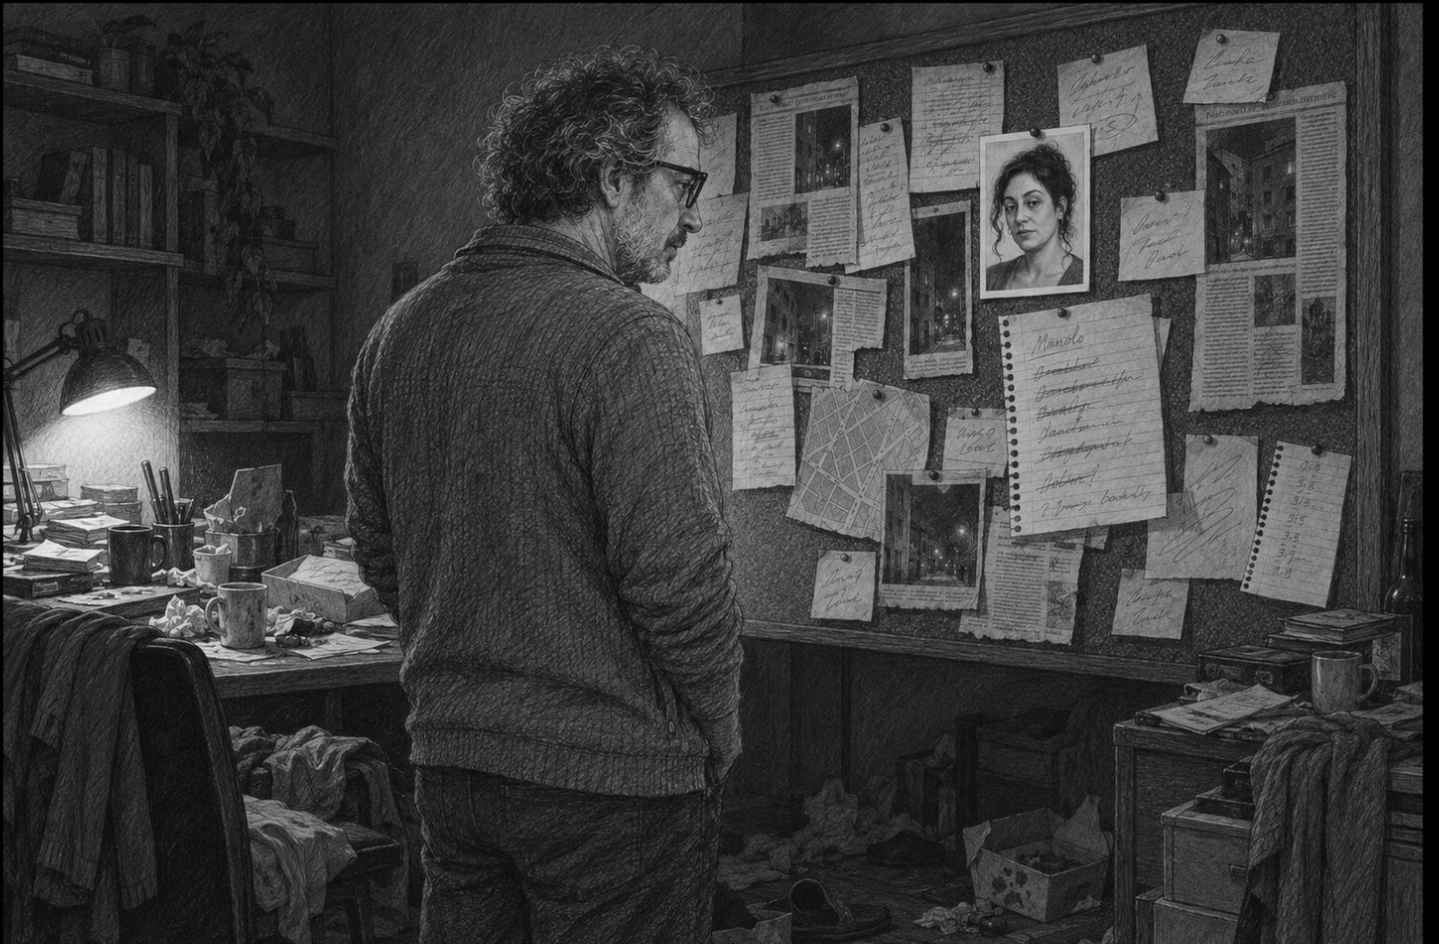

THE EXCLUSIVE.

WHEN YOU FIND HER, MY CAMERAS AND MICROPHONES WILL BE
THE ONLY ONES THERE

WHETHER SHE'S ALIVE OR DEAD.

DEAL.

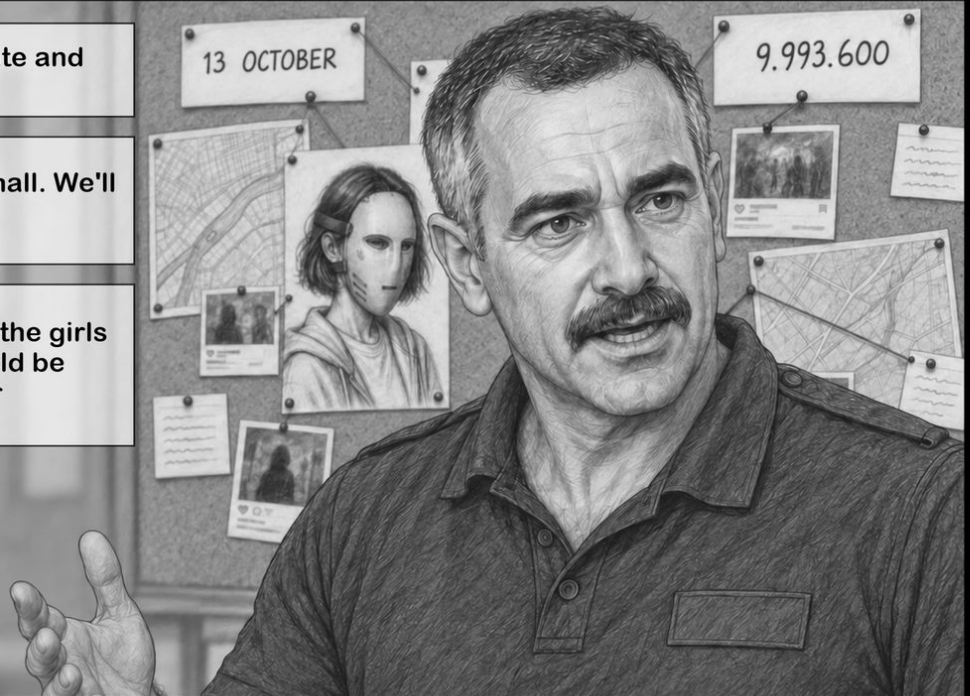

We're at a dead end. The date and number are random

From now on, no lead is too small. We'll follow every thread

Investigate every call. One of the girls claiming to be comotú could be comotú... or know her

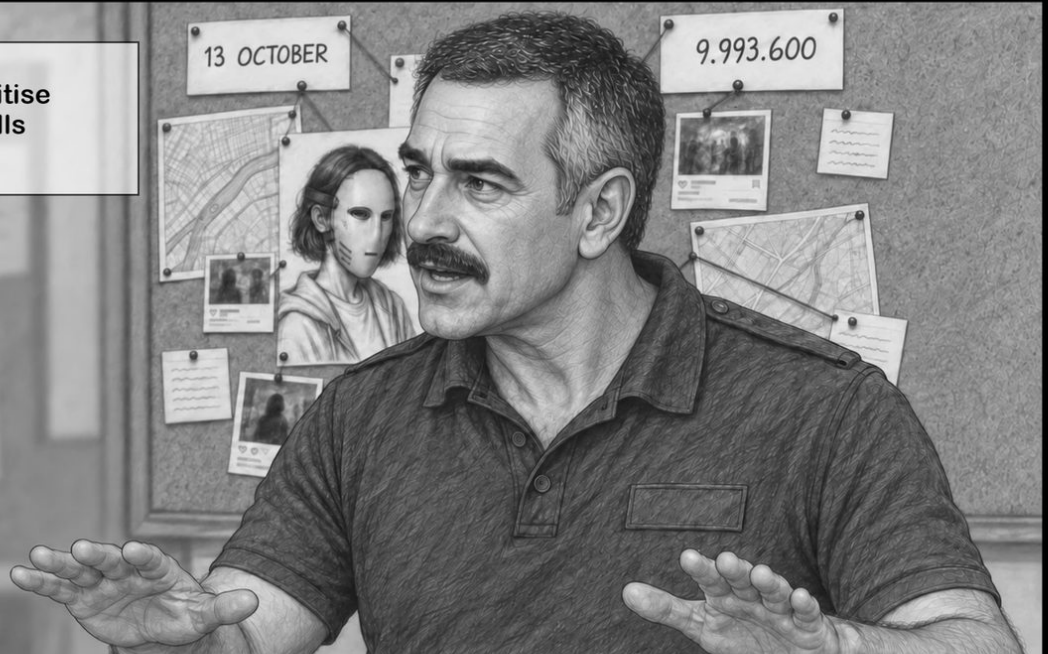

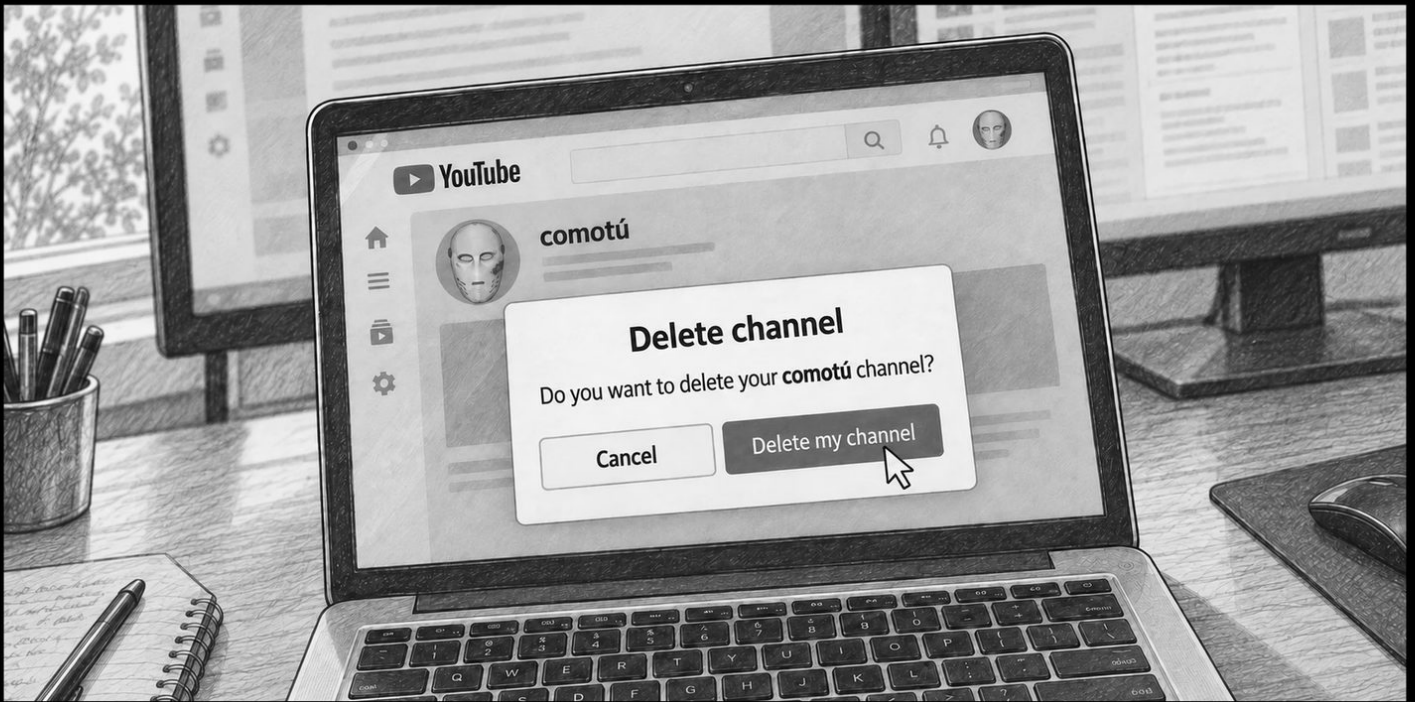

Every call?

What a waste of time

Use your instincts. Prioritise the most promising calls

I trust you

What now?

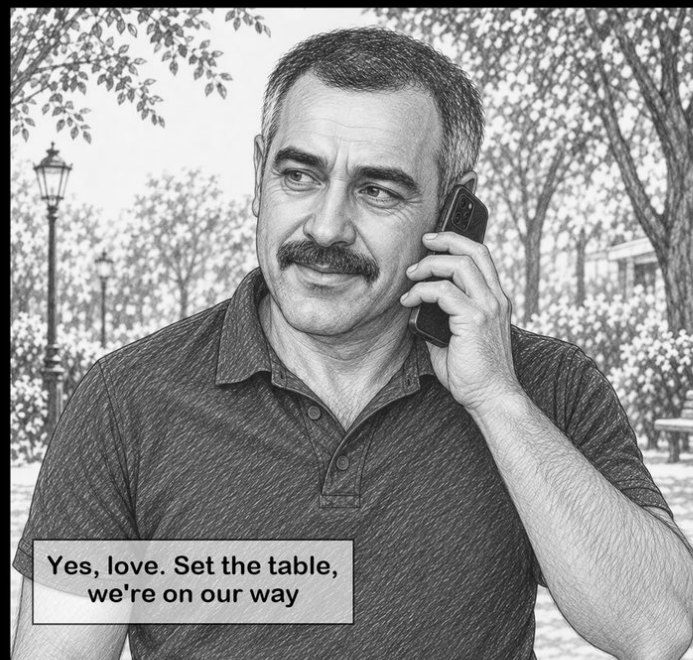

It's all under control.
Don't worry

Thanks, Dad

Riiing...

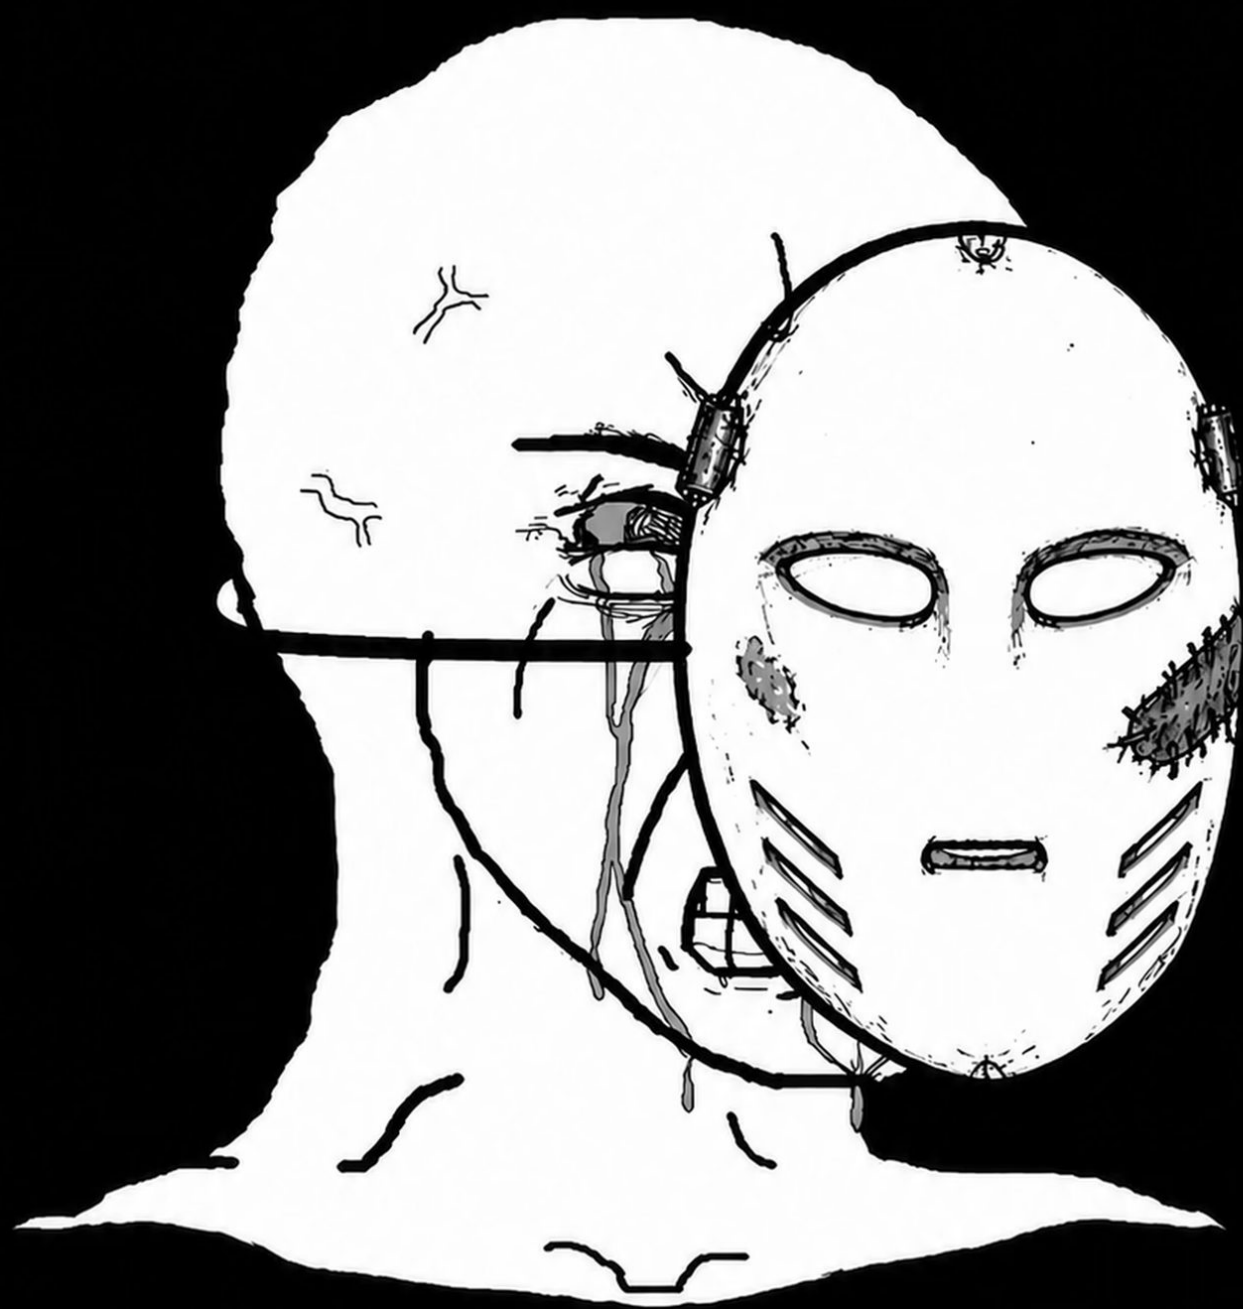

Yes, love. Set the table,
we're on our way

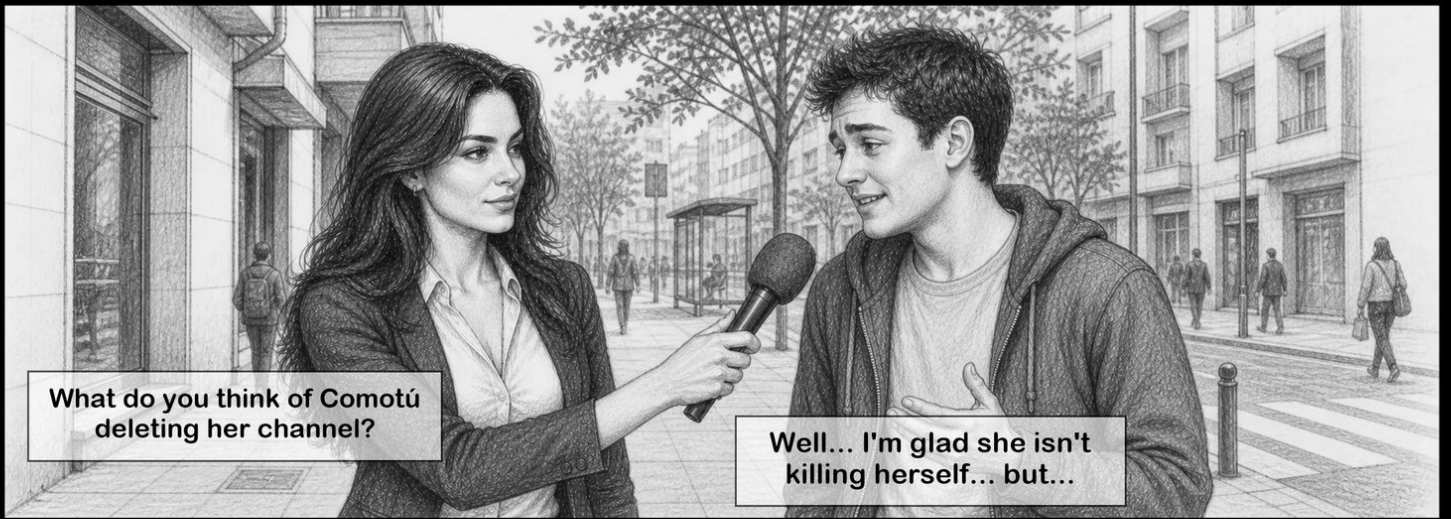

Part II

Meme

She'll reopen it. Just watch

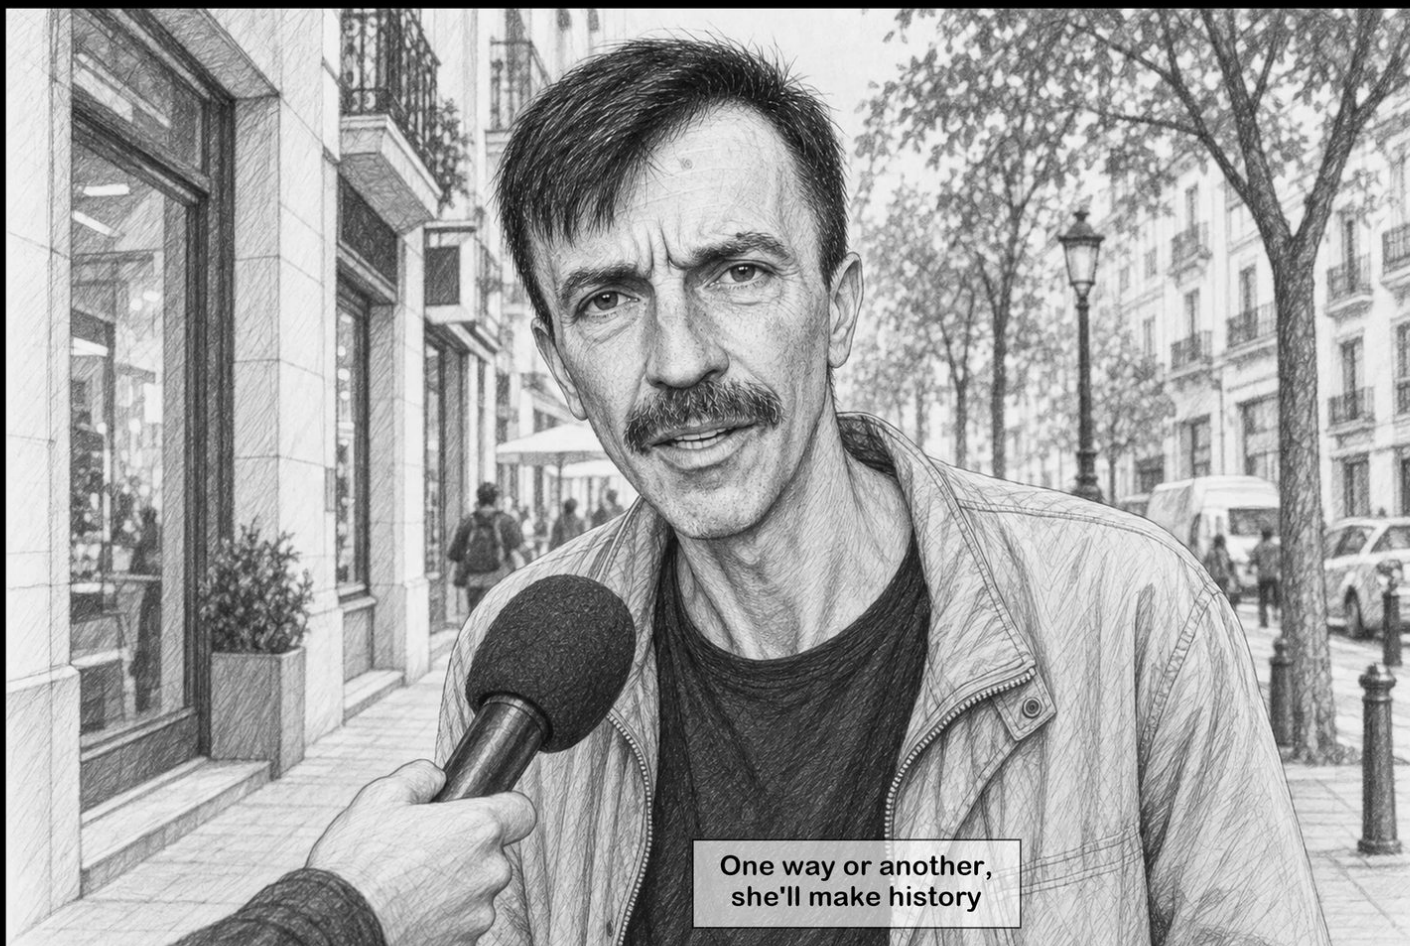

Has anyone actually spoken to her? Do we know if she's OK?

The one in the mask?
Is that still going on?

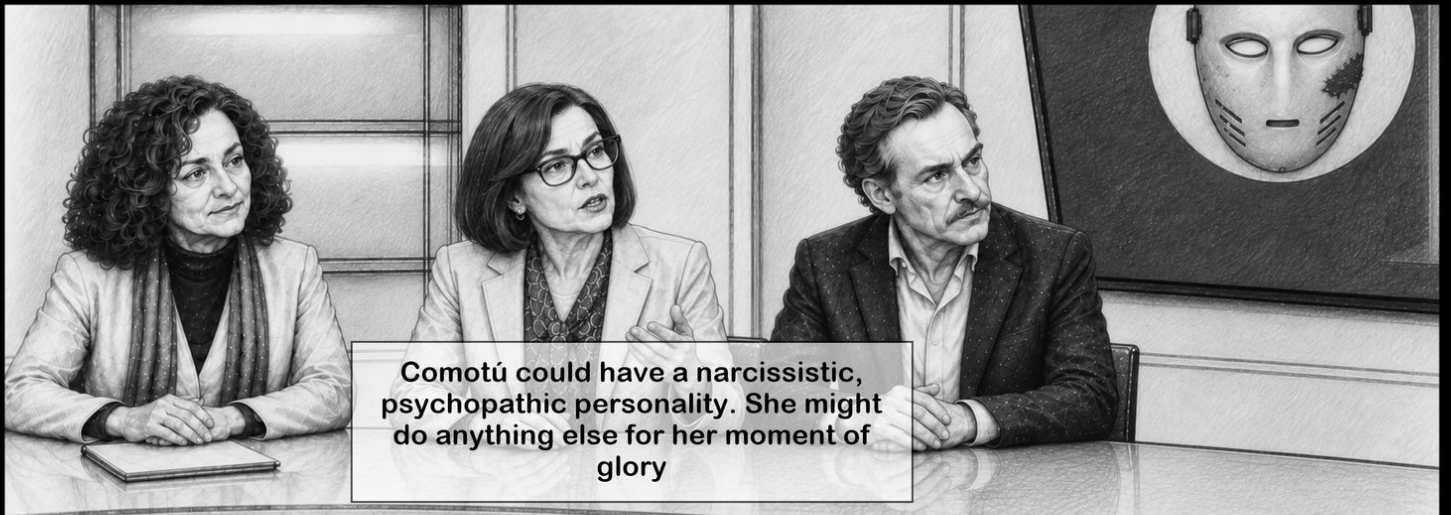

I stood up for her. She
could at least say goodbye

One way or another,
she'll make history

You've seen it. People are upset, confused, angry. Does the story end here, or are there more surprises in store?

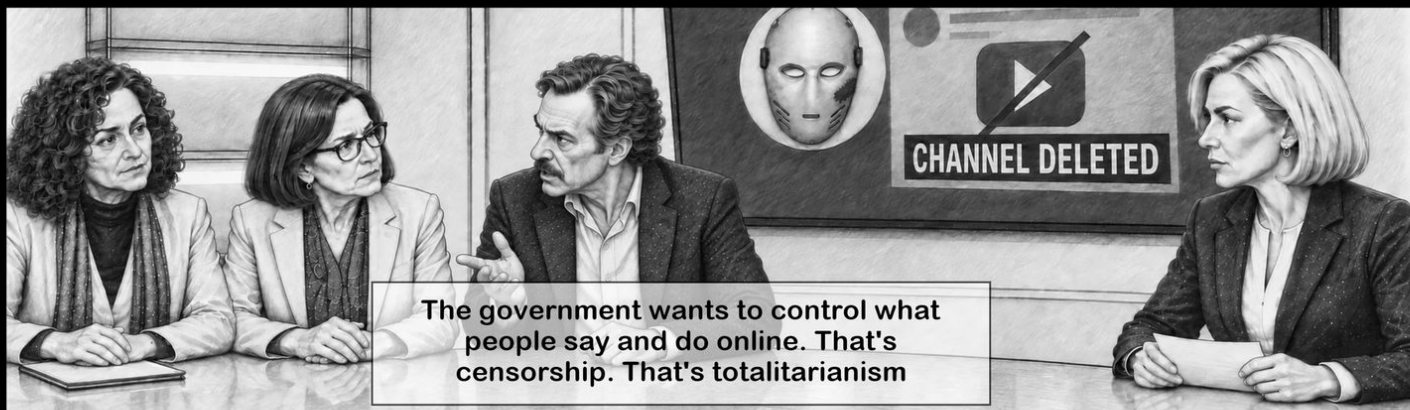

Comotú could have a narcissistic, psychopathic personality. She might do anything else for her moment of glory

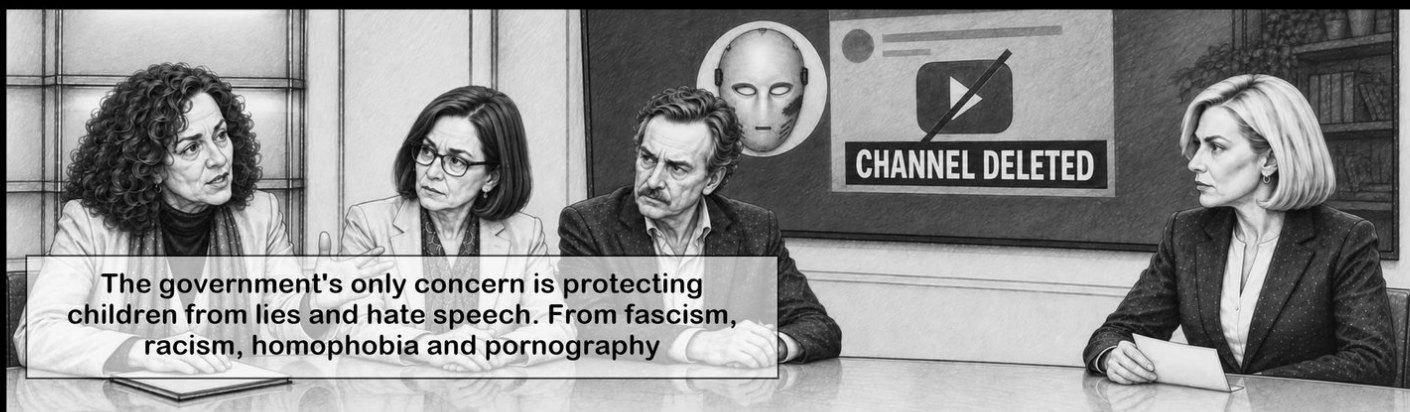

Quite the opposite. She deleted her channel as soon as she saw the impact of her joke

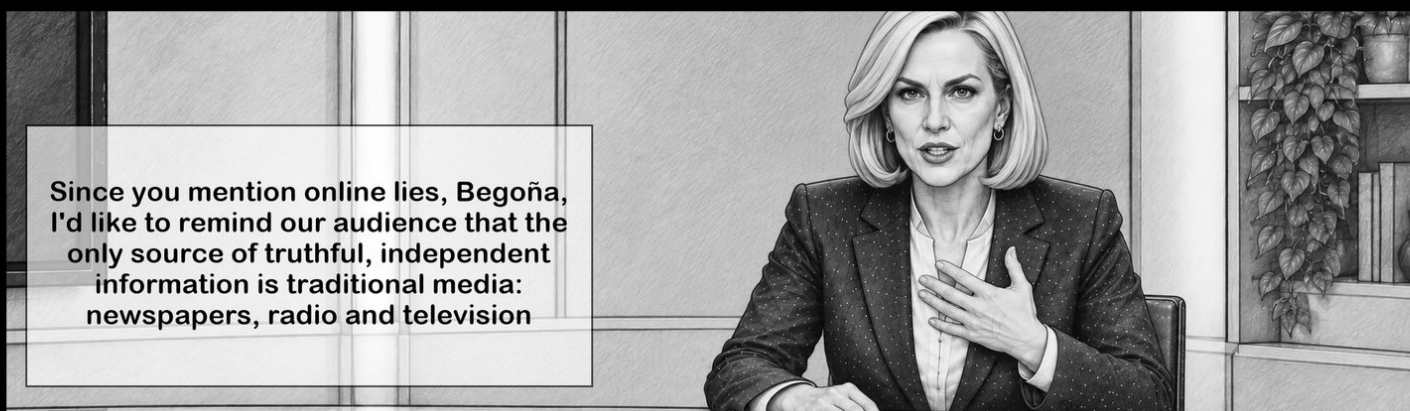

I do expect more cases. It's not young people's fault. It's the platforms' algorithms. We need to regulate access to social media

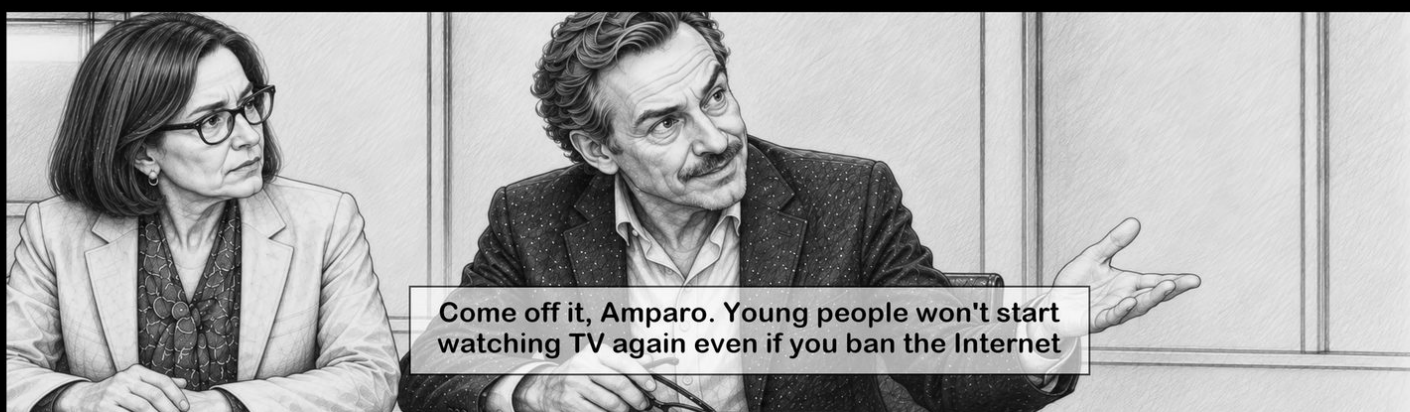

The government wants to control what people say and do online. That's censorship. That's totalitarianism

The government's only concern is protecting children from lies and hate speech. From fascism, racism, homophobia and pornography

Since you mention online lies, Begoña, I'd like to remind our audience that the only source of truthful, independent information is traditional media: newspapers, radio and television

Come off it, Amparo. Young people won't start watching TV again even if you ban the Internet

A minute of adverts. We'll be right back

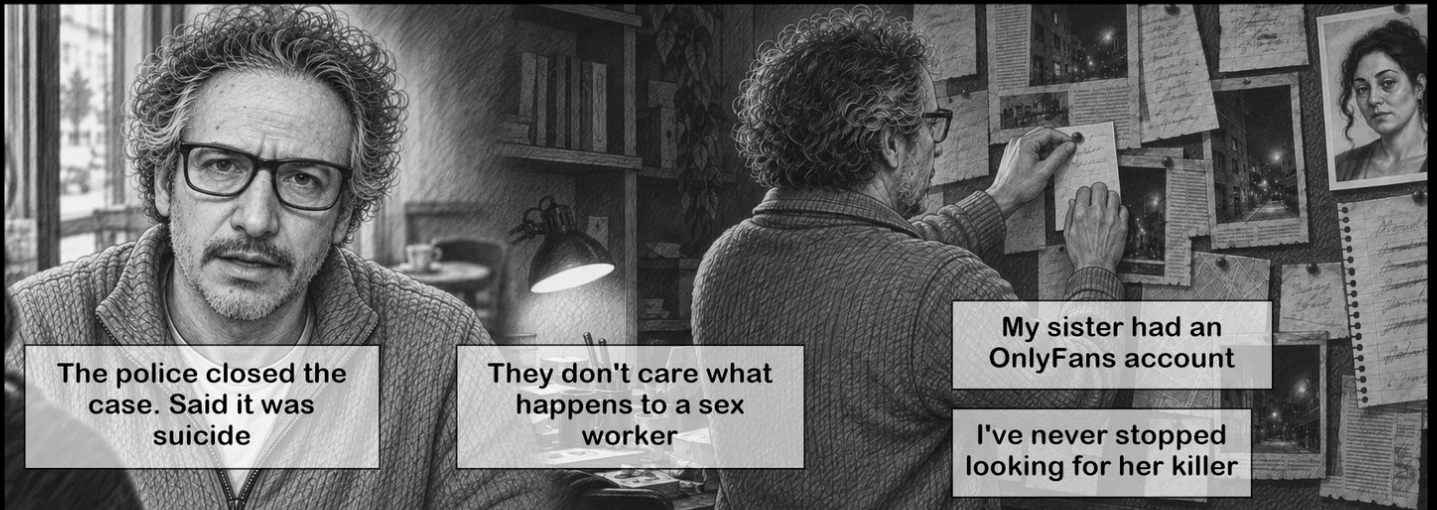

I worked at Teléfono de la Esperanza

One day my sister called me at work. She was terrified

I told her to leave me alone. That night they killed her.

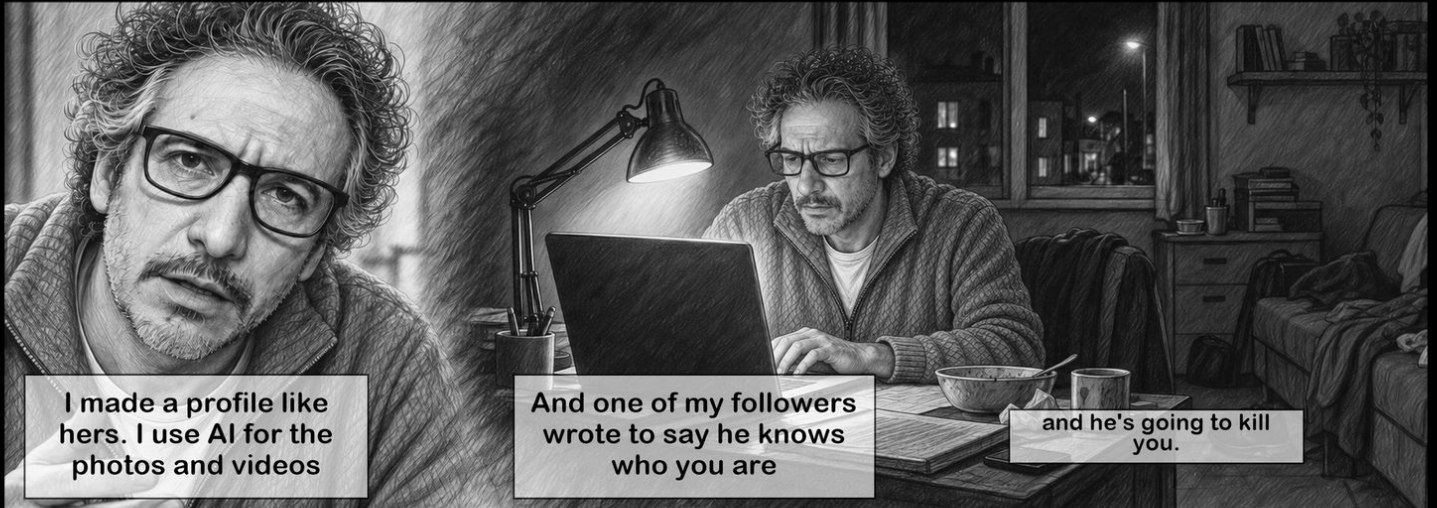

The police closed the case. Said it was suicide

They don't care what happens to a sex worker

My sister had an OnlyFans account

I've never stopped looking for her killer

I made a profile like hers. I use AI for the photos and videos

And one of my followers wrote to say he knows who you are

and he's going to kill you.

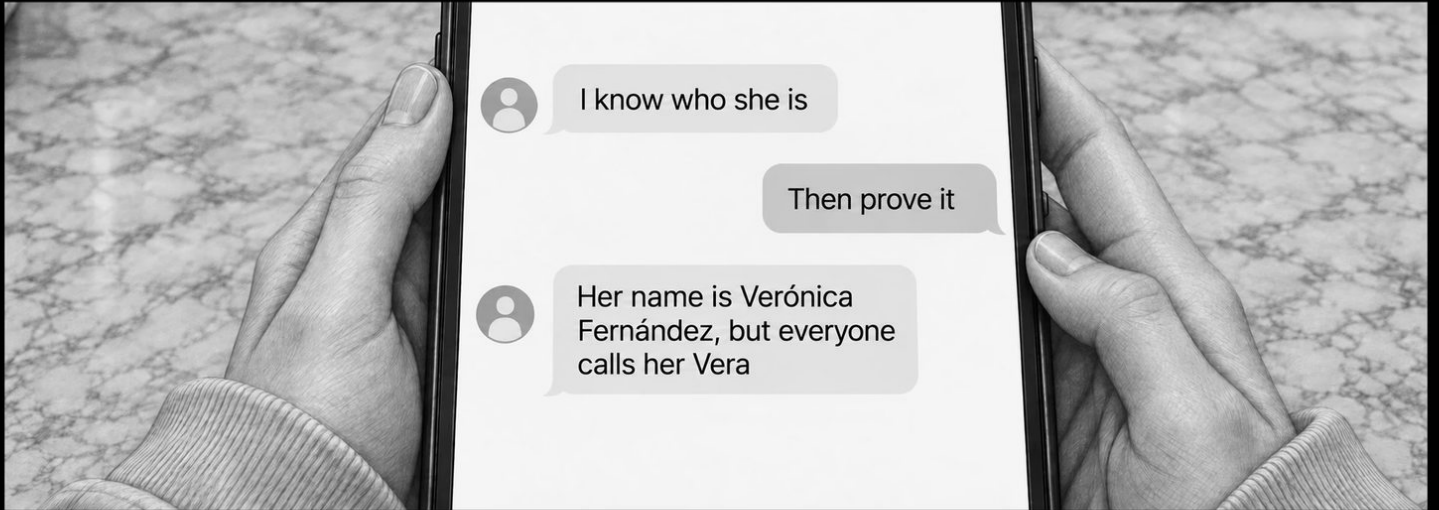

I think he's Marta's killer

I don't think he's joking or shooting his mouth off

What did he write?

I know who she is

Then prove it

Her name is Verónica
Fernández, but everyone
calls her Vera

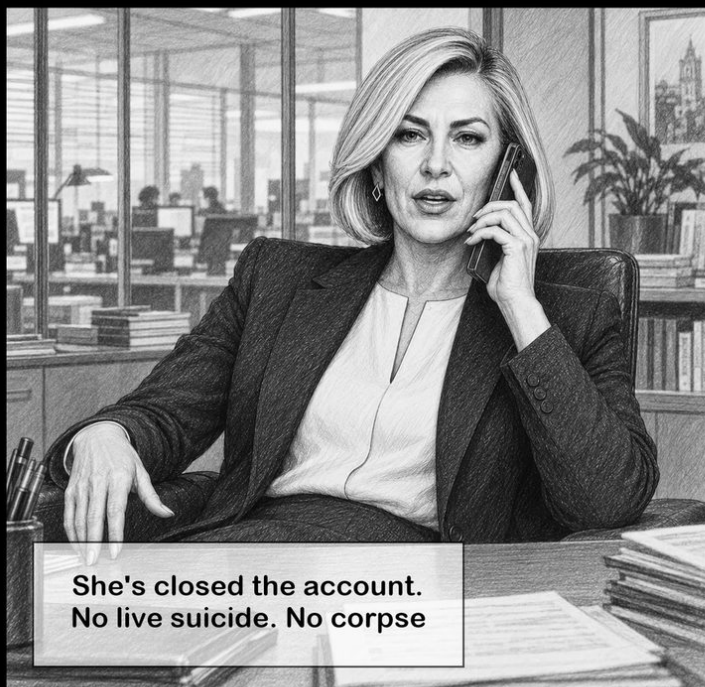

'She thinks she can
promise anything and
then back out'

'And what do you want?'

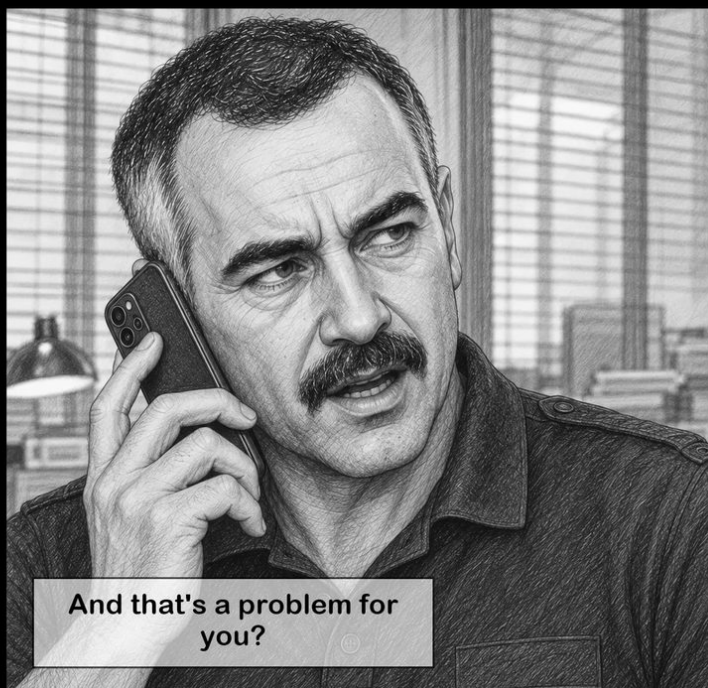

'For her to see it through.
One way or another.'

We had a deal

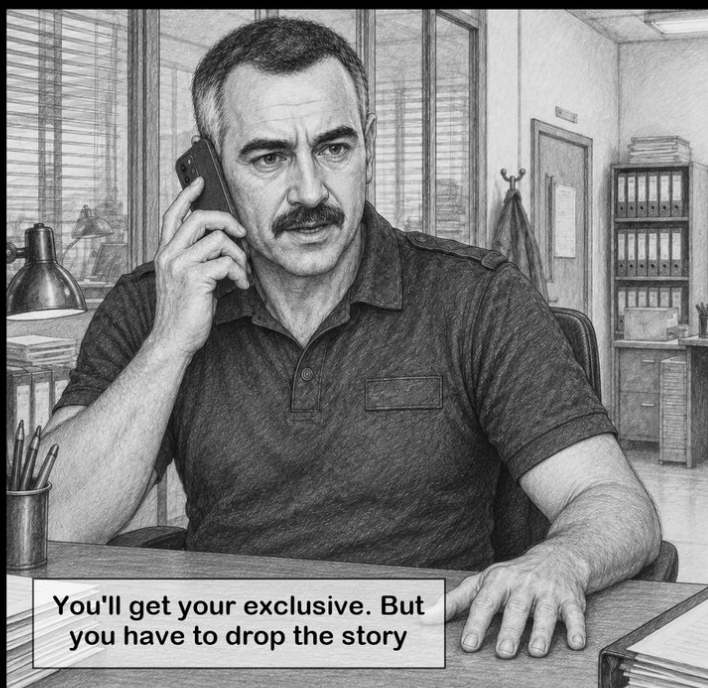

She's closed the account.
No live suicide. No corpse

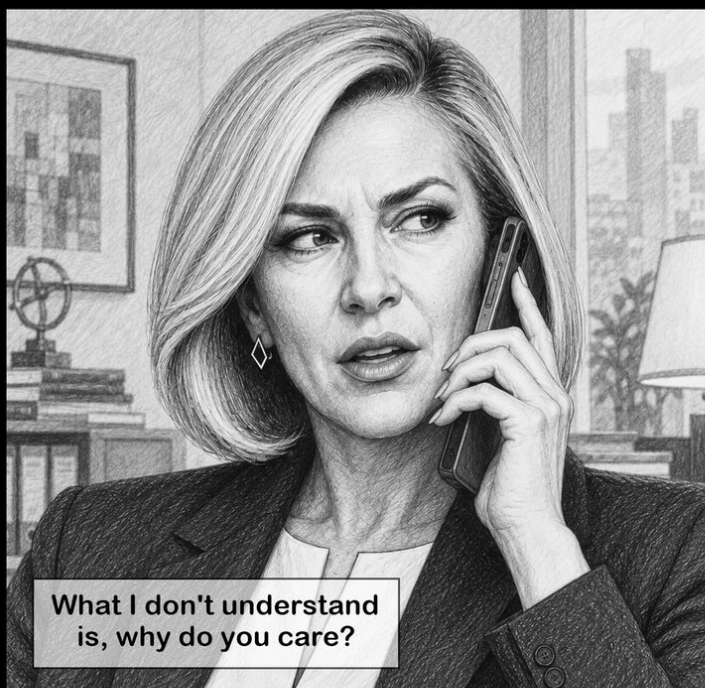

And that's a problem for
you?

No exclusive, no deal

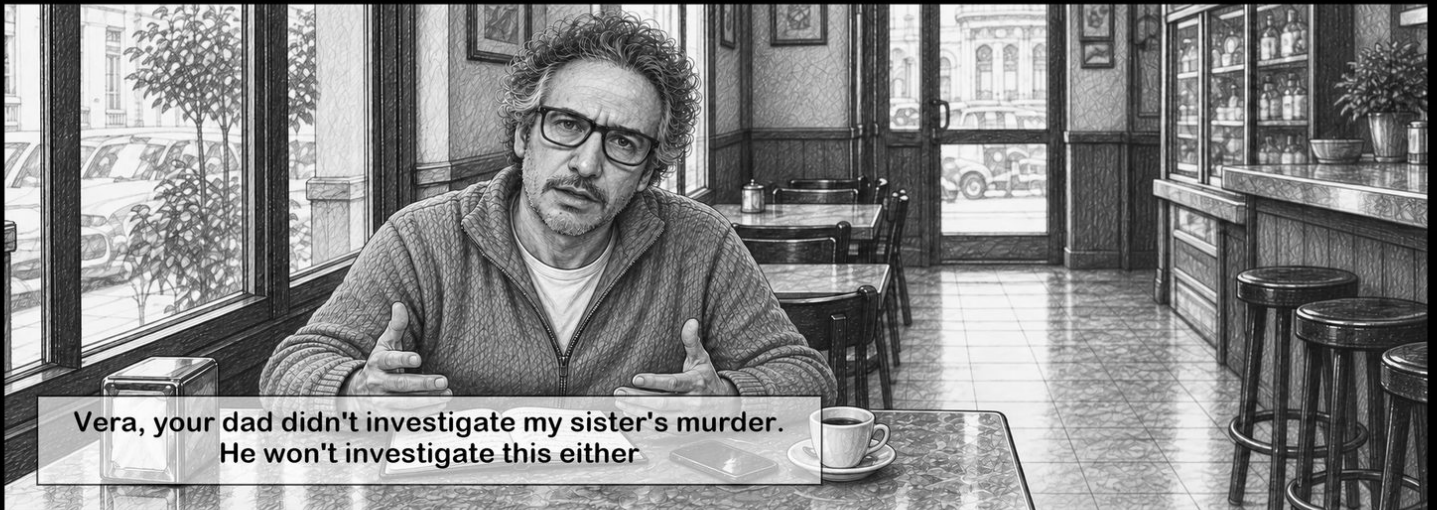

You'll get your exclusive. But
you have to drop the story

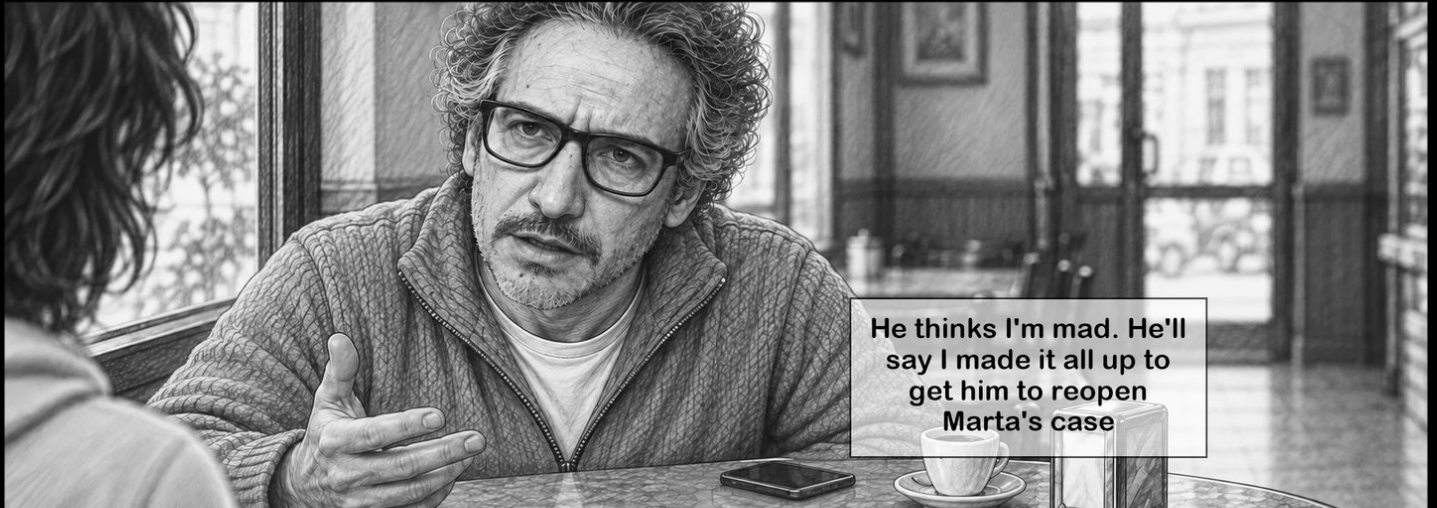

What I don't understand
is, why do you care?

Dad's line is busy

Vera, your dad didn't investigate my sister's murder.
He won't investigate this either

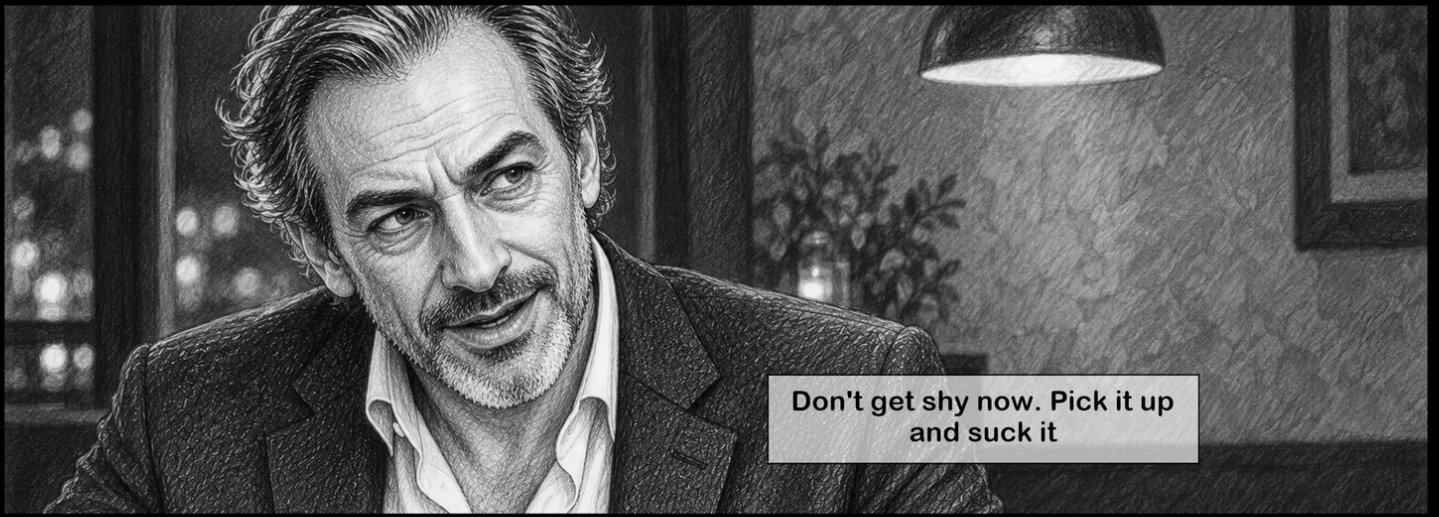

He thinks I'm mad. He'll
say I made it all up to
get him to reopen
Marta's case

What can we do, then?

Set a trap for him

Don't get shy now. Pick it up
and suck it

You just want it dripping
down my chin

I love the way you play
with words

I want you on my team

We're already a team, Julián

The best

We've got...

...chemistry

We're the Pimpinela
duo of politics

How old are you, Julián? My
gran liked Pimpinela

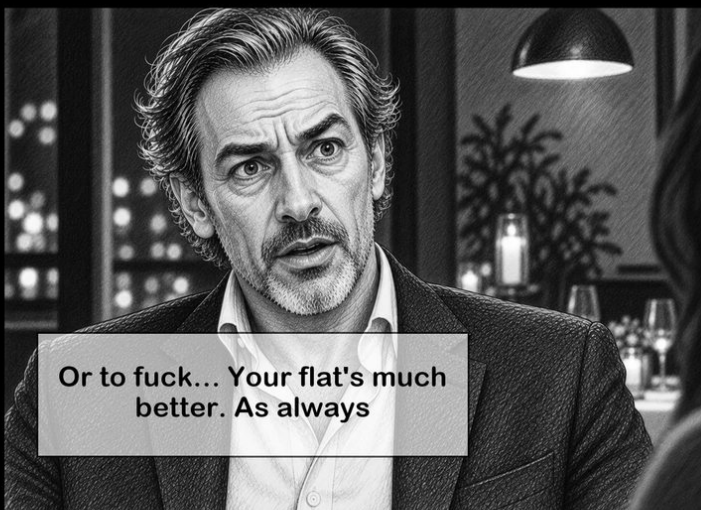

Exactly, Bego.
That's what I'm
trying to tell you

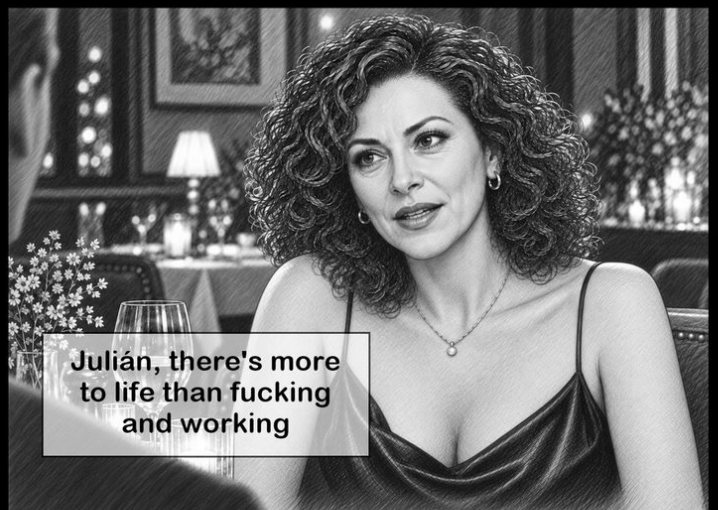

I'm starting an online
project. I want you on my
team

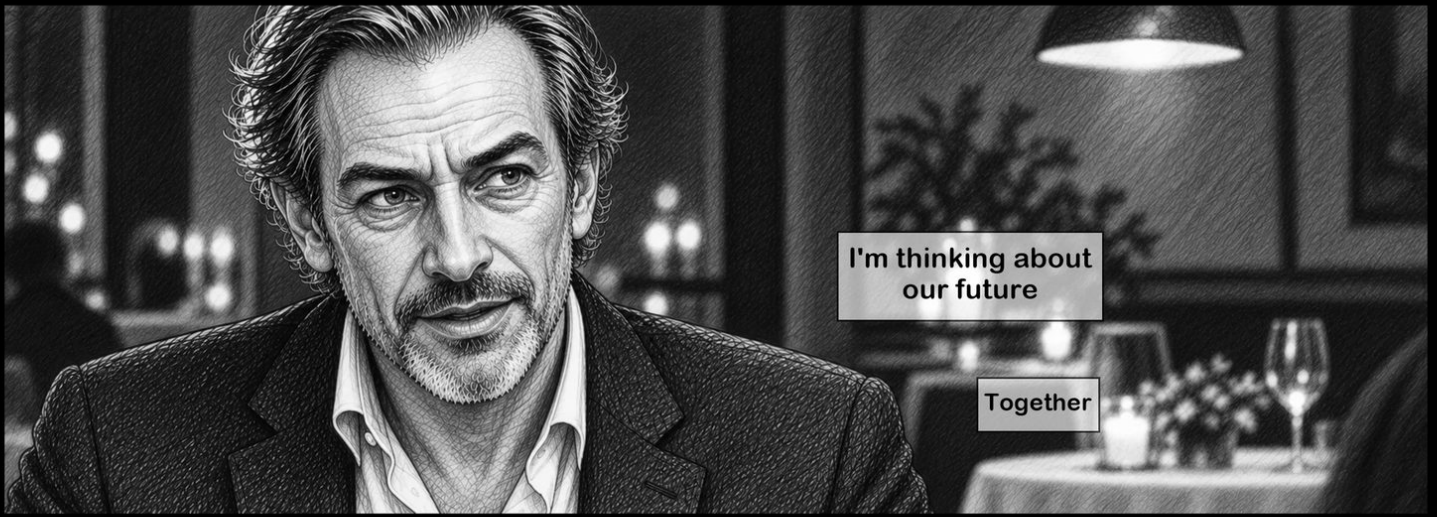

For fuck's sake, Julián. You
didn't need to take me to dinner
to talk about work

Or to fuck... Your flat's much
better. As always

Julián, there's more
to life than fucking
and working

I'm thinking about
our future

Together

Sorry, Julián. Tell me about
our project

To move online, we need
viral clips

I don't
know...

You could slap me live on
air, for example

Don't tempt me

You want a viral clip?

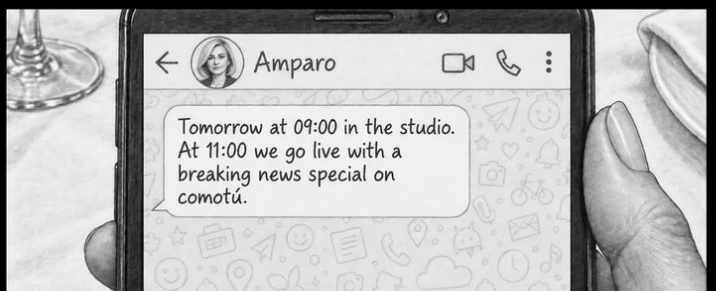

Announce you're
leaving your wife

And admit you're
fucking someone else

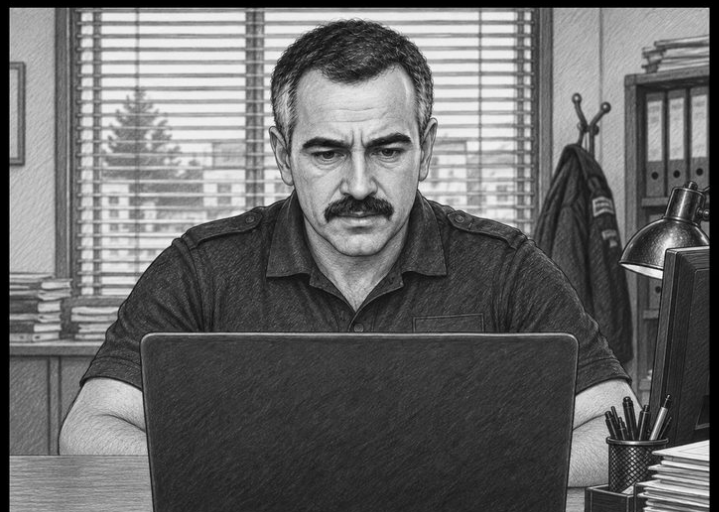

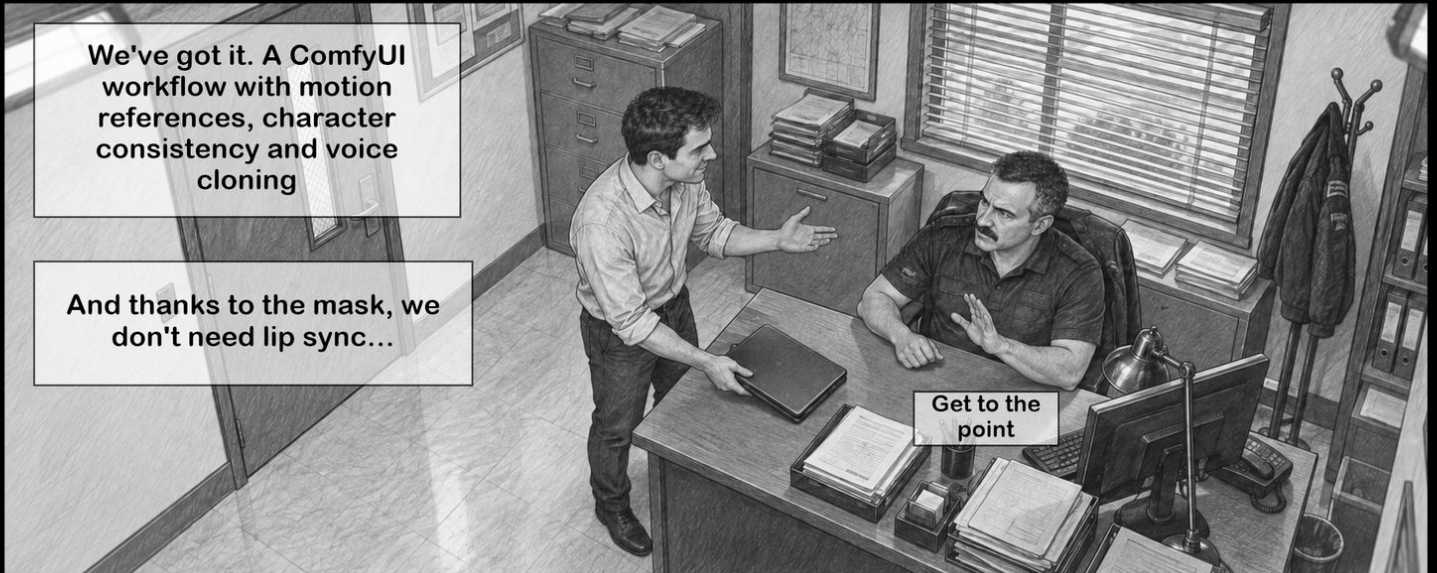

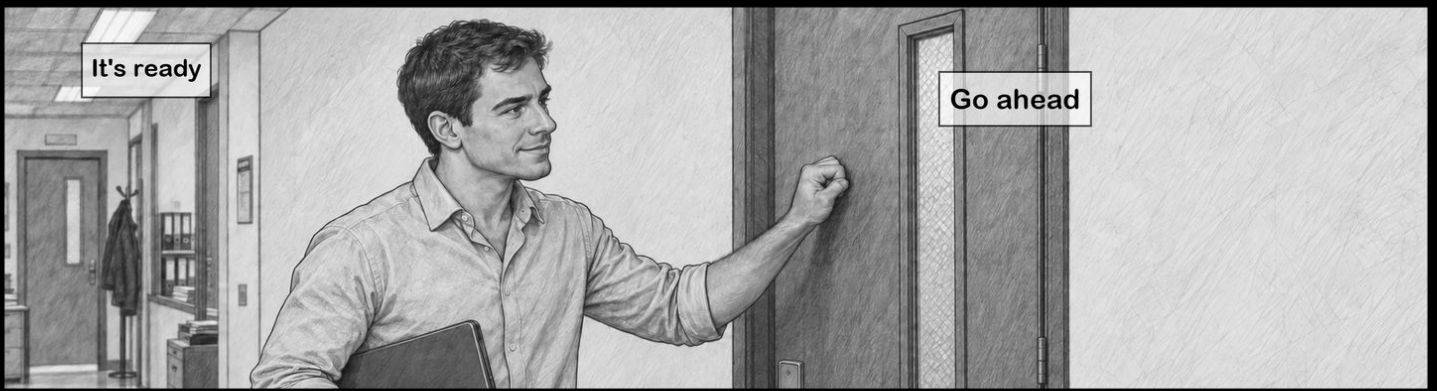

Amparo... That
would go more
viral

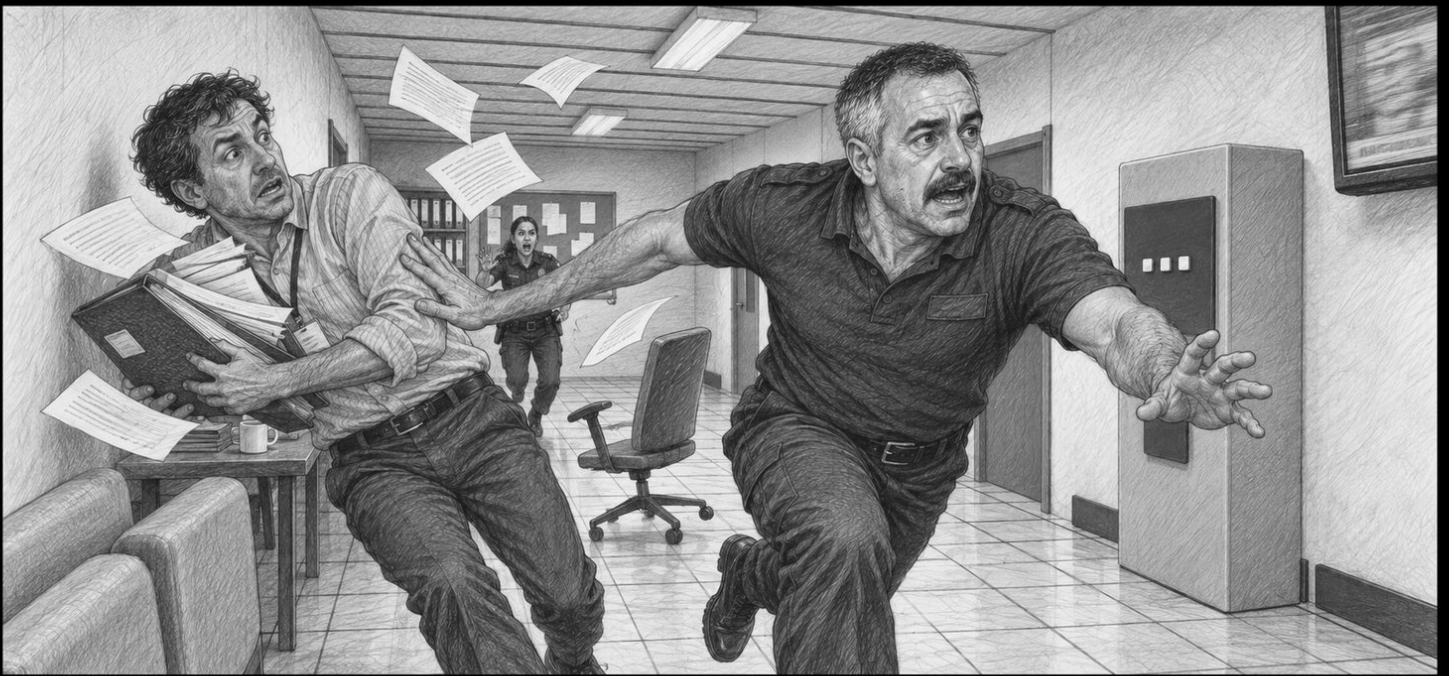

PING!

breaking news special on
comotú.

Do you know how many people are following your every move?

I feel awful. I want to apologise to everyone

I've received so much love from people like you

And what's changed?

A lot of people want to help you

I've also been getting a lot of hate since I closed the channel

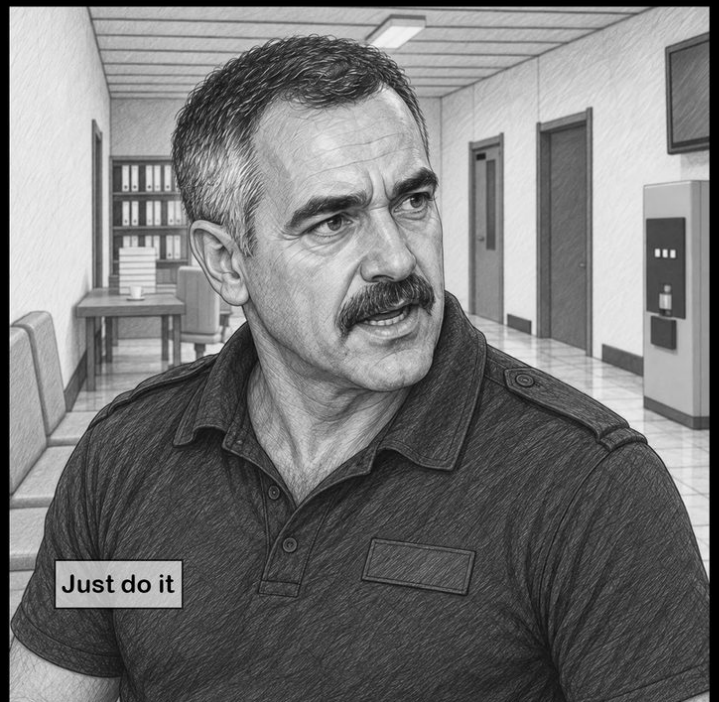

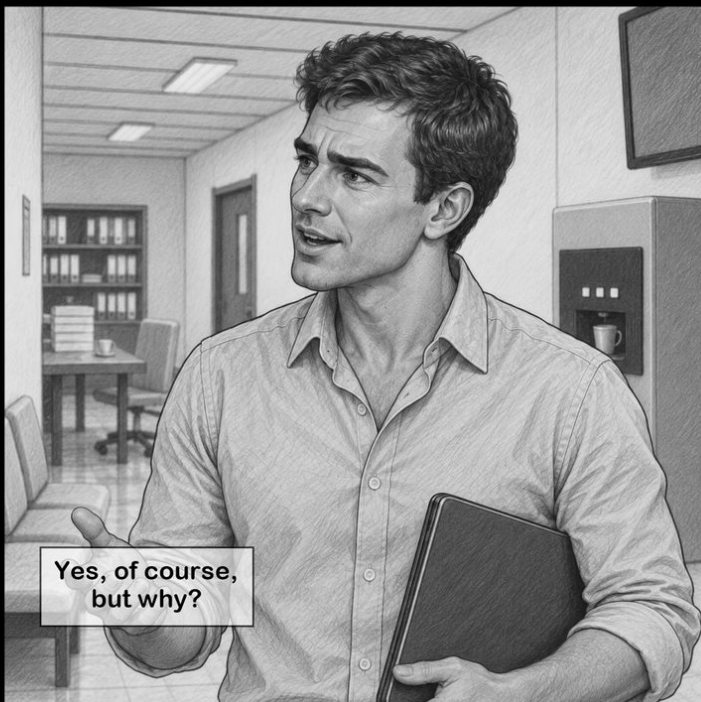

They don't hate you. They hate your mask

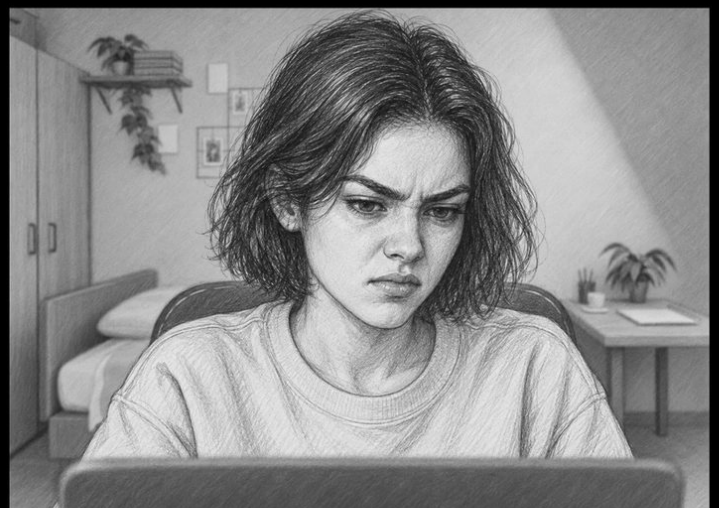

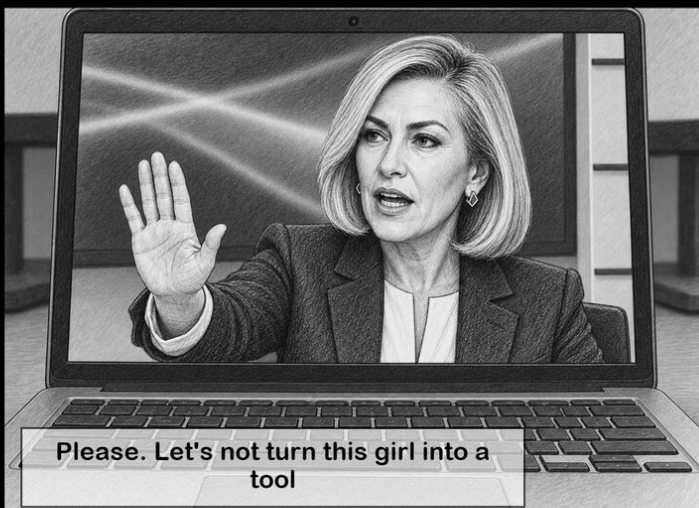

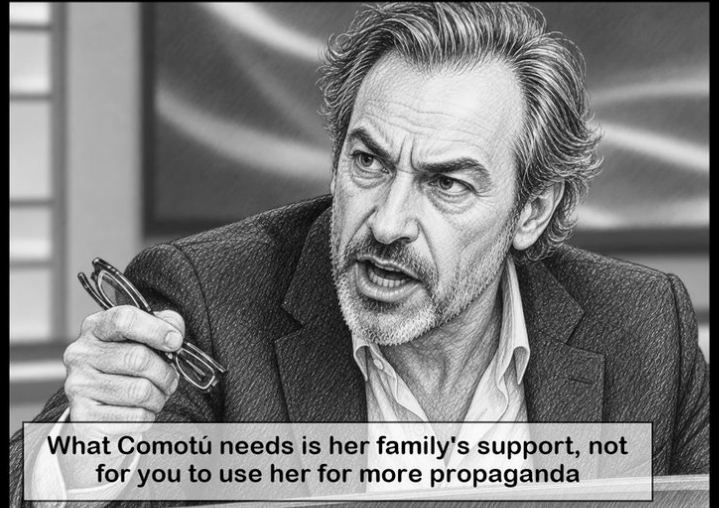

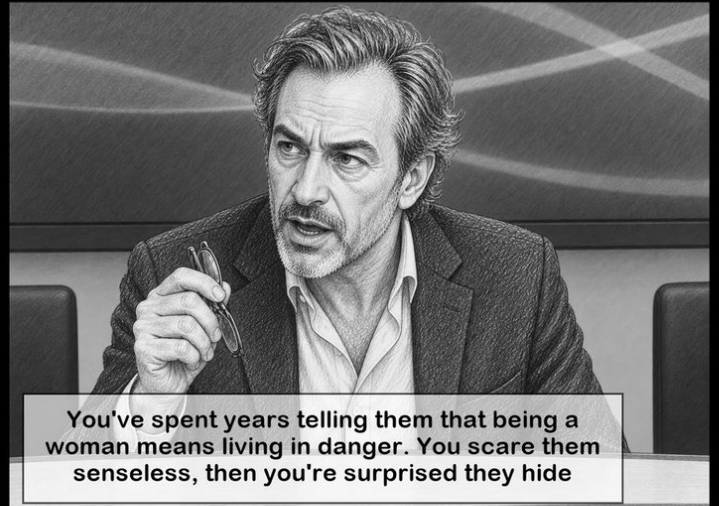

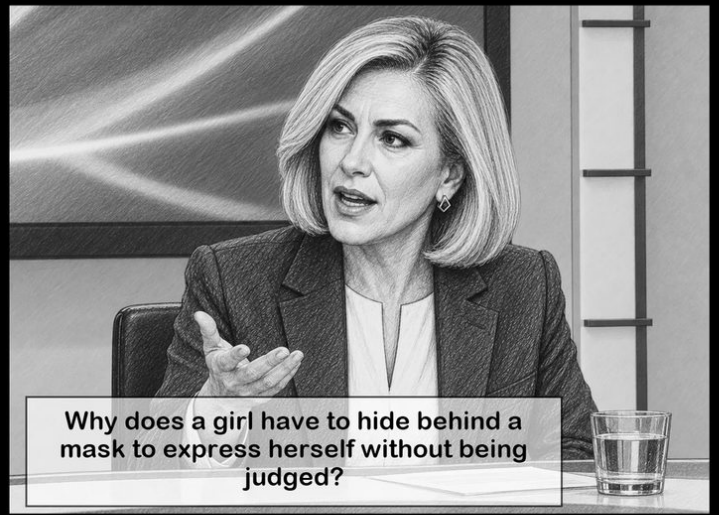

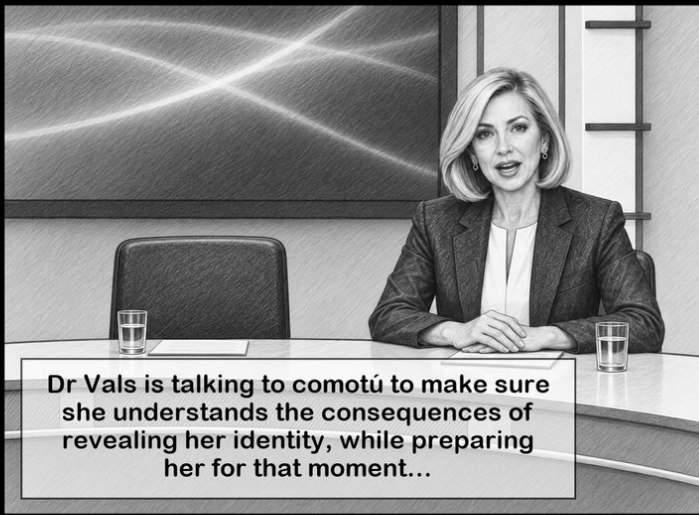

You're very brave

Marta, soon you'll be able to rest

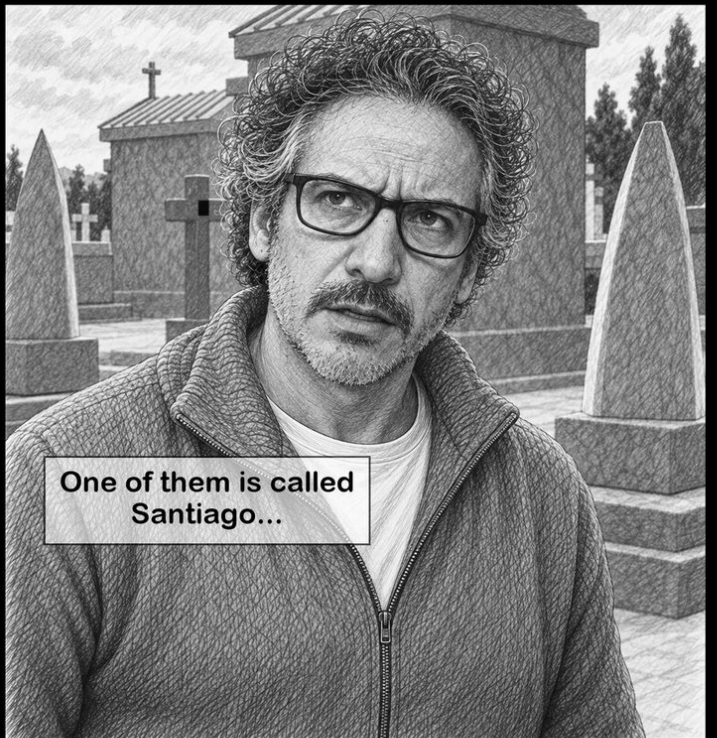

Vera gave me a list of old friends who might have recognised her despite the mask

MARTA
CARRASCO
1984 - 2020

RAFA
SOLI
1929 - 20

And might... hold a grudge

One of them is called Santiago...

Santiago Robles, the DJ, used to date a friend of Vera's, and Vera helped him with Facebook. He broke up with his girlfriend because he fell in love with Vera, but she blocked him and left him devastated

Daniel was her boyfriend. All he wanted was to play video games and stream. Vera left him, and soon his Twitch blew up. He called her to come back, but she refused and called him immature. He says she never believed in him, even after he made it

Irene and Bruno were Vera's university friends. They started a small copywriting business and spent a lot of time together. Irene tried to kiss Vera, but Vera turned her down, and Irene left

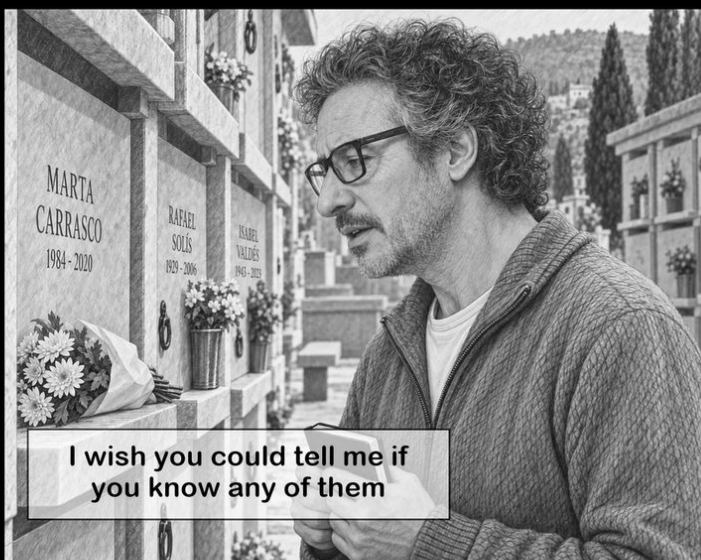

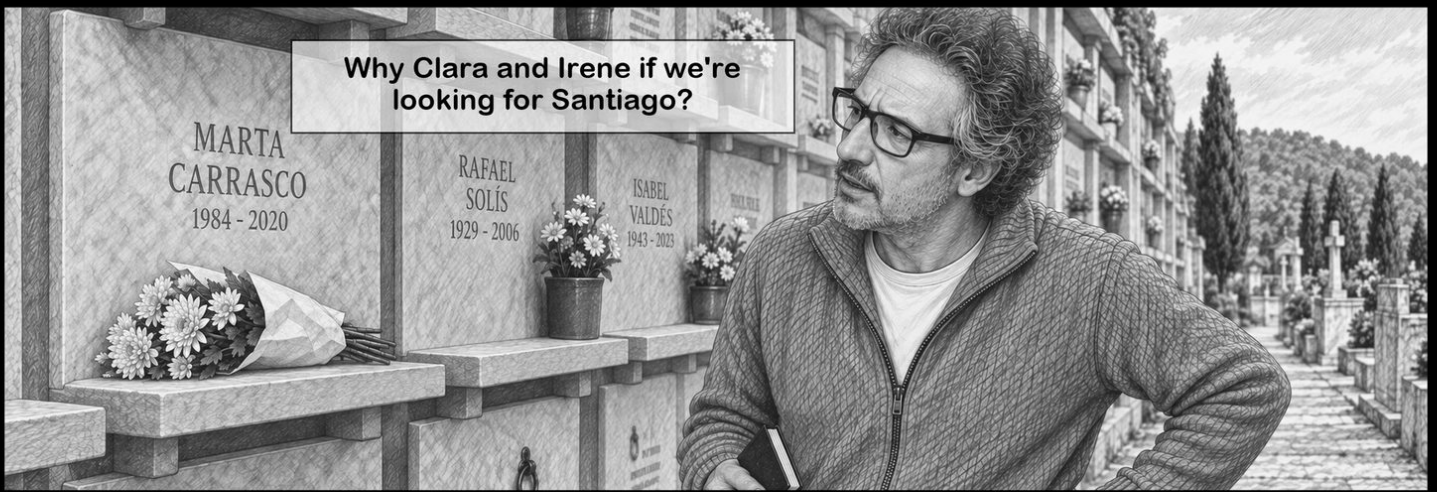

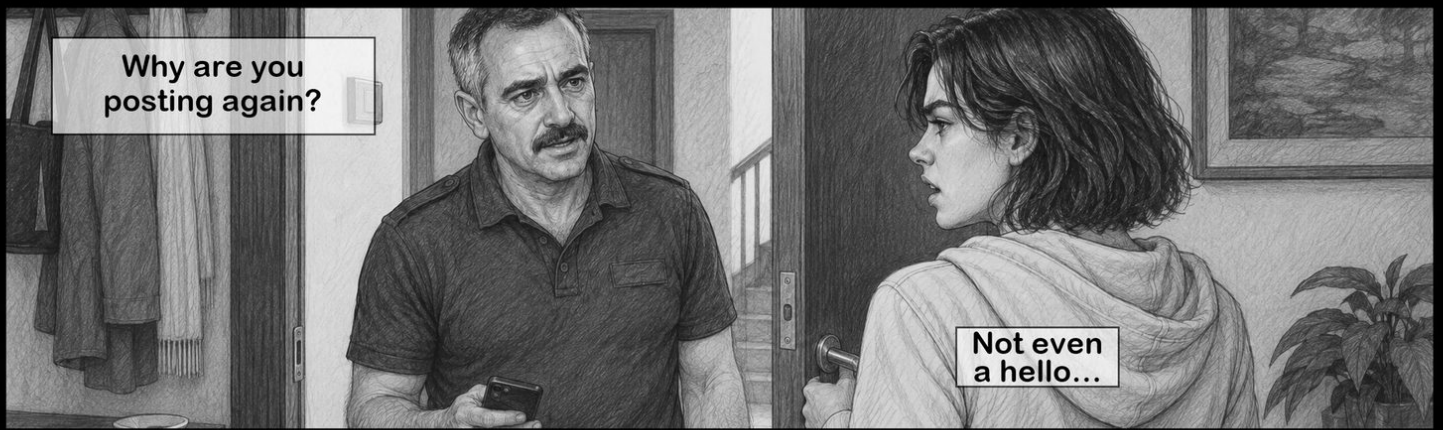

Bruno took the chance to go solo, taking all the clients. Without Vera, his business went under, and now he works as a bartender in a nightclub

Clara Belmonte hired Vera as an intern and sabotaged her chances of finding another job. Vera found out and wiped her computer. The whole thing

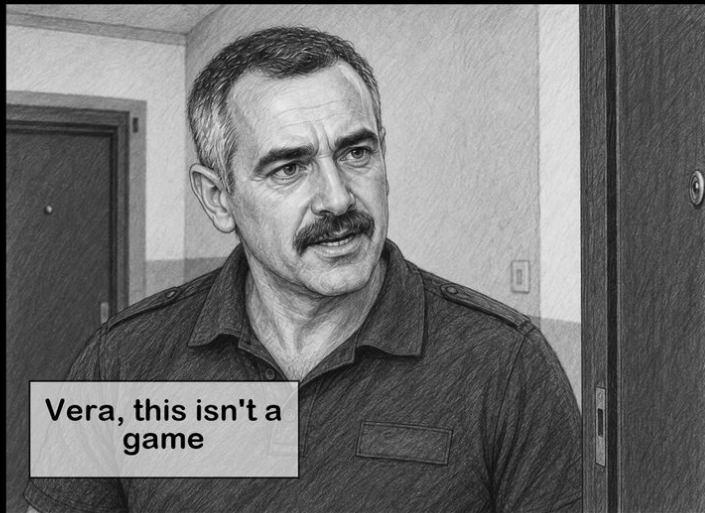

Why are you posting again?

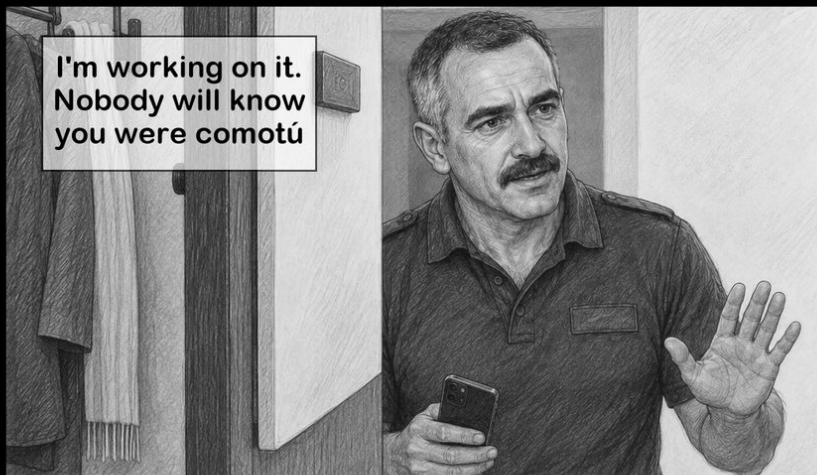

Not even a hello...

Vera, this isn't a game

You said you'd sort it out

I'm working on it. Nobody will know you were comotú

They already know.

How? Who? What have you done?

I don't know, Dad. You're the expert. Investigate

Part III

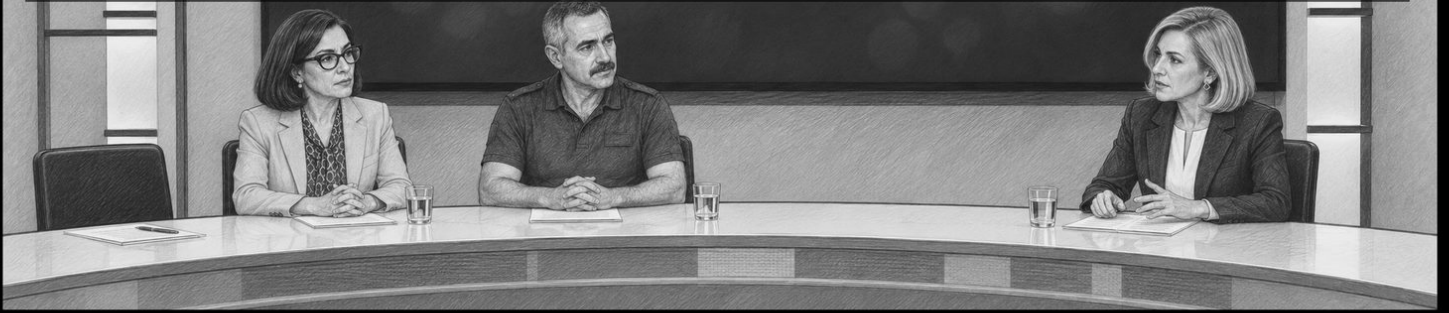

Challenge

We heard a father say his daughter will start streaming on the 13th. And all her friends will too. Doctor, could we be facing a mass suicide?

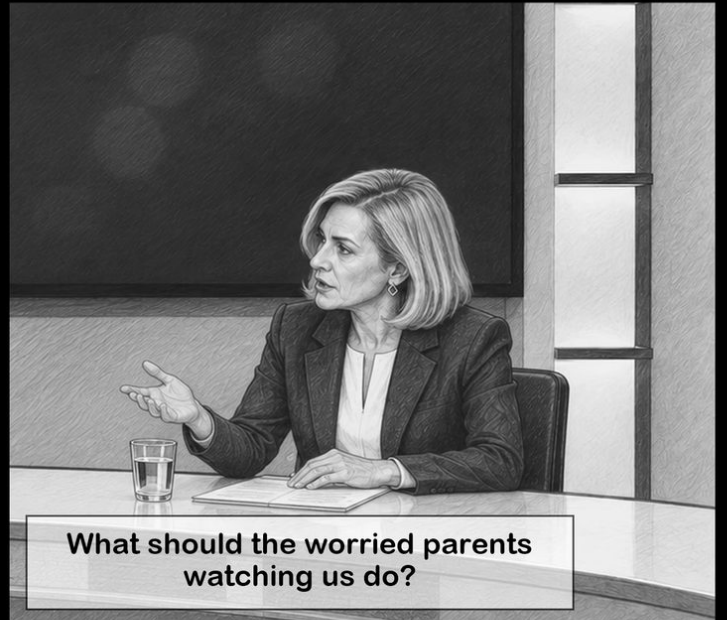

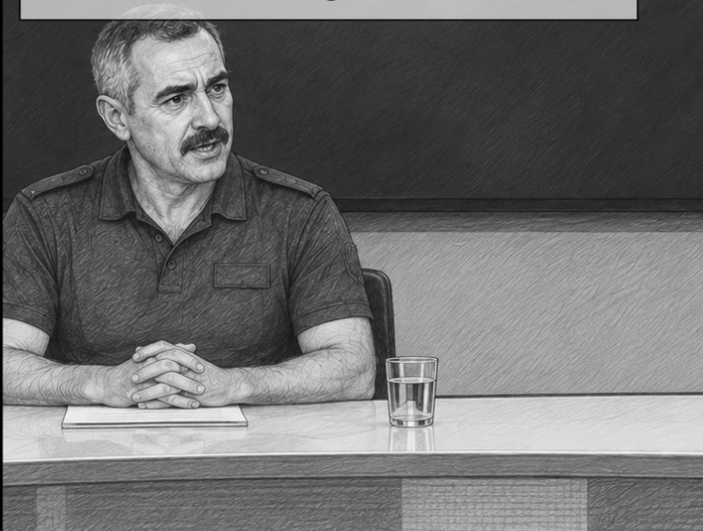

Teenage suicide rates have kept rising in recent decades. Combined with the contagion effect, that scenario deserves our attention

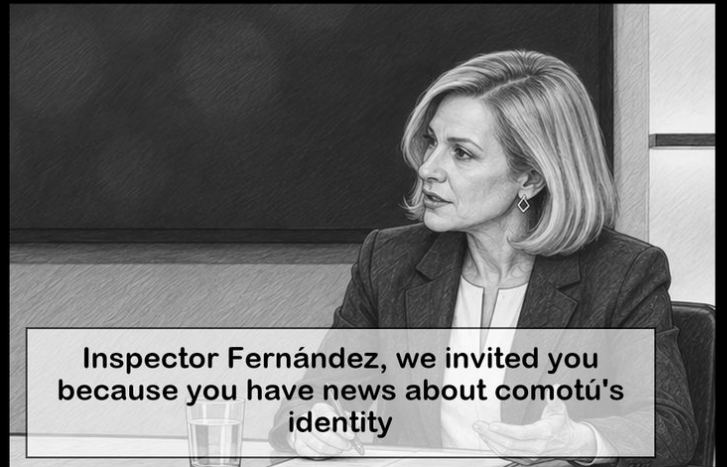

Simple. Stop their daughters using the internet

Yes, we've discovered that comotú's videos are generated with artificial intelligence

What should the worried parents watching us do?

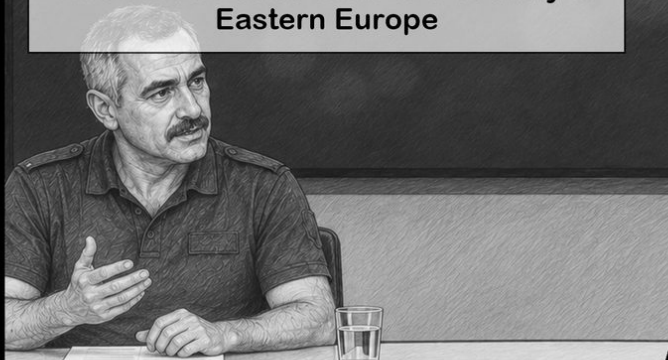

Inspector Fernández, we invited you because you have news about comotú's identity

I see.

And we've traced them to a country in Eastern Europe

The first video too?

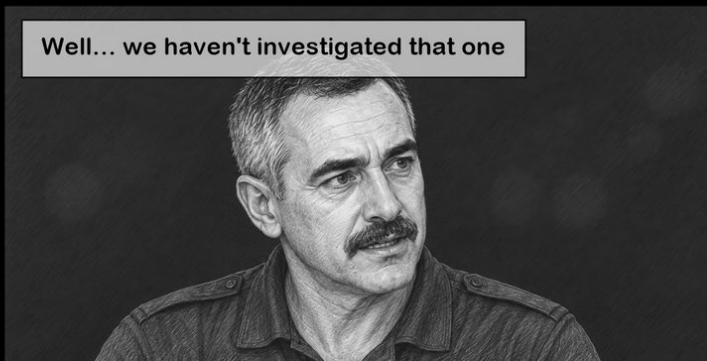

We don't know. The original has been lost, and the copies circulating...

What about the video where Comotú helped this show expose the first impersonator?

Well... we haven't investigated that one

Why not?

Comotú hasn't done anything illegal, and there's no longer any fear for her life, so...

There is fear for the lives of thousands of girls

There are dozens of comotús now, even AI-generated ones. Finding her would achieve nothing

Quite the opposite. Comotú is the only one who can stop this

Explain

Comotú has become a shared, anonymous, idealised identity. Taking on her identity puts you at the centre of her power

If comotú shows her face, if she's just a girl again, as insecure and full of fears as the others... she'll stop being special

Comotú, I know you're watching. I offer you my show to reveal your identity to hundreds of millions around the world and prevent an unimaginable tragedy

You can be a hero, if you take off the mask here

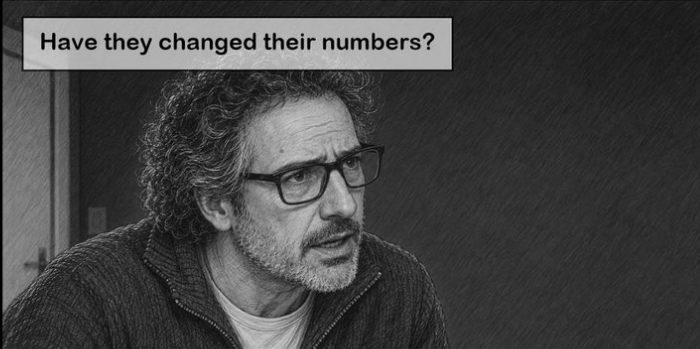

Are you still in touch with any of them?

No

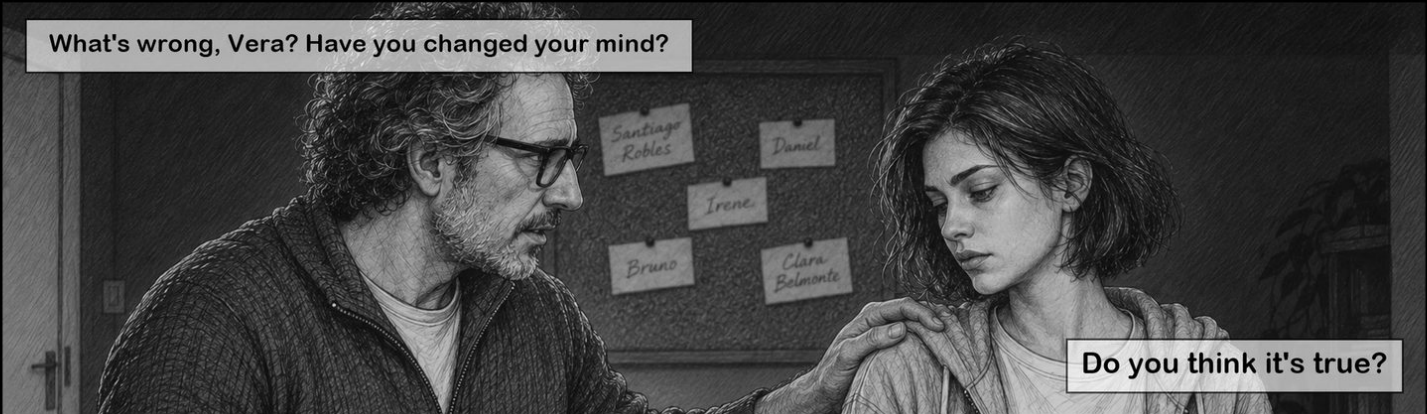

You live here?

Have they changed their numbers?

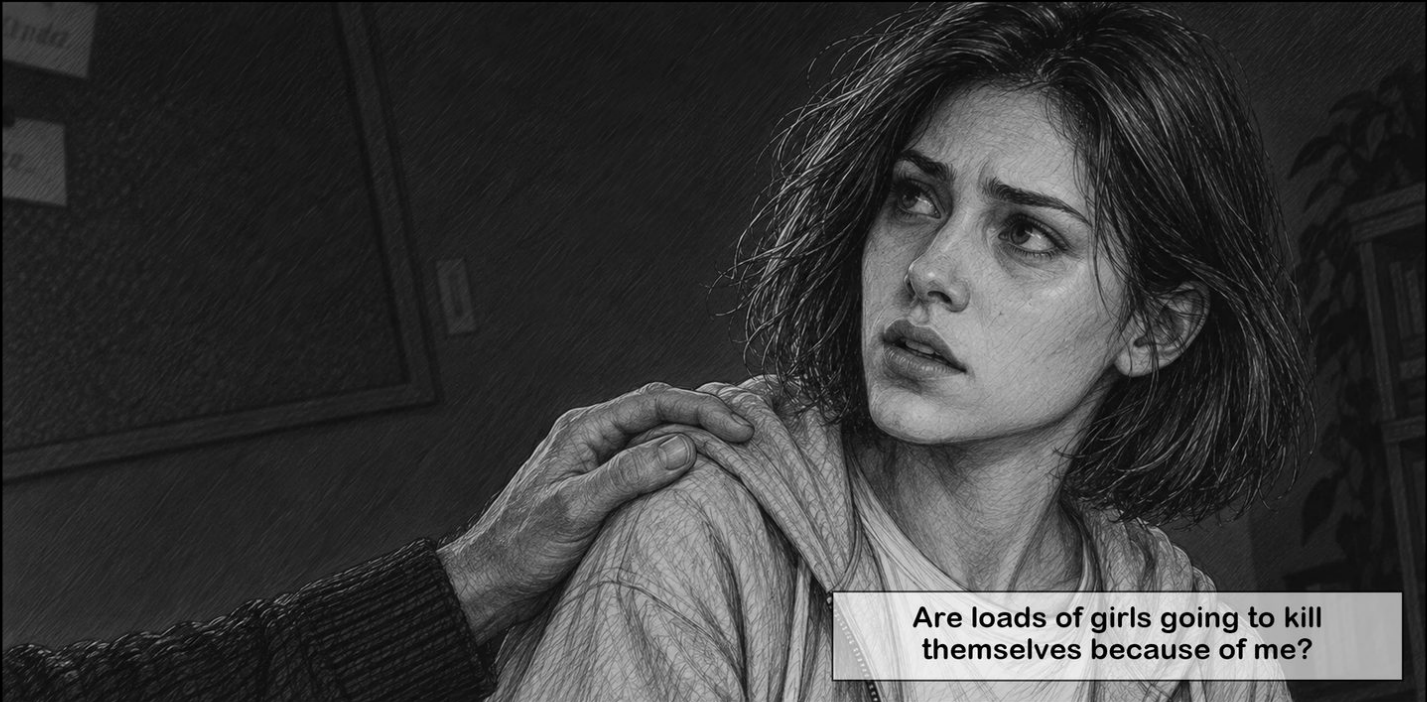

I don't know. I haven't tried

What's wrong, Vera? Have you changed your mind?

Do you think it's true?

Are loads of girls going to kill themselves because of me?

Marta, since when do you believe everything on TV?

I'm Vera.

I know

Sorry

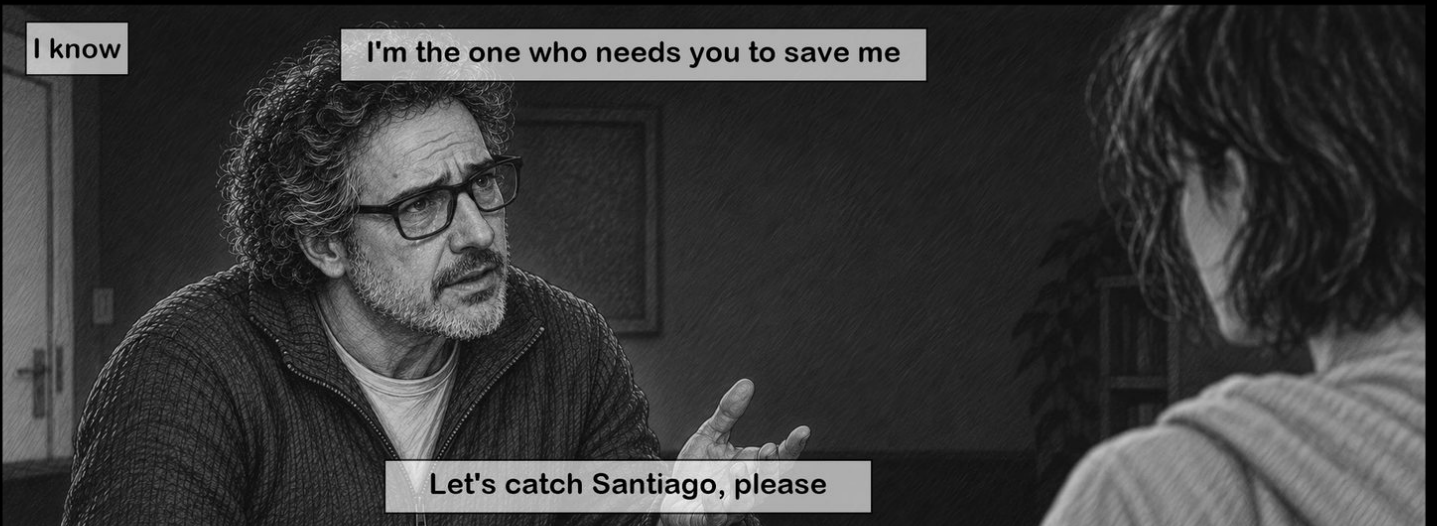

I can save you

I don't need you to save me.

I know

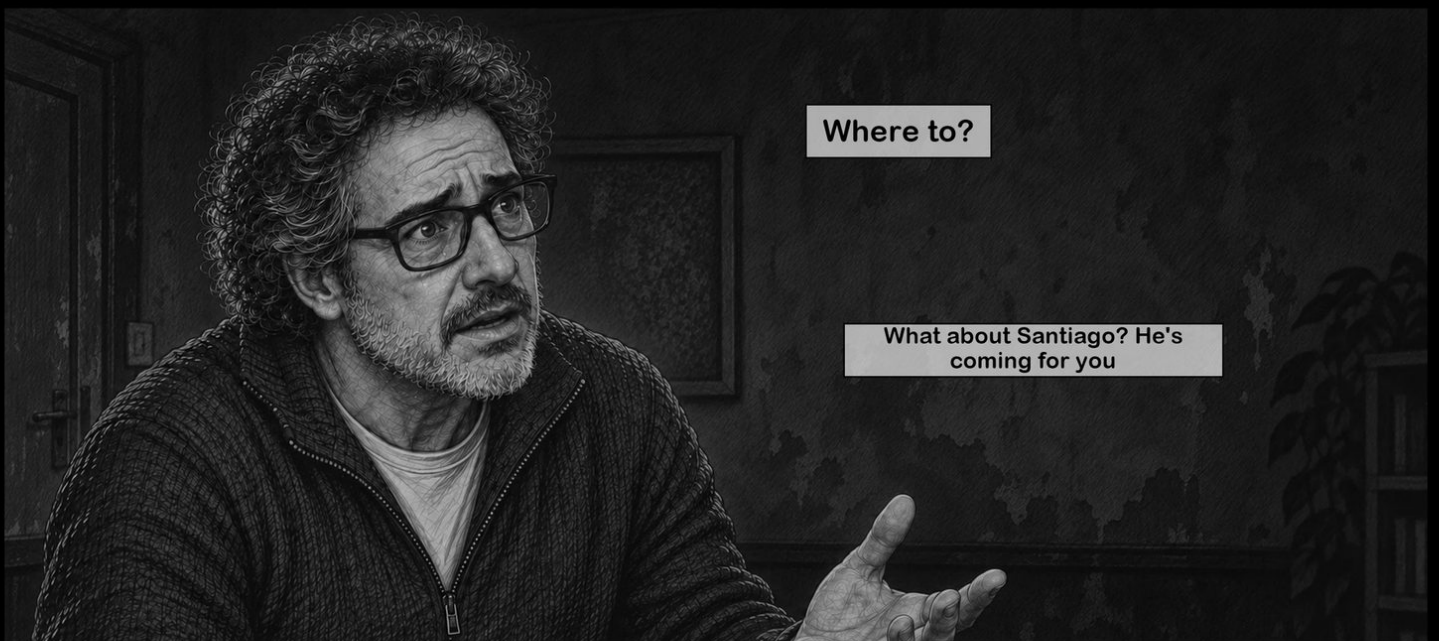

I'm the one who needs you to save me

Let's catch Santiago, please

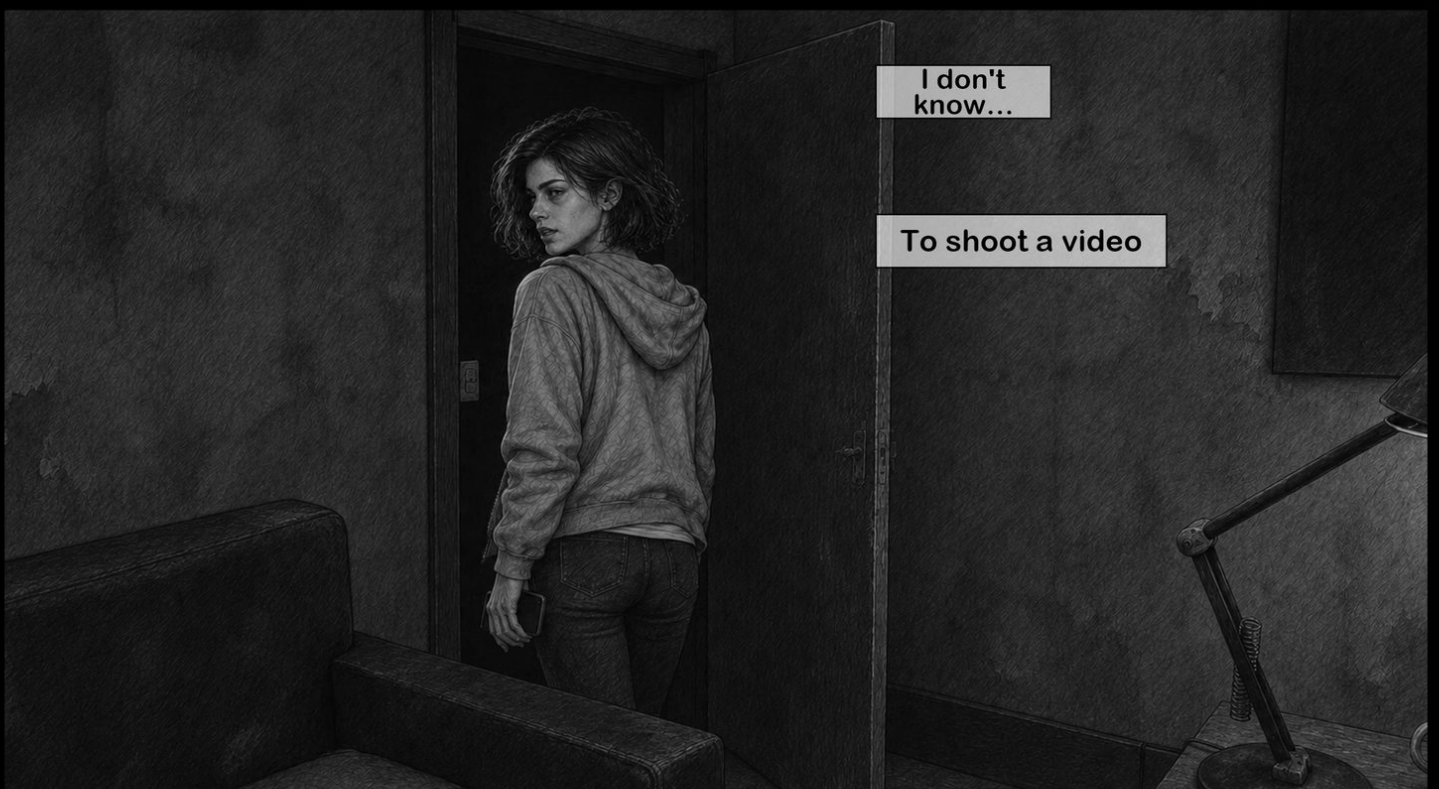

You have their contacts now. I'm leaving

Where to?

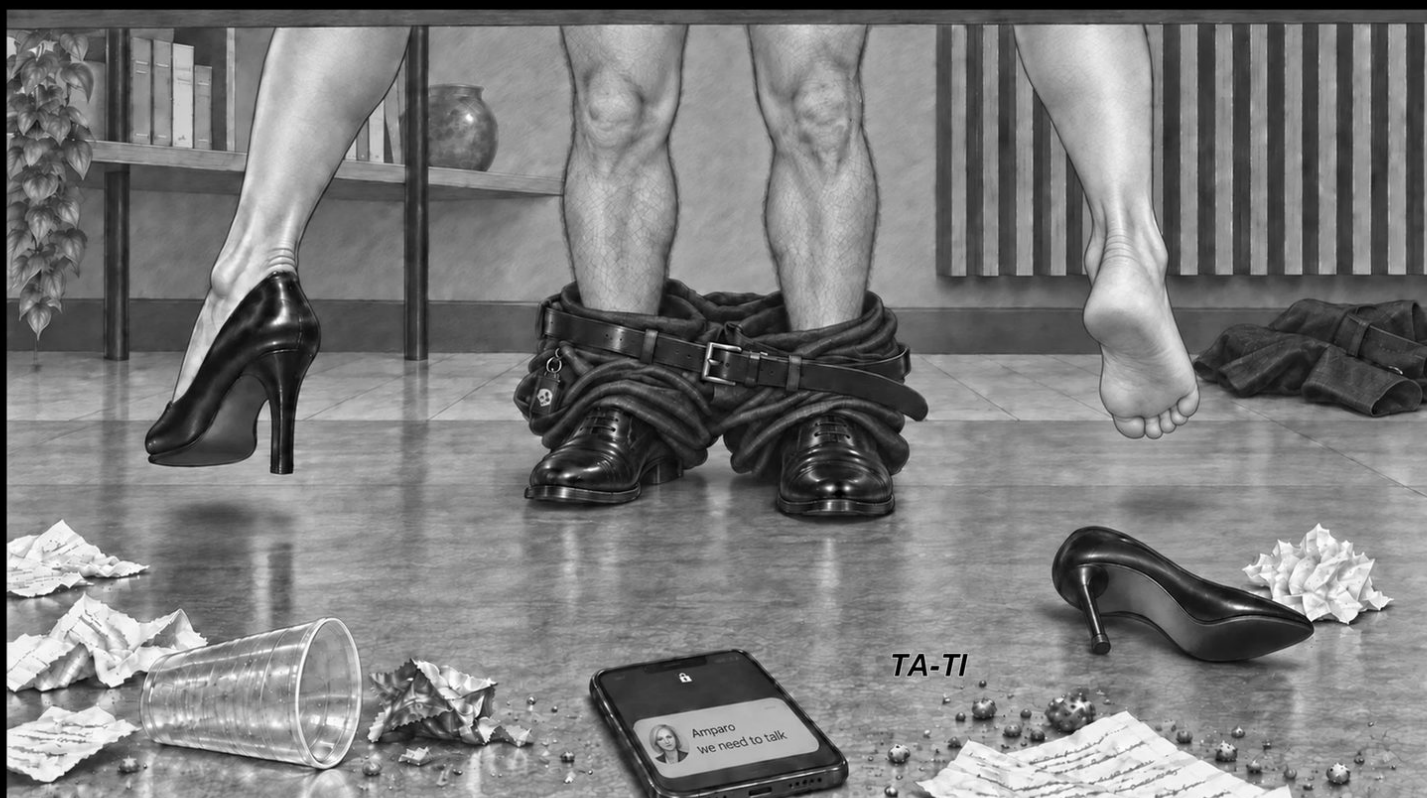

What about Santiago? He's coming for you

I don't know...

To shoot a video

My beautiful girl

Grandma

What's wrong, sweetheart?

I don't know what to do

what do you want to do?

Verónica, it doesn't matter what other people think

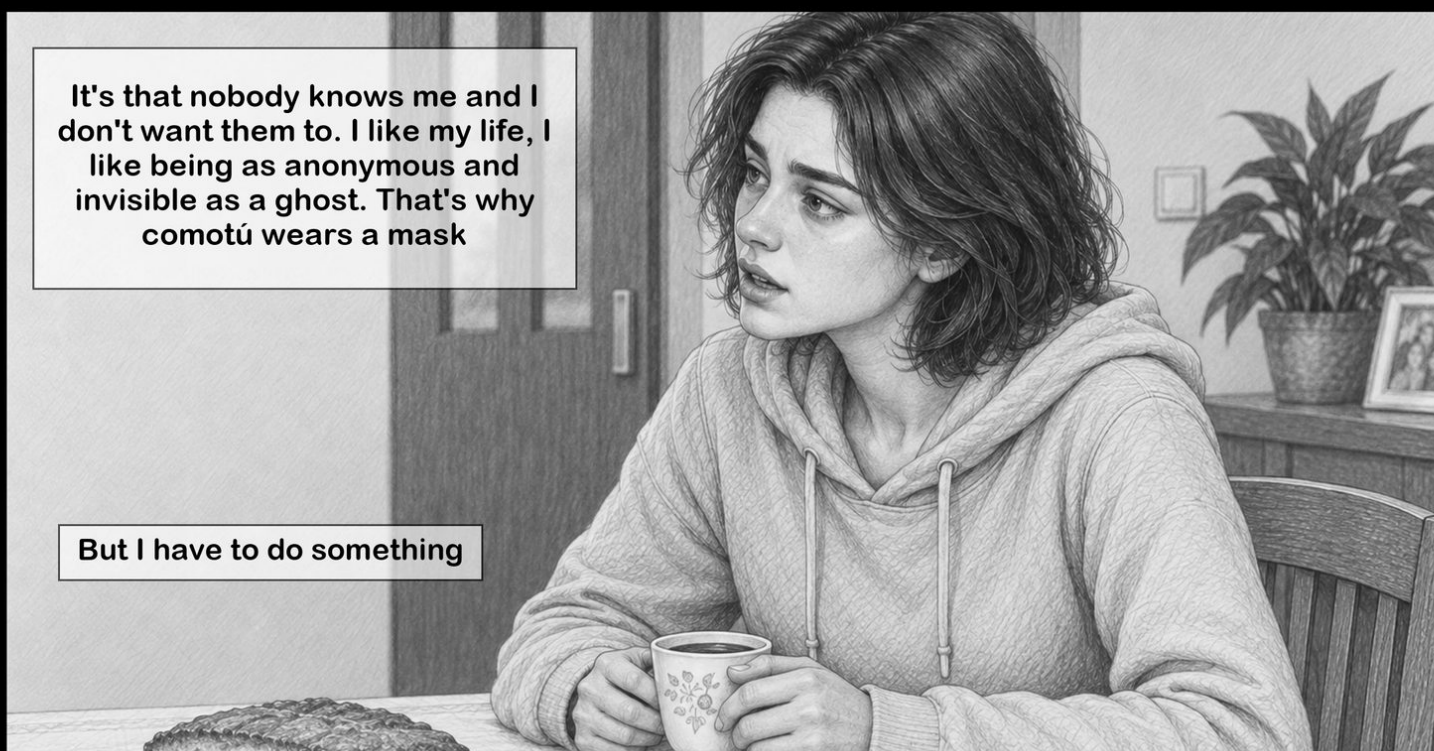

Those who know
you already know
you,

And those who don't
know you, don't know
you

it's not about what they
think

It's that nobody knows me and I
don't want them to. I like my life, I
like being as anonymous and
invisible as a ghost. That's why
comotú wears a mask

But I have to do something

what if comotú
explains the whole
thing about the date
and the number?
Maybe that would
be enough

thanks, Grandma, I love you

Vera, what a surprise.
Are you staying for
dinner?

Vera, we need to
talk

I was just leaving, I'm in a
hurry

sweetheart,
we only just
got here

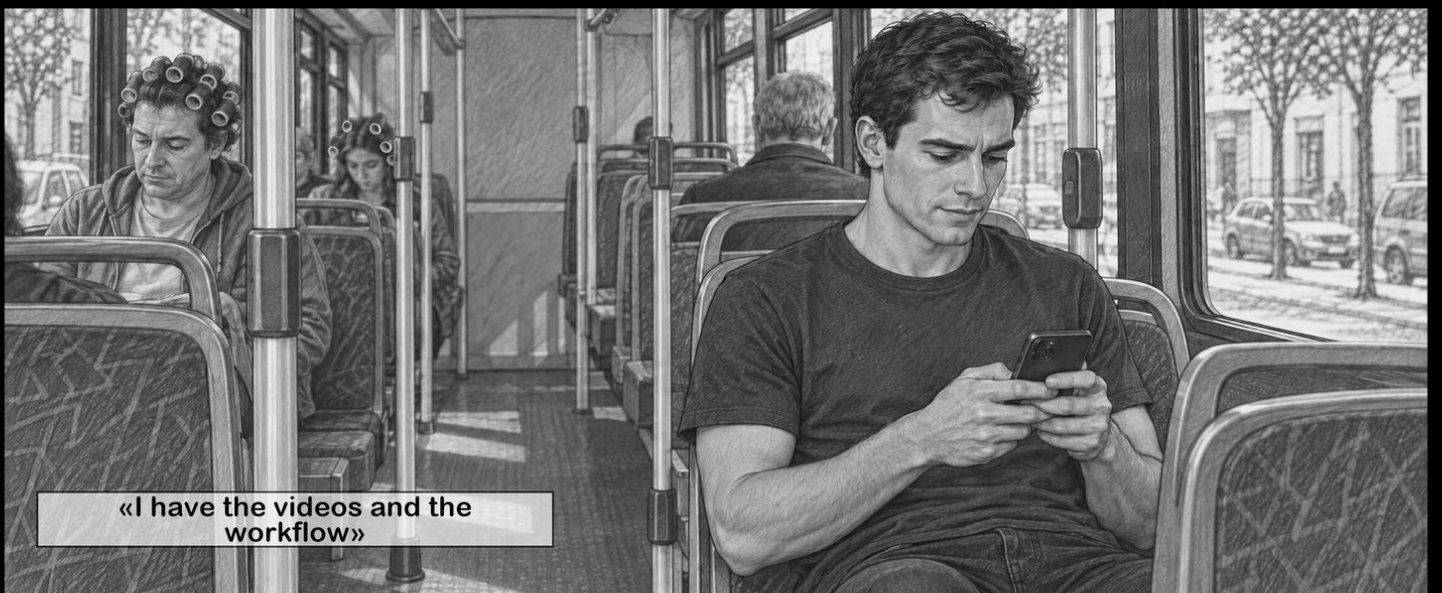

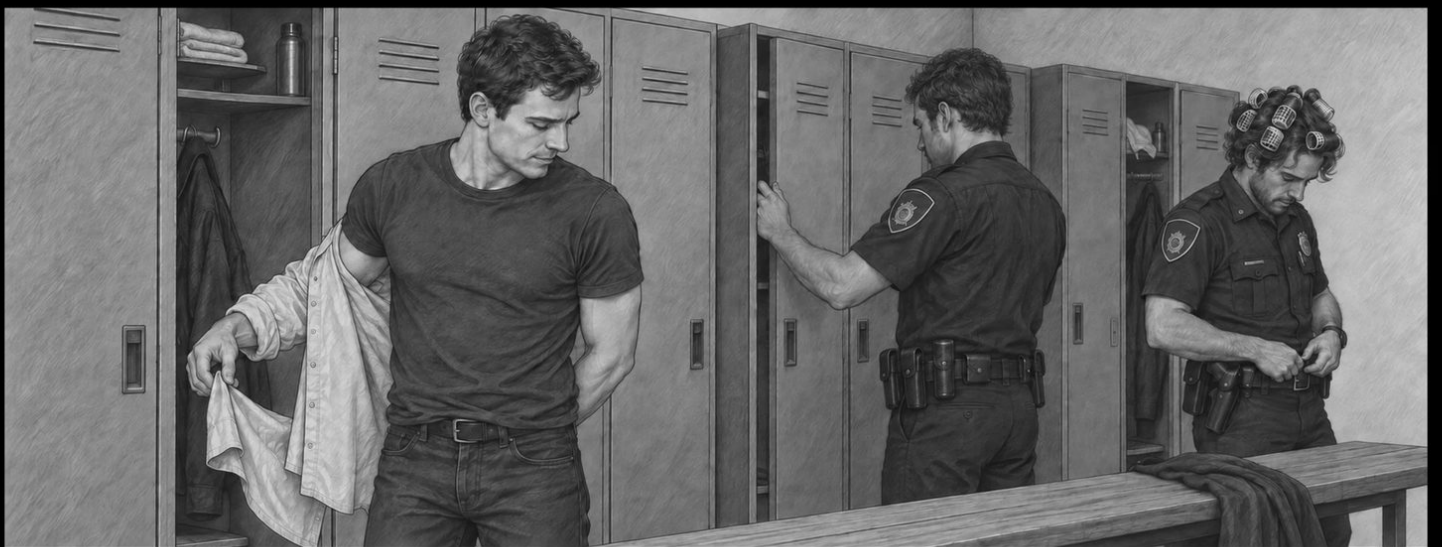

take it, I made it for you

I always make your favourite
cake, in case you come

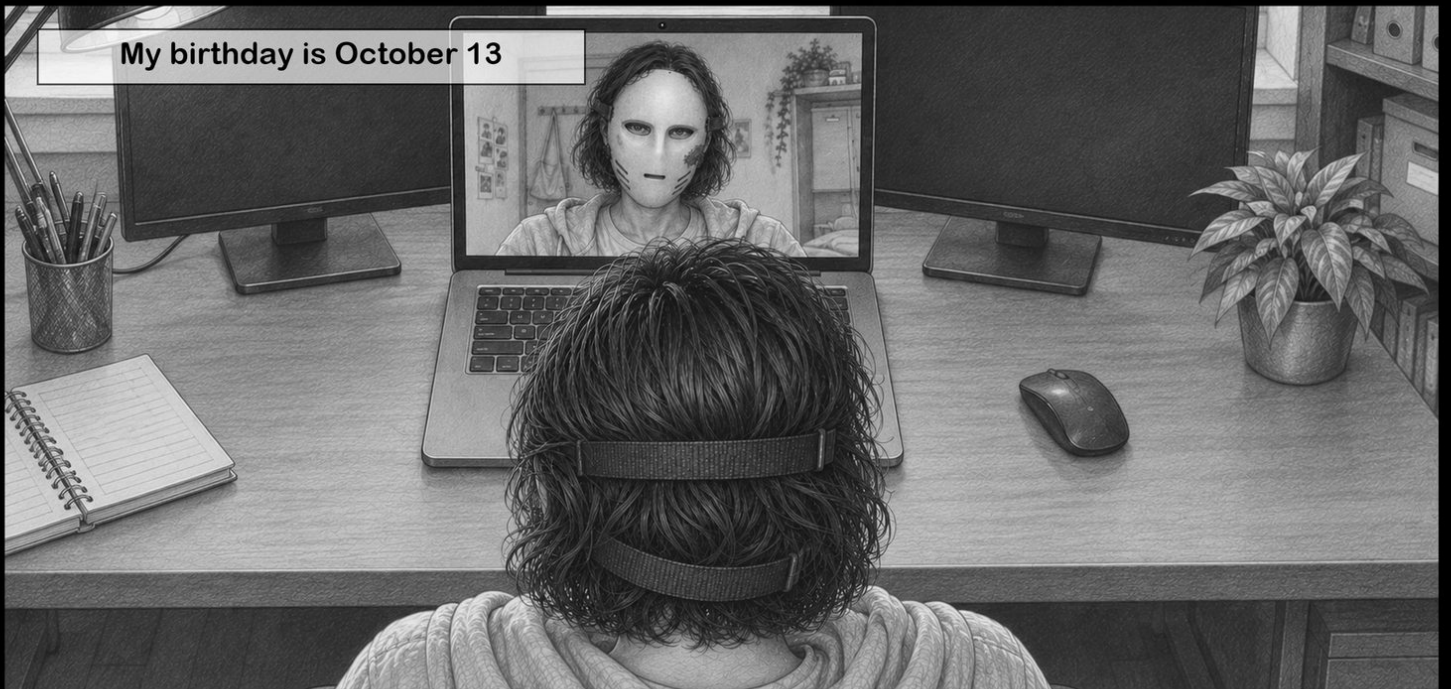

you remind me of my mother, intelligent, sensitive, sensible

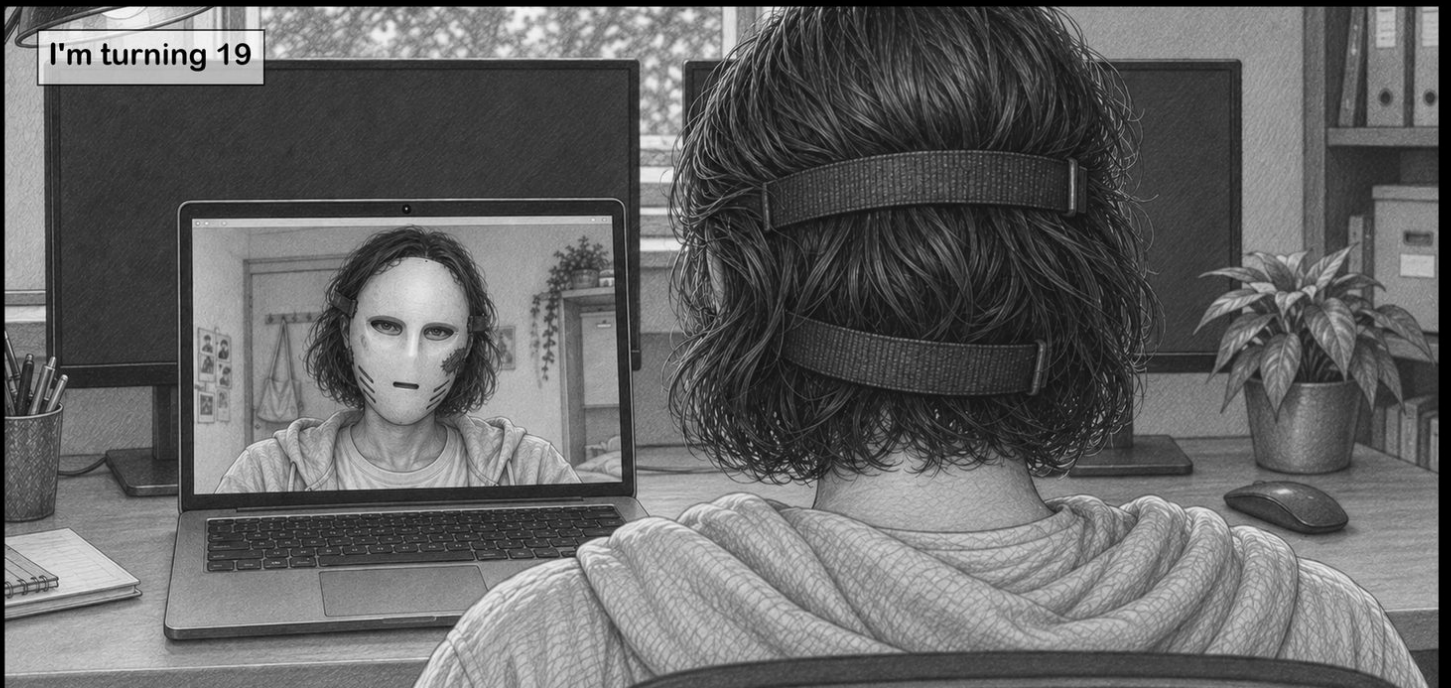

«I have the videos and the workflow»

My birthday is October 13

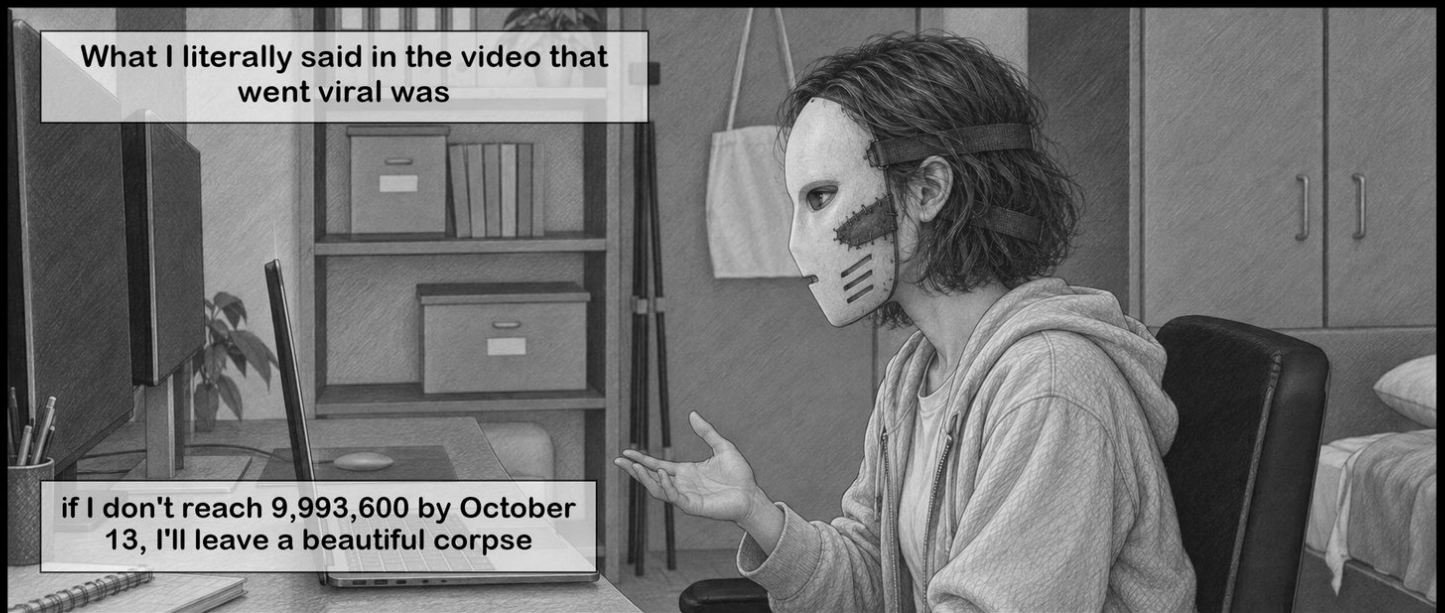

I'm turning 19

that's 9,993,600 minutes

What I literally said in the video that went viral was

if I don't reach 9,993,600 by October 13, I'll leave a beautiful corpse

someone misinterpreted it

TV amplified it

everything became surreal

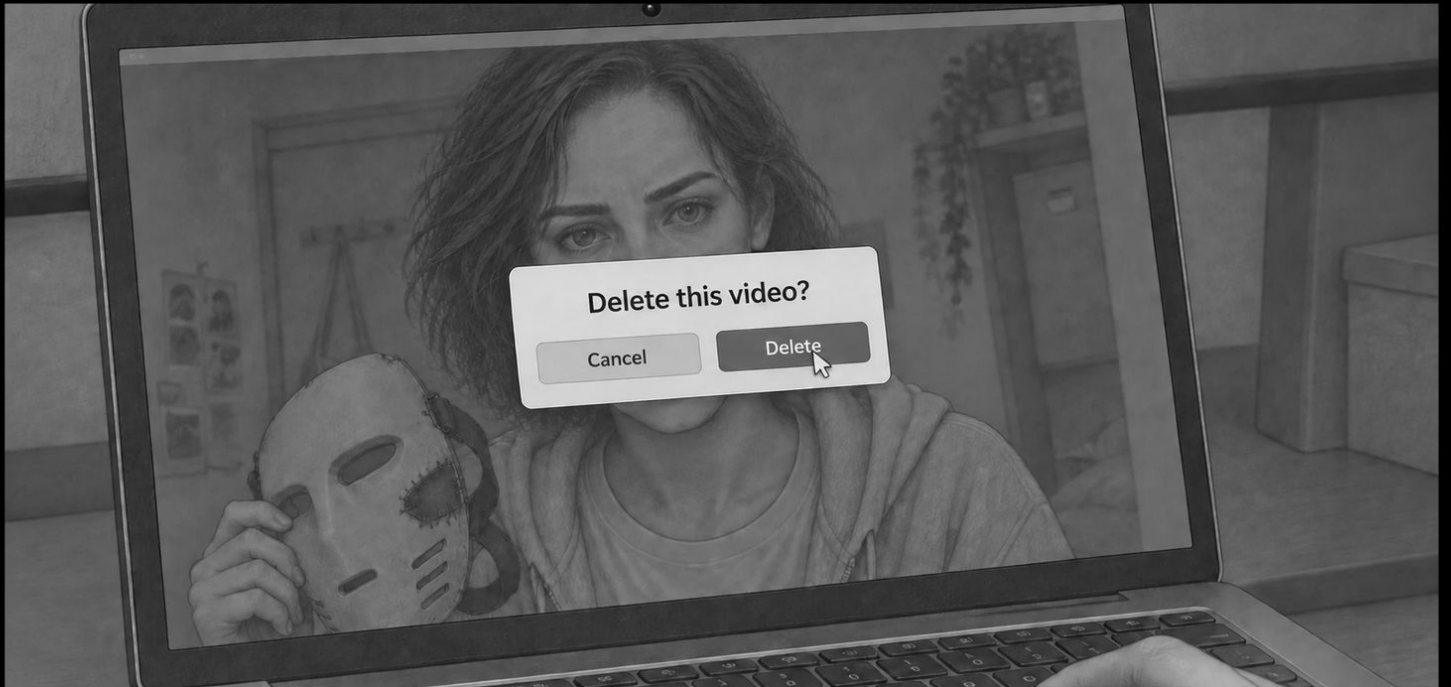

I didn't know what to do

I was scared

and I deleted my channel

I'm not scared anymore

I'll tell you now, Amparo: we're not coming back.

We have a huge audience.
And much more freedom

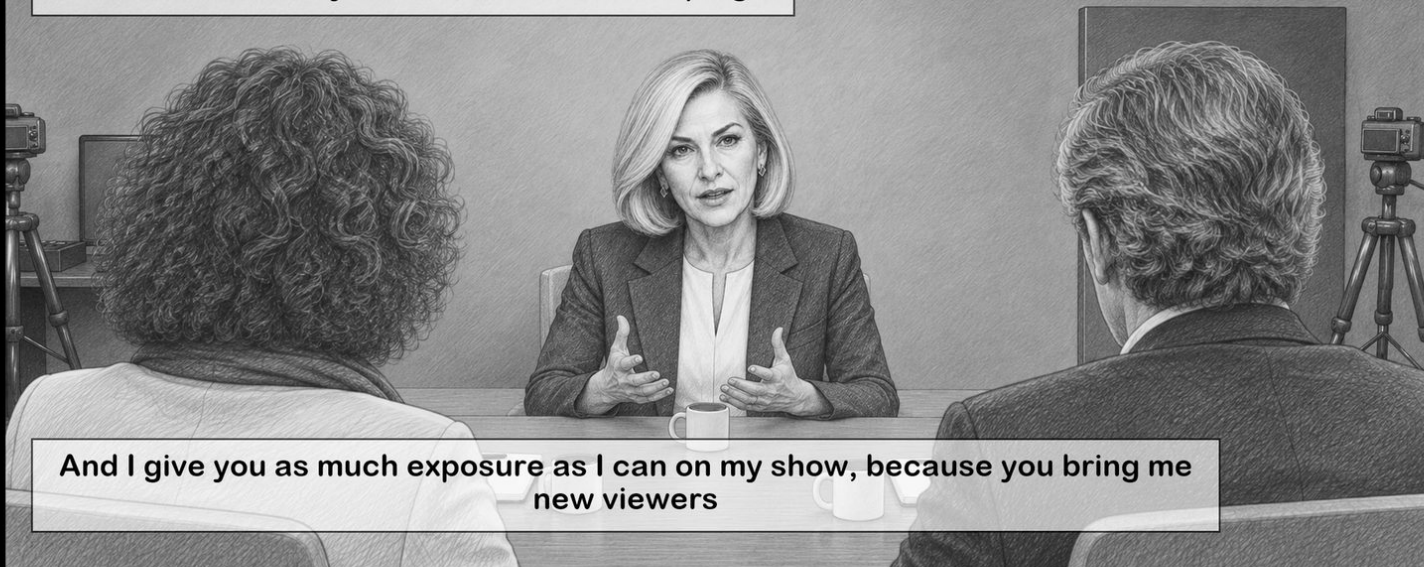

I don't want you back.

This feud of ours is working very well for all of us

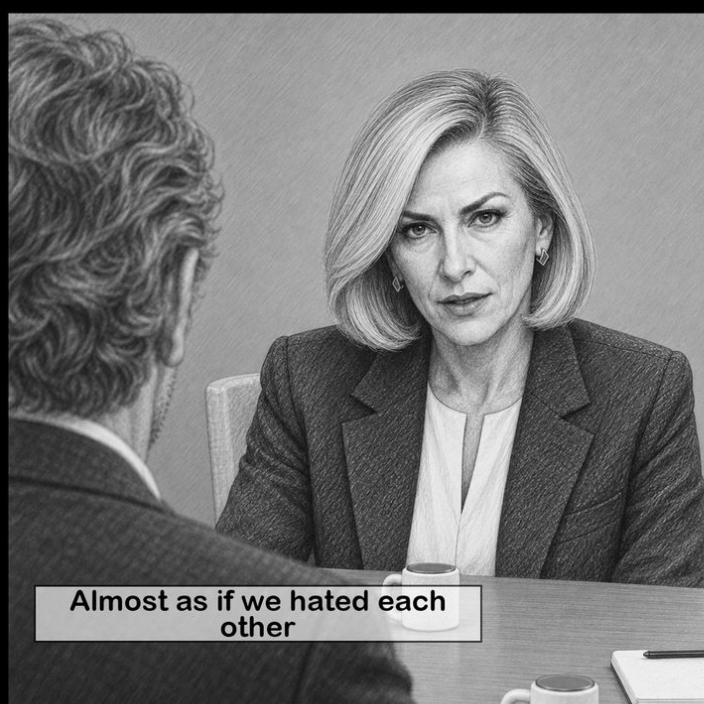

Your criticism is my best social media campaign

And I give you as much exposure as I can on my show, because you bring me new viewers

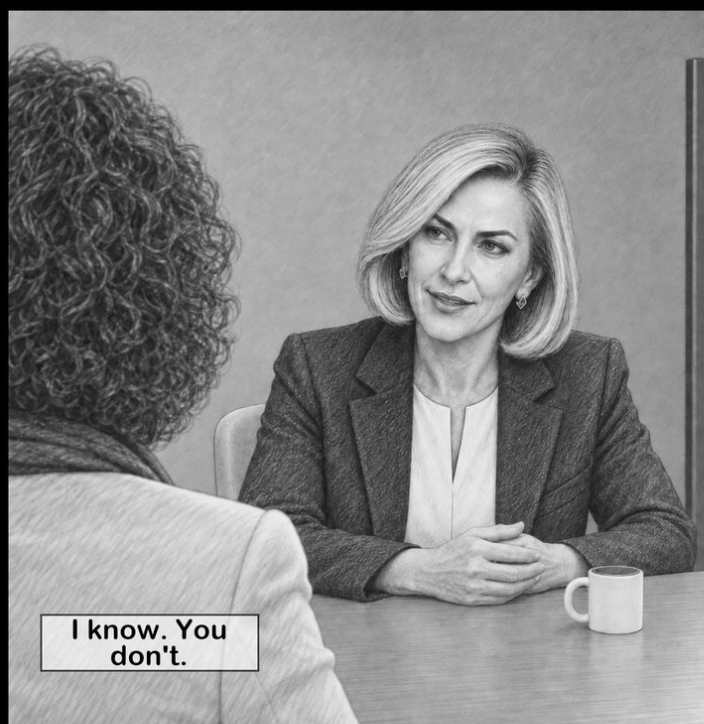

We don't even need to coordinate. It works perfectly

Almost as if we hated each other

I don't hate you.

I know. You don't.

So, what do you want?

You influencers lack a sense of state responsibility

Excuse me?

Institutional responsibility

embracing your role as a force in society

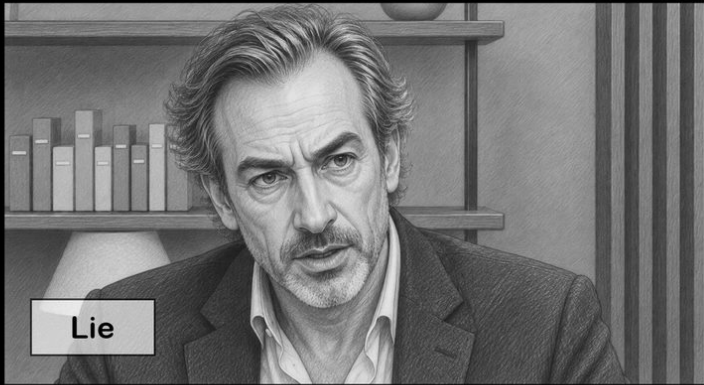

Get to the point

your country needs you

what do we have to do?

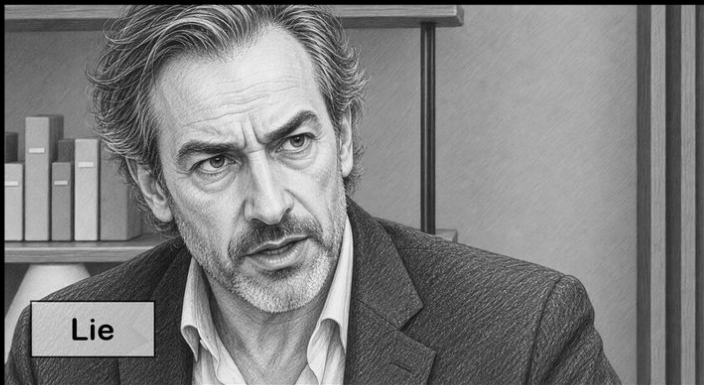

Back an official version of events

Lie

Save Lives

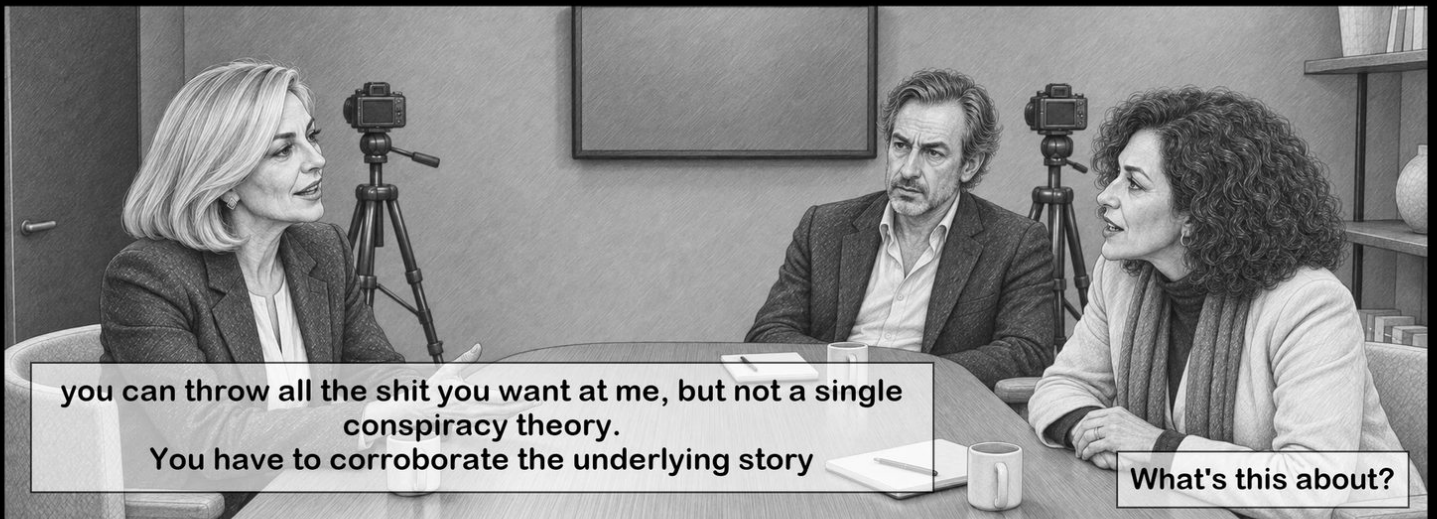

Lie

it's not a lie, it's an exclusive

We're not going to cover for you

you can throw all the shit you want at me, but not a single conspiracy theory.
You have to corroborate the underlying story

What's this about?

First I need to know I can trust you to do the right thing

All right. Count us in

Come in

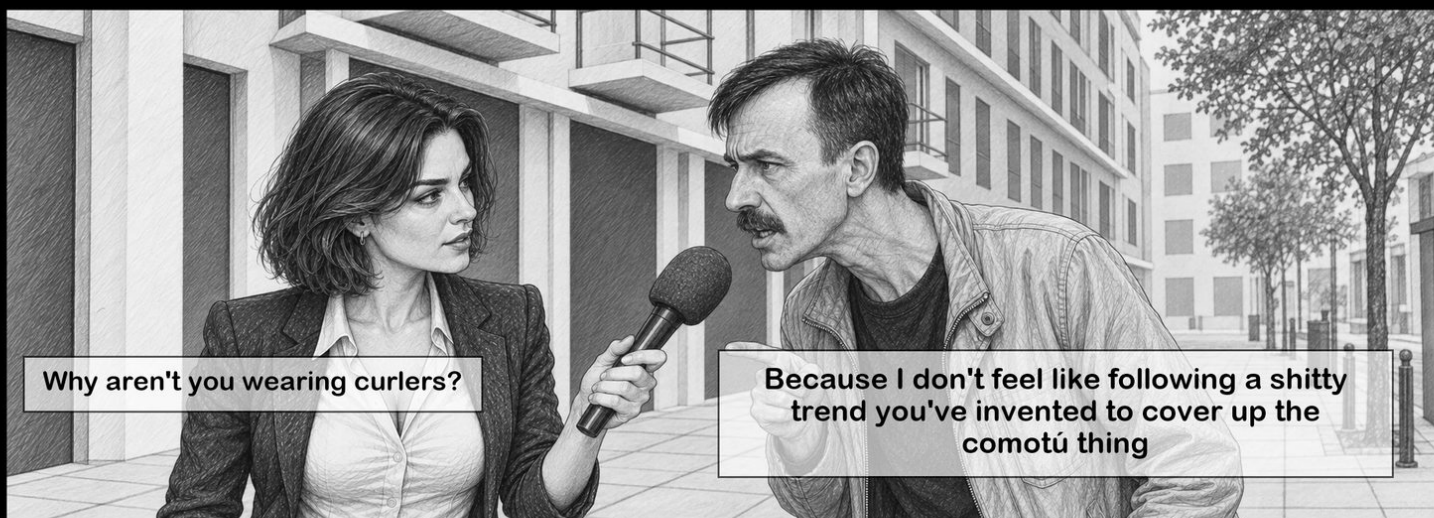

Tell us your plan

Part IV

So far, so good

Thanks, Carmen. Well, today we're going to talk about comotú.

Good morning, Inspector, how is the investigation going?

Good morning

First, I must make it clear that this is an ongoing investigation, so there are details I can't disclose

We understand perfectly, but our sources tell us there will be an arrest soon. Can you confirm that?

We have very strong evidence of the identity of the man who made the original video

The woman, you mean.

My apologies, the man or woman

So, will there be arrests?

As soon as we confirm he's committed an offence, or is planning to commit one

Or she.

Excellent.

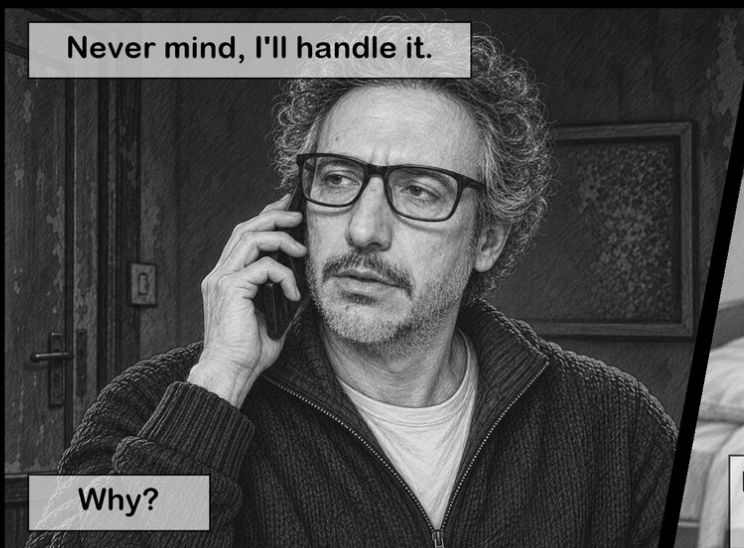

What do you want?

About what?

To talk

Marta, Santiago

Never mind, I'll handle it.

Why?

I want to help you

Because you're my only friend

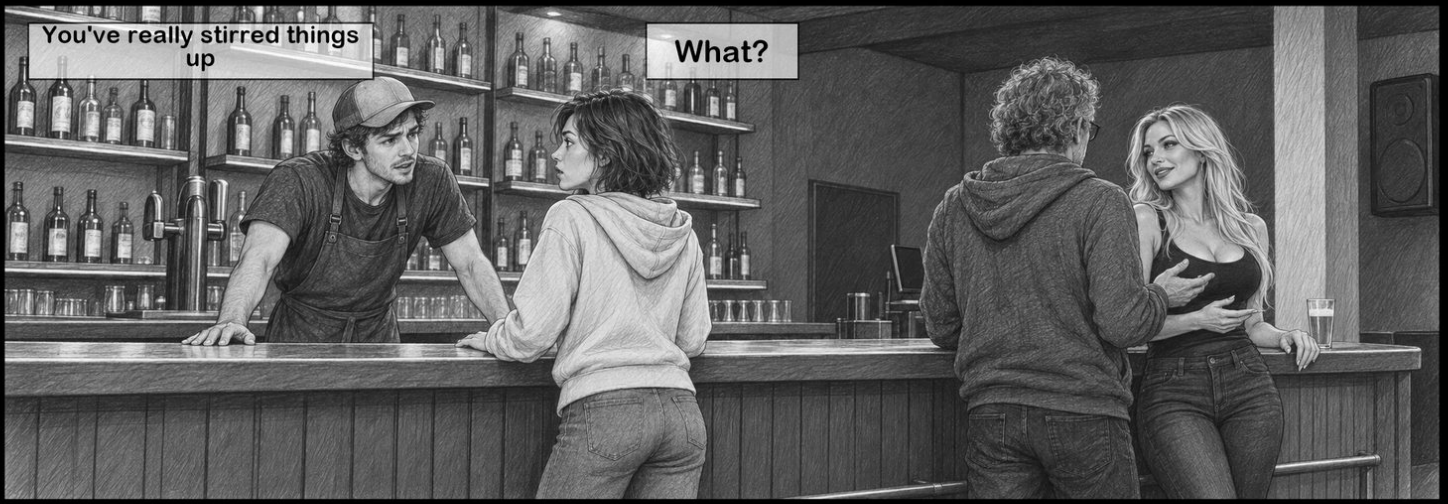

Meet me at Bruno's club

And what do we do?

Improvise

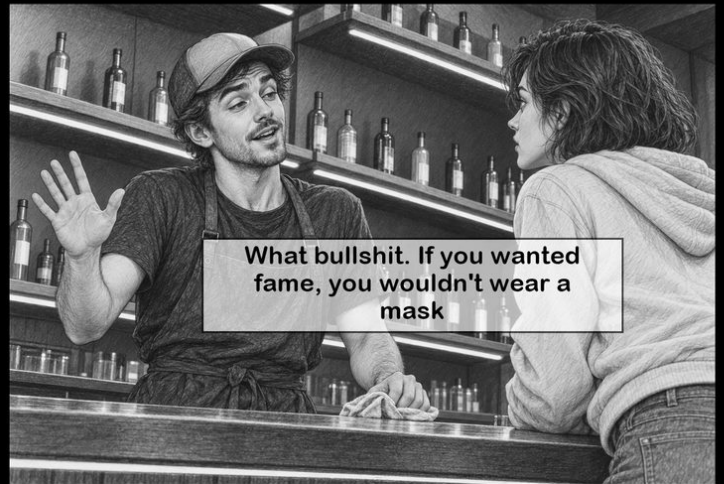

You know what bothers me most?

No, but I know you're going to tell me

People who think I want fame so I can...

What bullshit. If you wanted fame, you wouldn't wear a mask

Fame so I can make adult content

You wouldn't be the first

Do you think I'm like Luz?

Who?

A girl from uni. Didn't you know she does porn?

Holy shit, no, send me a link

Don't be a dick.

Fine, I'll look it up later

I'm serious, some girls can't take it and kill themselves

Nobody forced them to do porn.

But maybe they were driven to jump out of a window

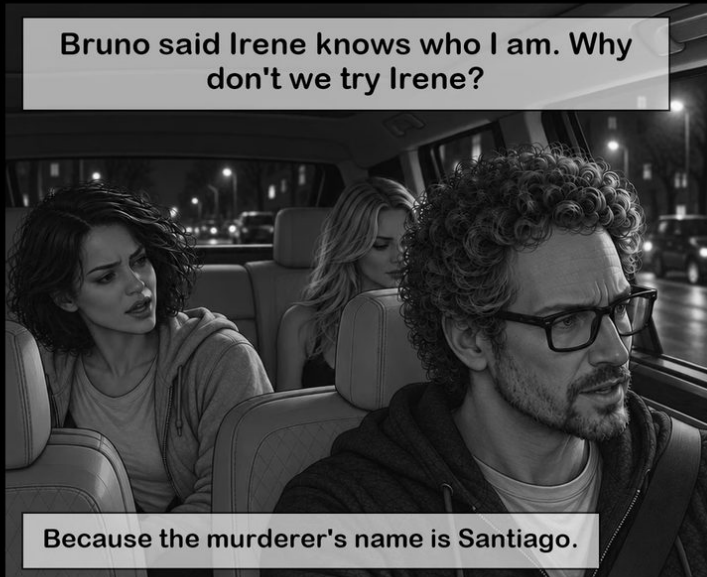

Oh, Vera, go see a therapist.

Let's go, he's just an idiot, not a murderer.

Are you really comotú?

Sam, please, don't say anything

Don't worry, I know what stigma feels like

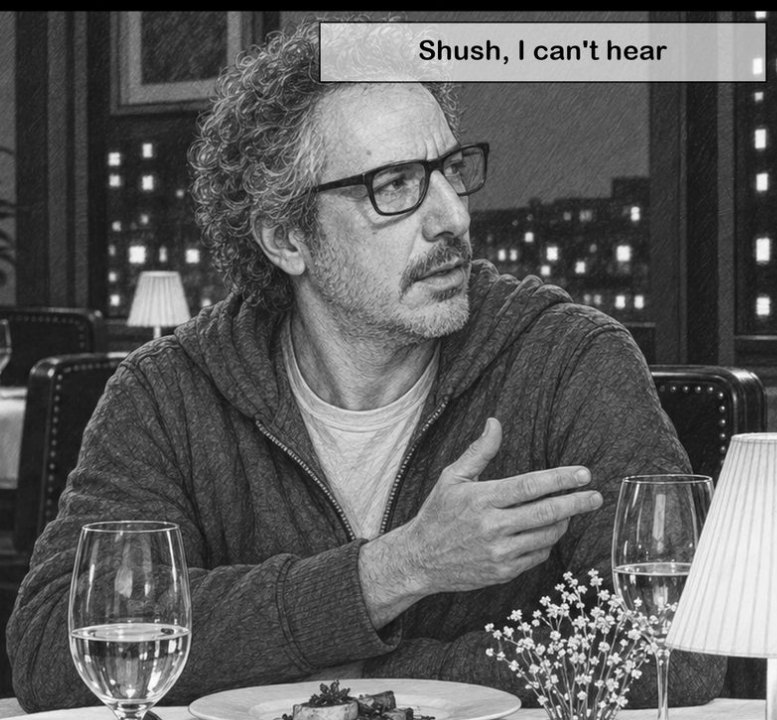

It's delicious

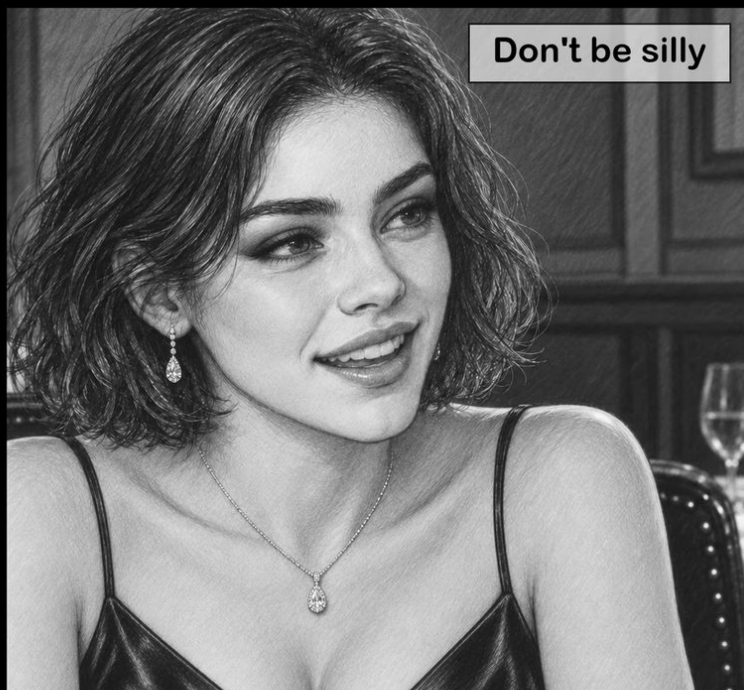

Shush, I can't hear

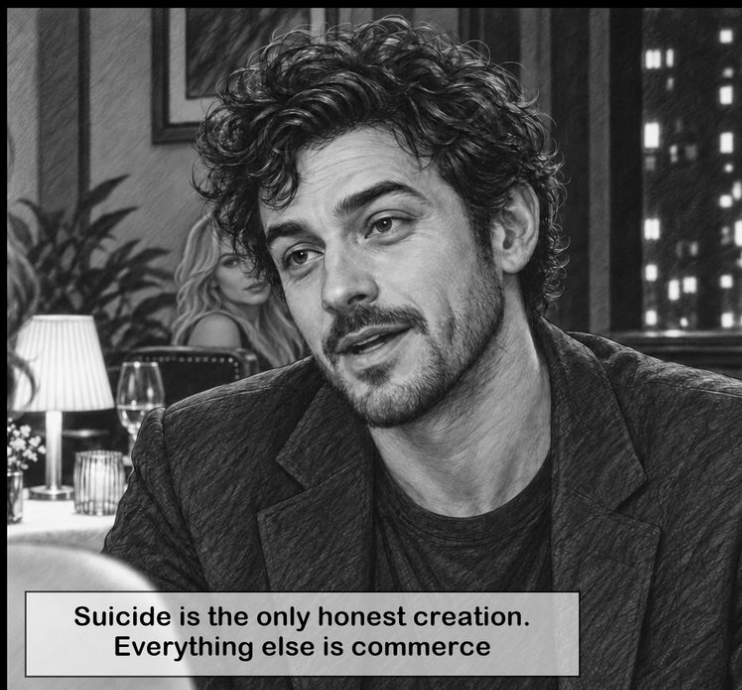

Vera, you're such an inspiration

Don't be silly

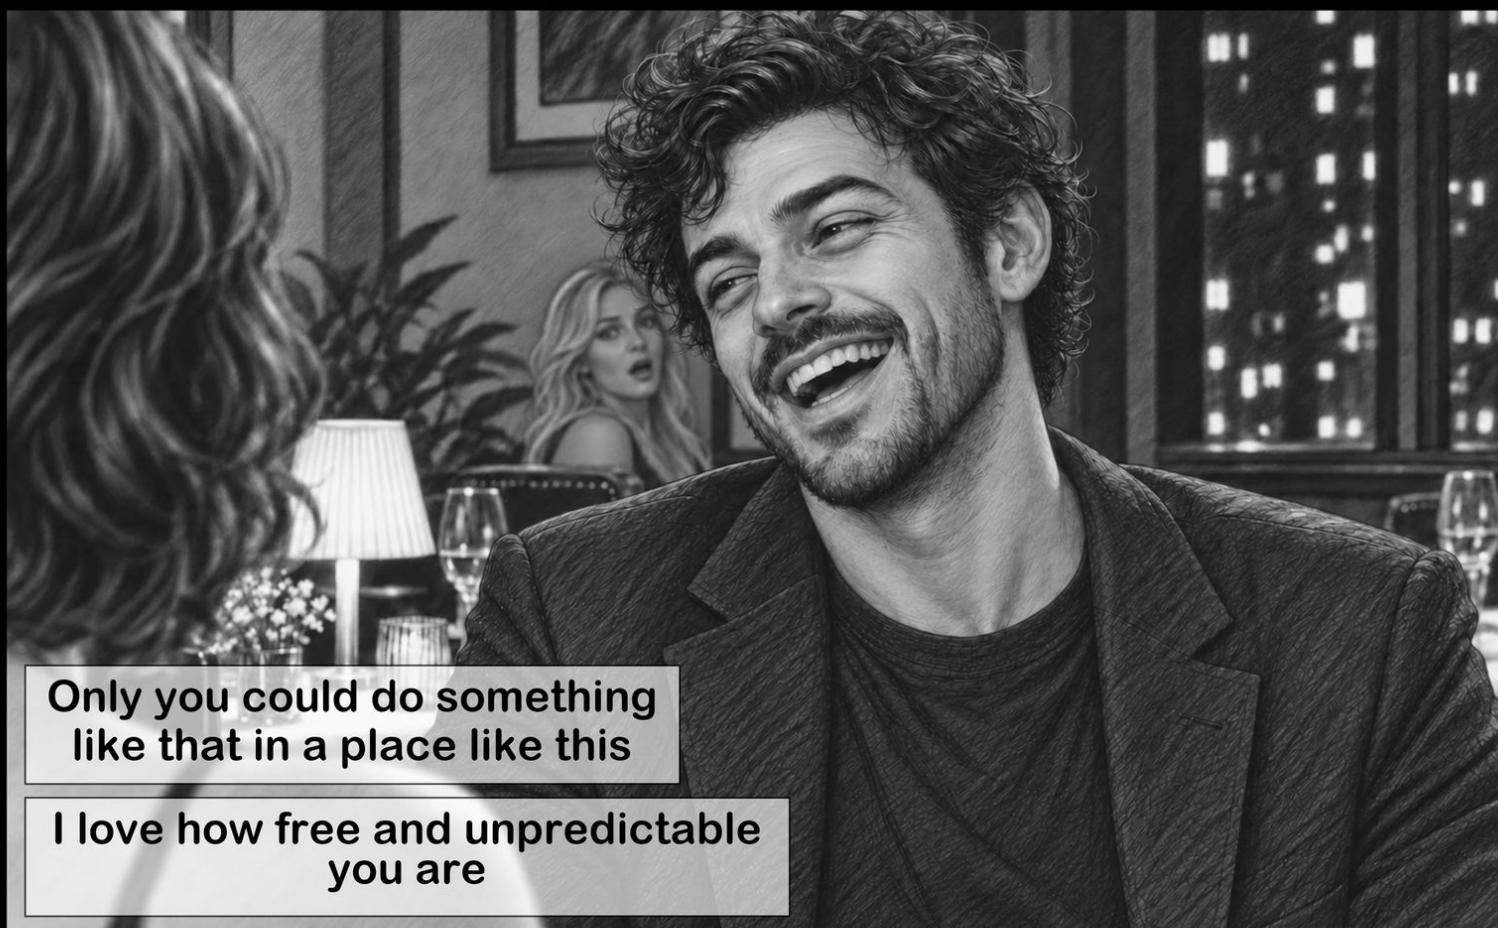

Suicide is the only honest creation.
Everything else is commerce

I thought you meant

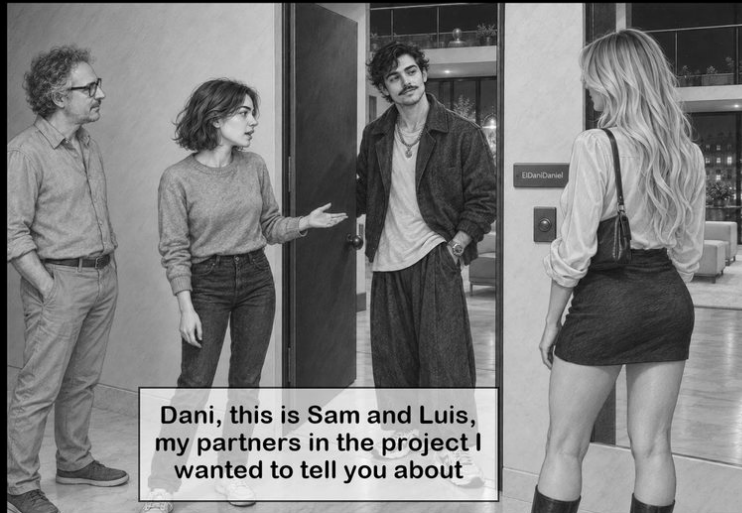

my shoes

Only you could do something
like that in a place like this

I love how free and unpredictable
you are

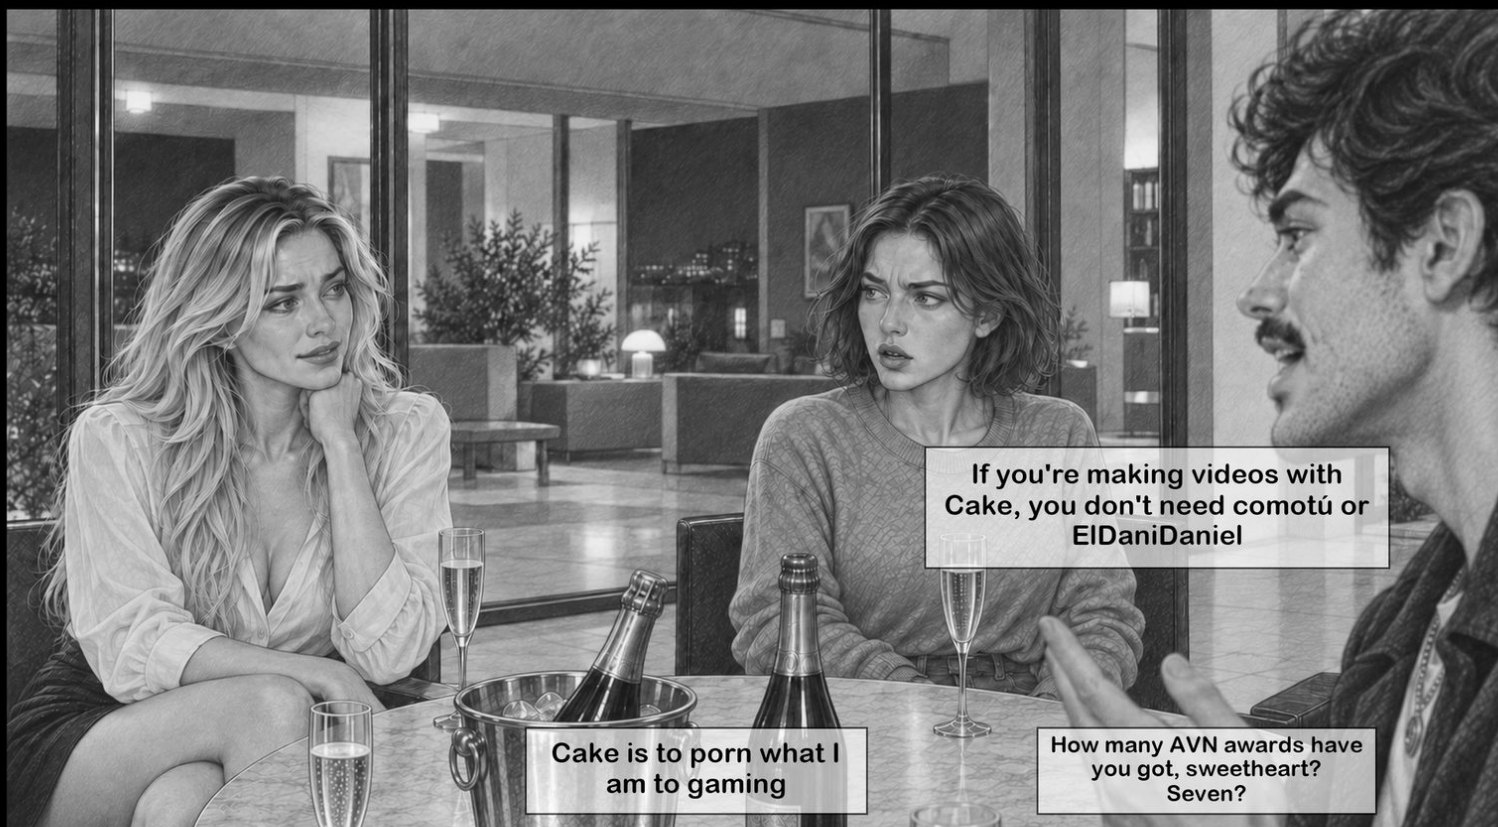

Dani, this is Sam and Luis, my partners in the project I wanted to tell you about

So it's true.

The whole comotú thing was about making adult content

What?

If you're making videos with Cake, you don't need comotú or EIDaniDaniel

Cake is to porn what I am to gaming

How many AVN awards have you got, sweetheart? Seven?

Would you like to see a Cake and comotú livestream?

Where's the bathroom?

Yeah, yeah, they're around there, dude, there are a few, use whichever you like

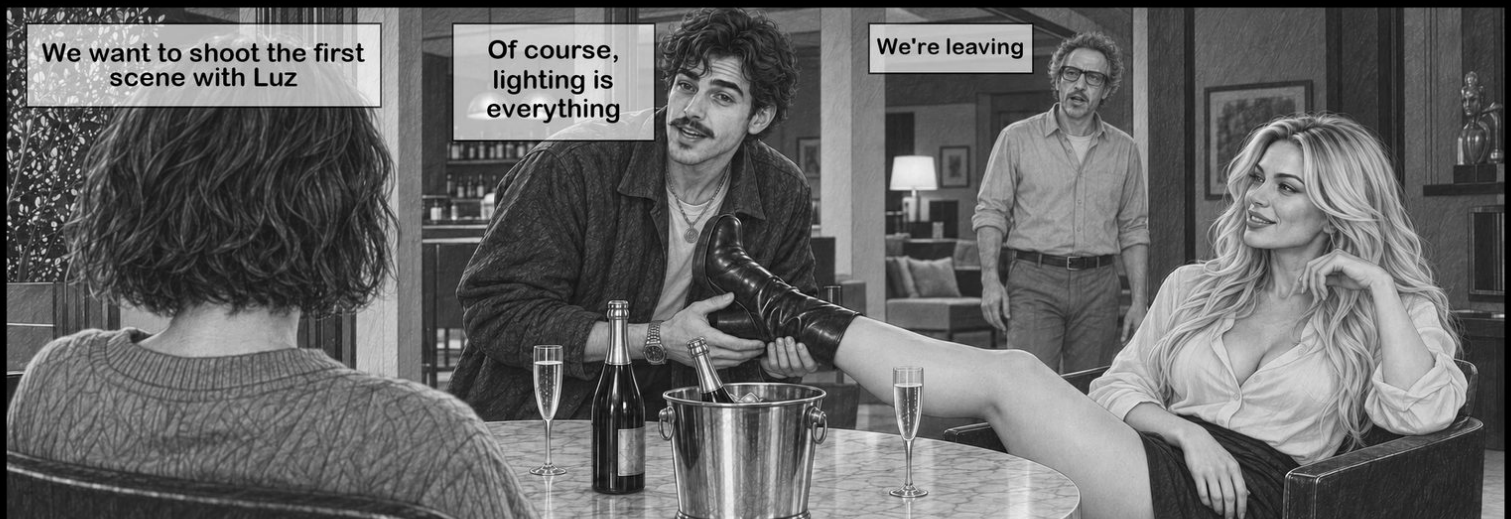

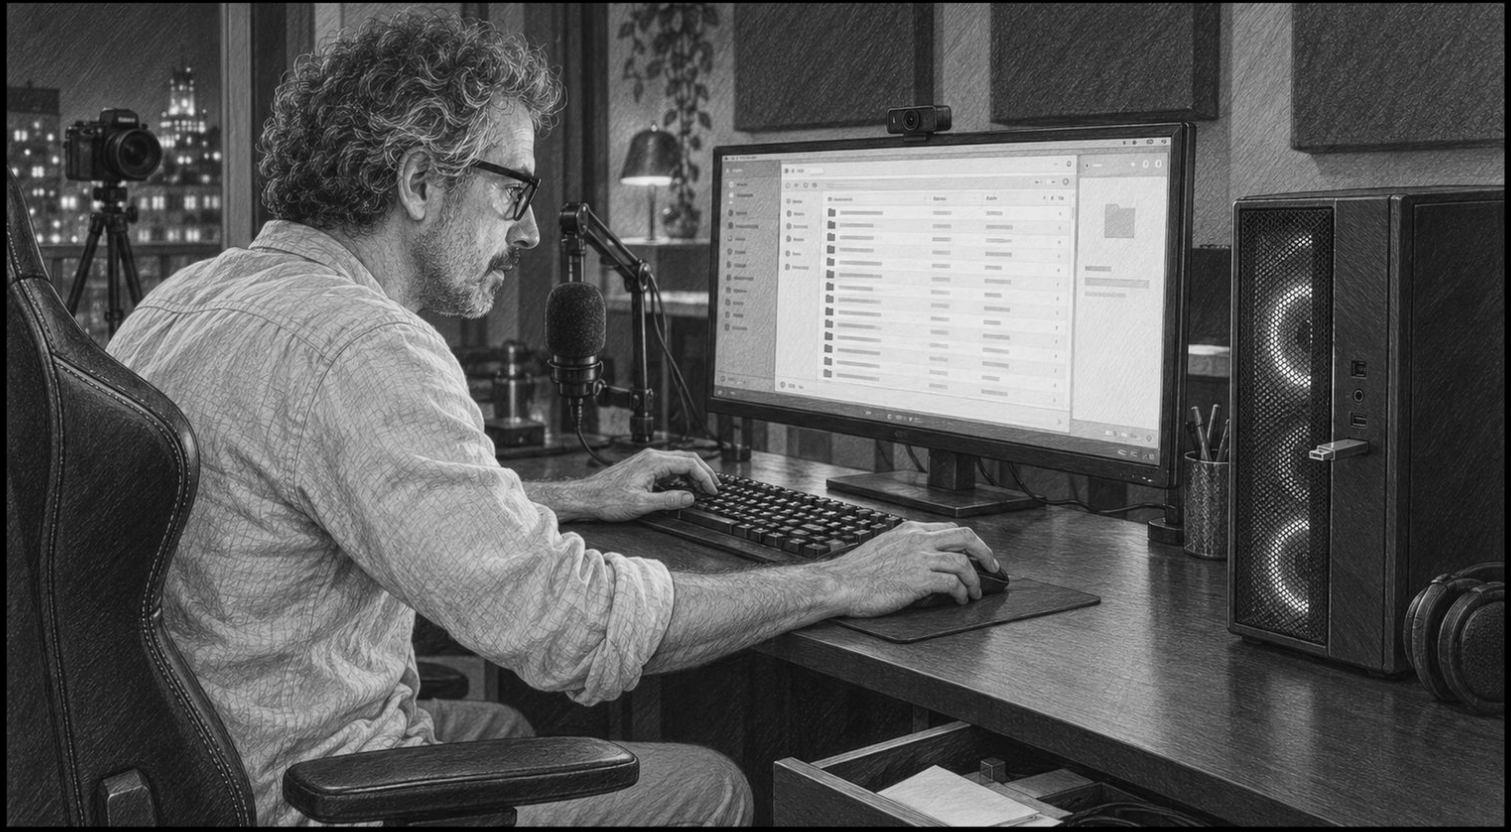

Bad luck, darling, Vera only does copy and marketing

Okay, so what do you want?

We want to film here, in your apartment

What kind of content?

He's got a
boot fetish

When are we filming?

He's got a fetish for you

He's clean

This is a waste of
time

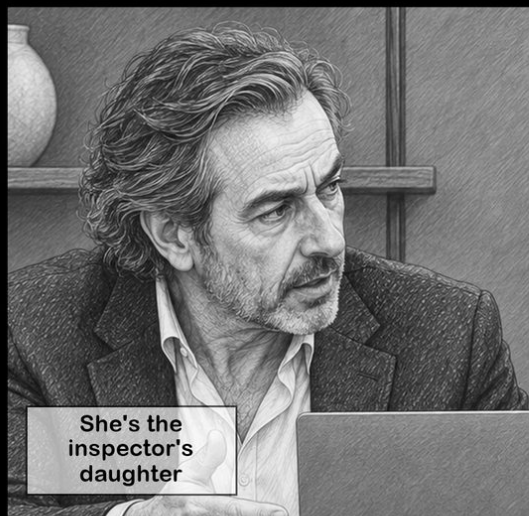

Vera, shall we get a
drink and talk?

I feel ill, I'm going
home

What do you think?

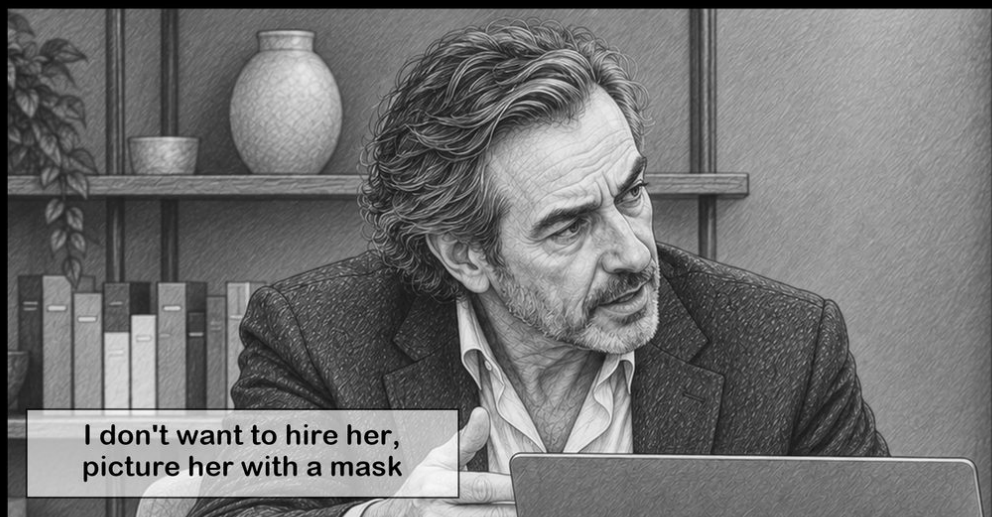

We don't need anyone,
and she's very young

She's the
inspector's
daughter

So what? I don't see why
you want to hire her

I don't want to hire her,
picture her with a mask

Lots of girls have hair
like that

Her birthday is
October 13

She's the inspector's
daughter!

I was in airplane mode,
I needed to think

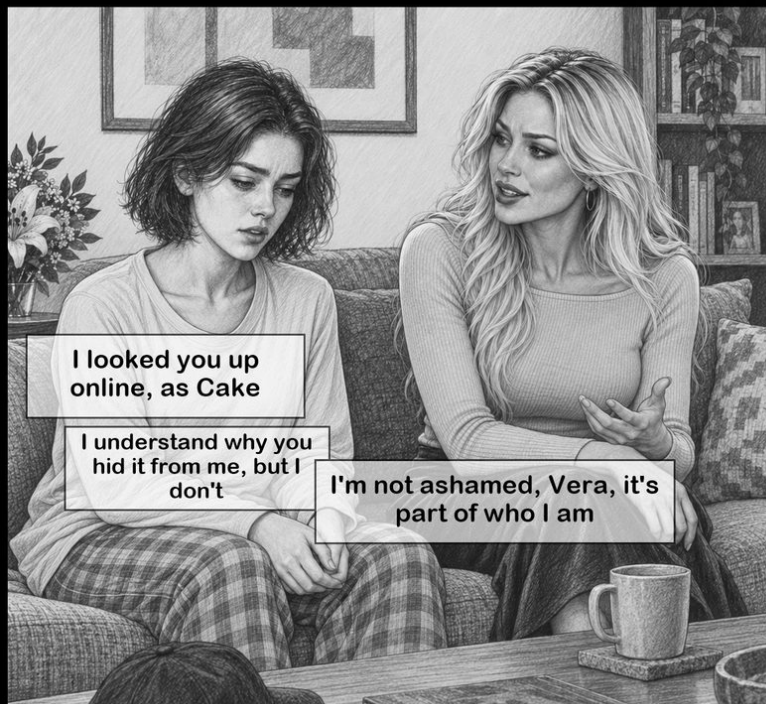

And what did you
think?

Can I come in
and you tell me?

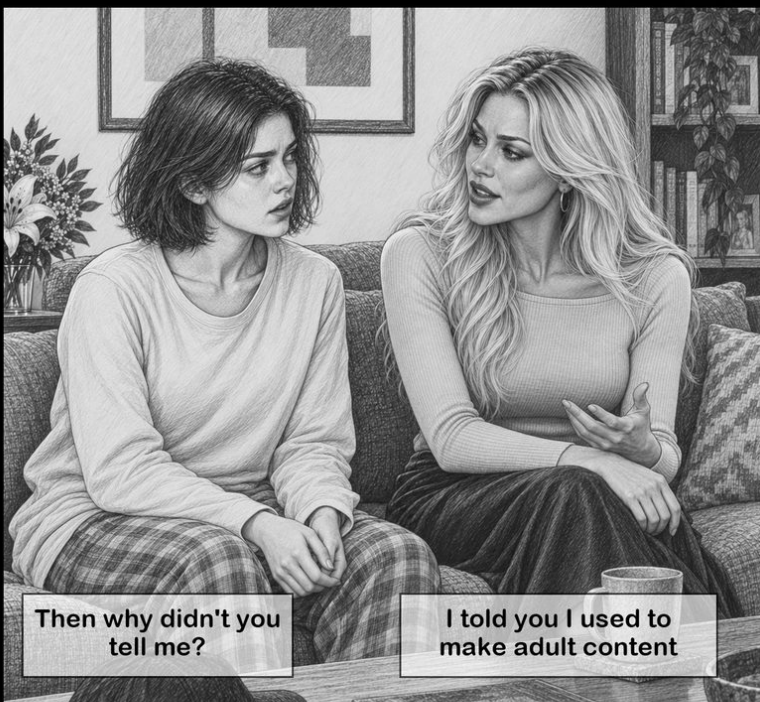

Yes, yes, sorry, come in

I looked you up
online, as Cake

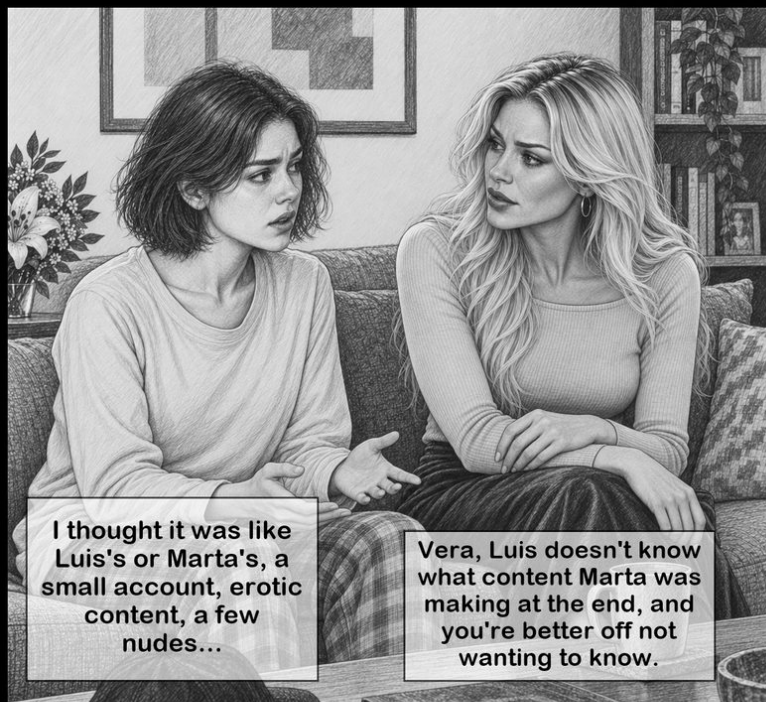

I understand why you
hid it from me, but I
don't

I'm not ashamed, Vera, it's
part of who I am

Then why didn't you
tell me?

I told you I used to
make adult content

I thought it was like
Luis's or Marta's, a
small account, erotic
content, a few
nudes...

Vera, Luis doesn't know
what content Marta was
making at the end, and
you're better off not
wanting to know.

It's not about the content

Why did you hide that
you're a global star?

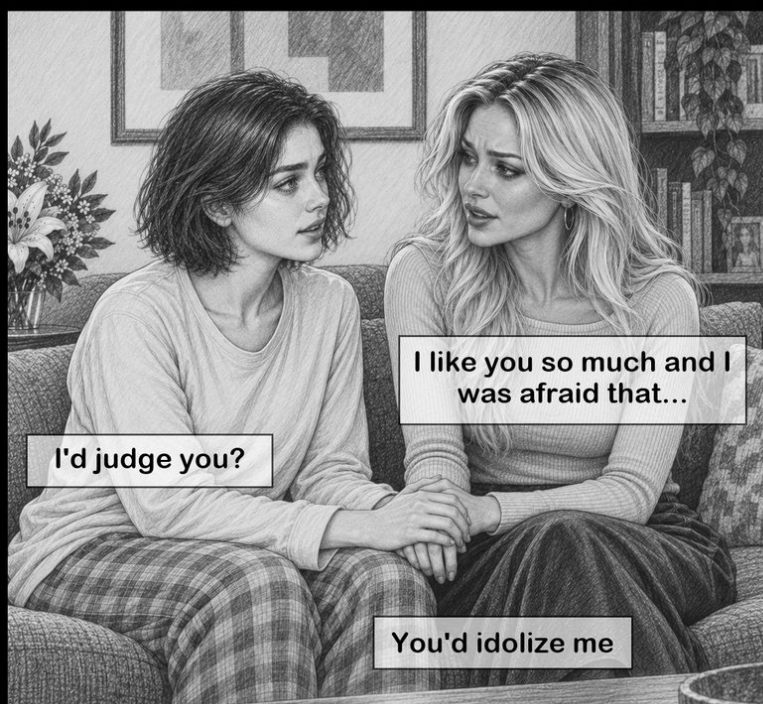

You met me as Sam, we
laughed together

You comforted me
when I felt down

We spend time
together because we
like being together

I'd judge you?

I like you so much and I
was afraid that...

You'd idolize me

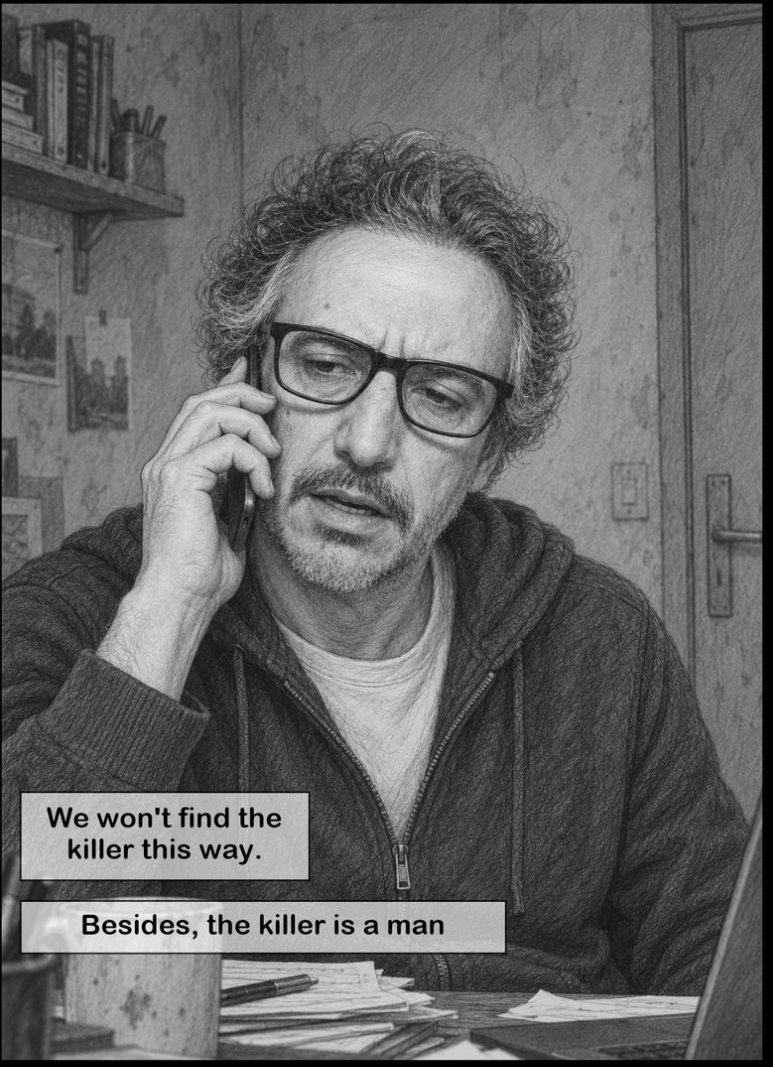

I'm not going to lick
your boots, Cake

What I want is for
Sam to kiss me

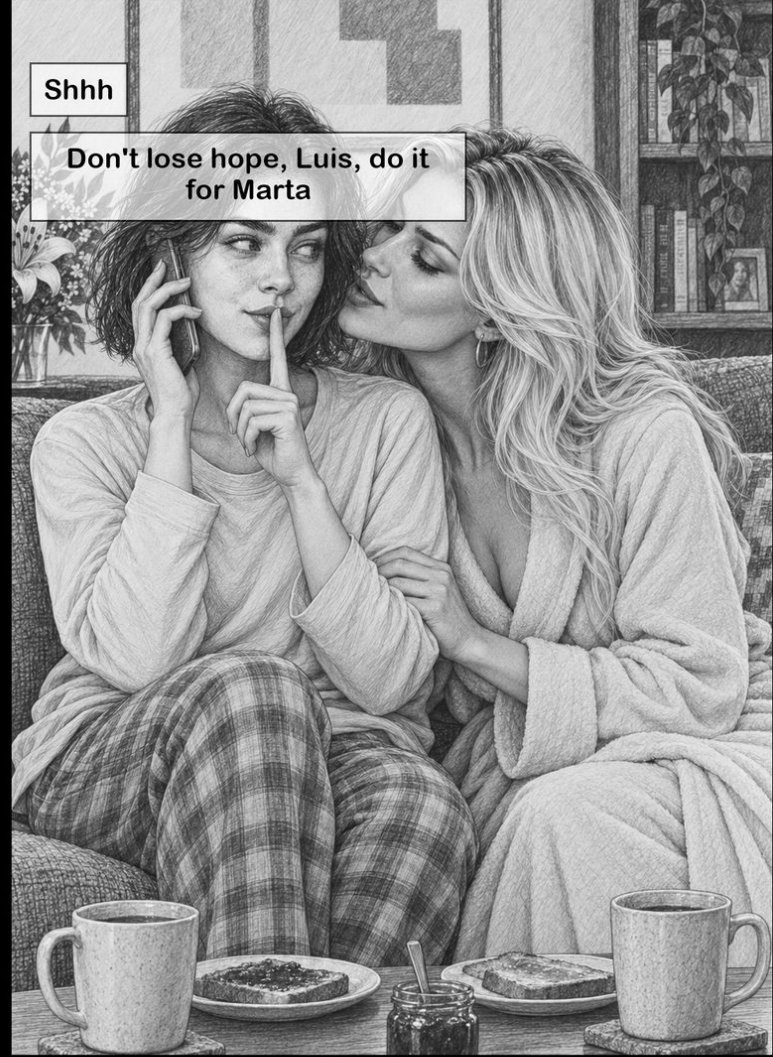

A black and white illustration of two women sitting on a couch. The woman on the left is talking on a mobile phone, looking concerned. The woman on the right is holding a mug and looking at her. On the coffee table in front of them are two mugs, two plates with toast and jam, and a jar of jam. A bookshelf with books and a plant are in the background.

Shall we go after Clara today?

A black and white illustration of a man with glasses and a mustache, wearing a hoodie, talking on a mobile phone. He has a serious expression. In the background, there is a bookshelf and a door.

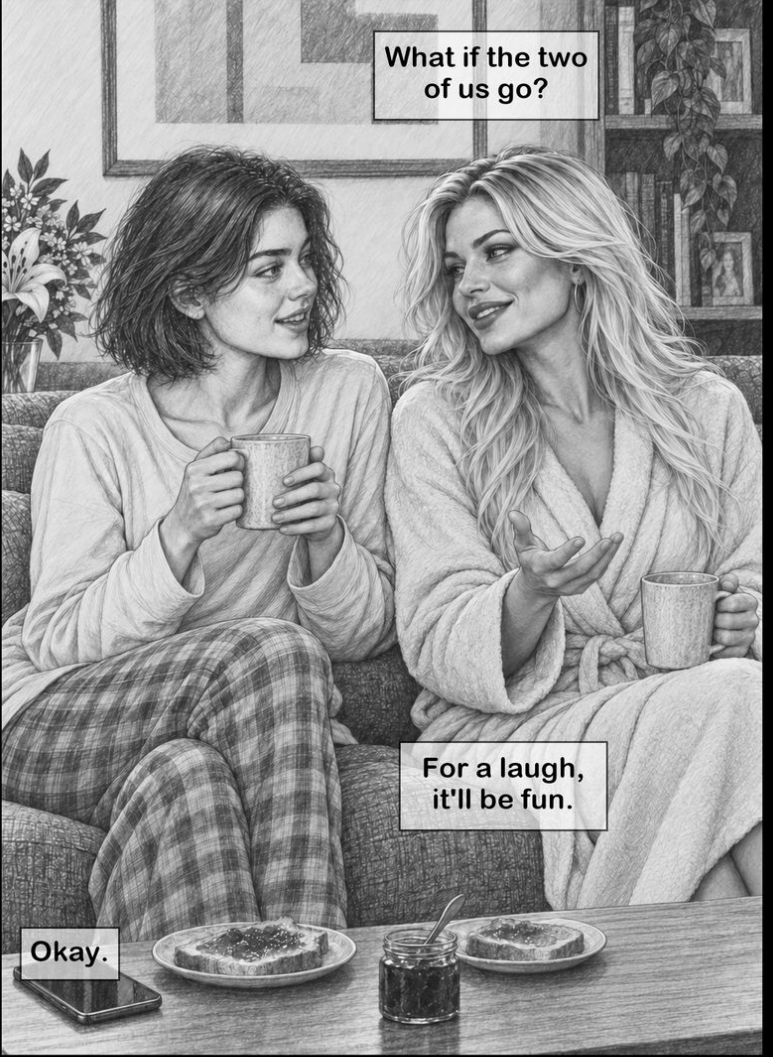

We won't find the killer this way.

Besides, the killer is a man

A black and white illustration of the two women from the first panel. The woman on the left is still on the phone, and the woman on the right is leaning in and whispering to her. They are both holding mugs. The coffee table and background are the same.

Shhh

Don't lose hope, Luis, do it for Marta

A black and white illustration of the two women sitting on the couch, both holding mugs and looking at each other. The woman on the right is gesturing with her hand. The coffee table and background are the same.

What if the two of us go?

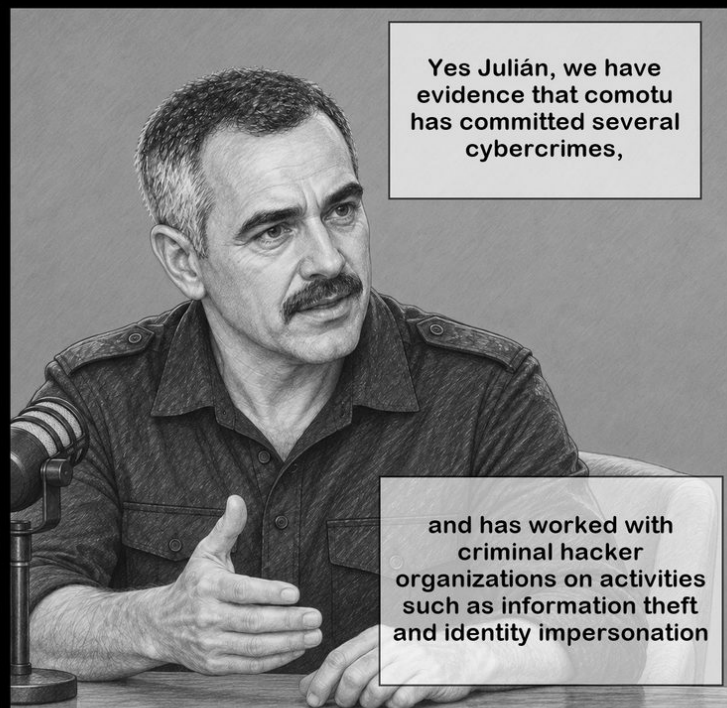

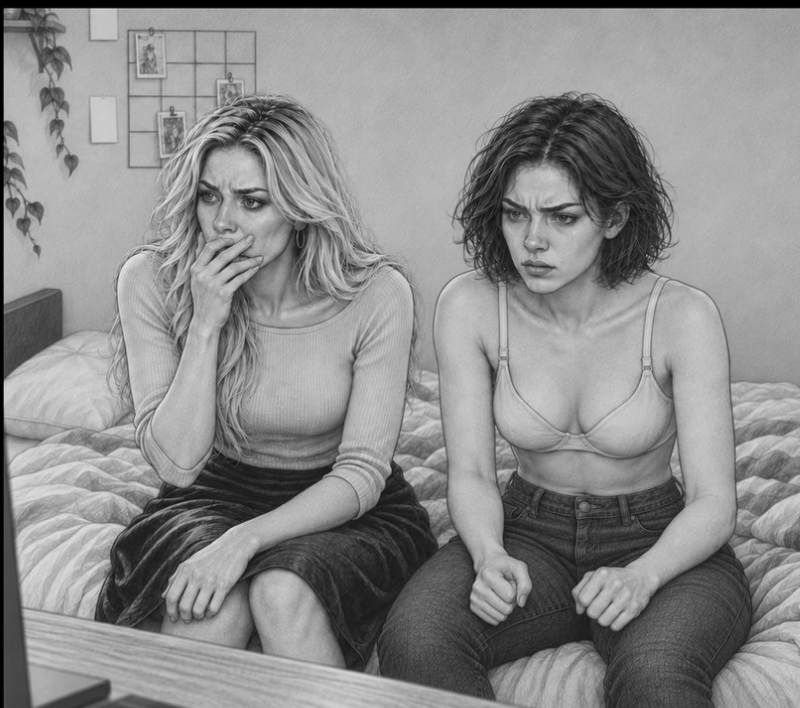

For a laugh, it'll be fun.

Okay.

Vera, hurry, turn on the TV! Where's your TV?

I don't have one, I watch it on the computer

Yes Julián, we have evidence that comotu has committed several cybercrimes,

and has worked with criminal hacker organizations on activities such as information theft and identity impersonation

We don't yet know the aim behind the comotú project,

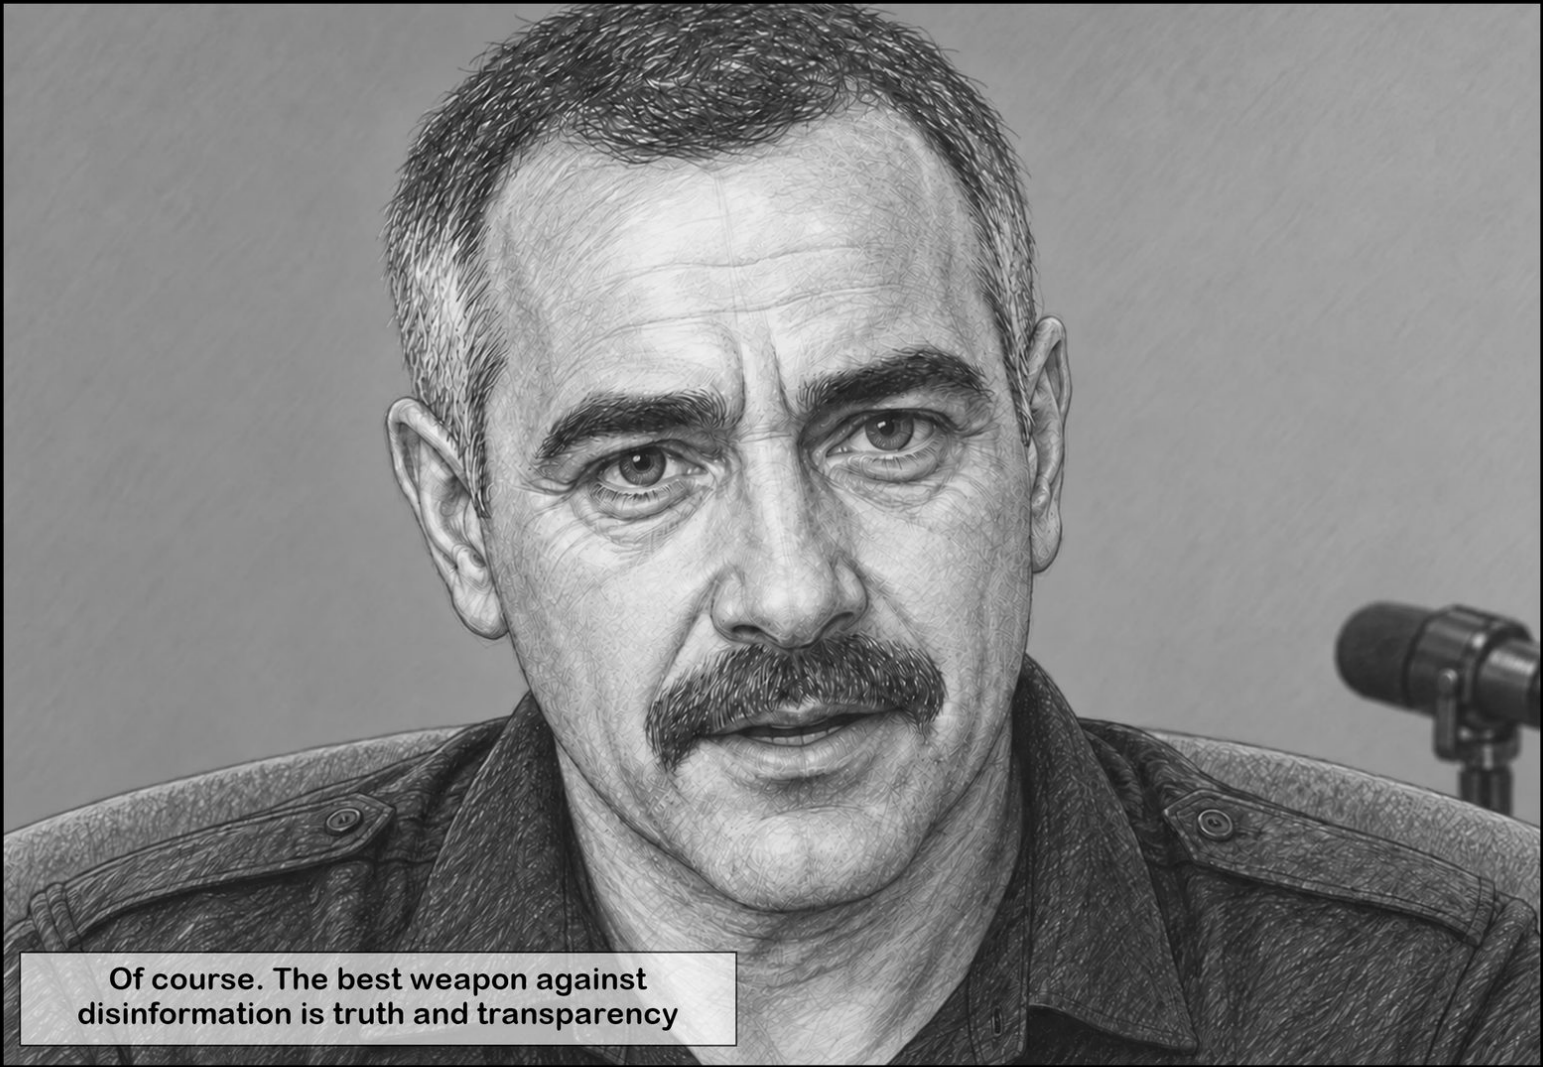

but we suspect it's connected to the geopolitical interests of foreign powers

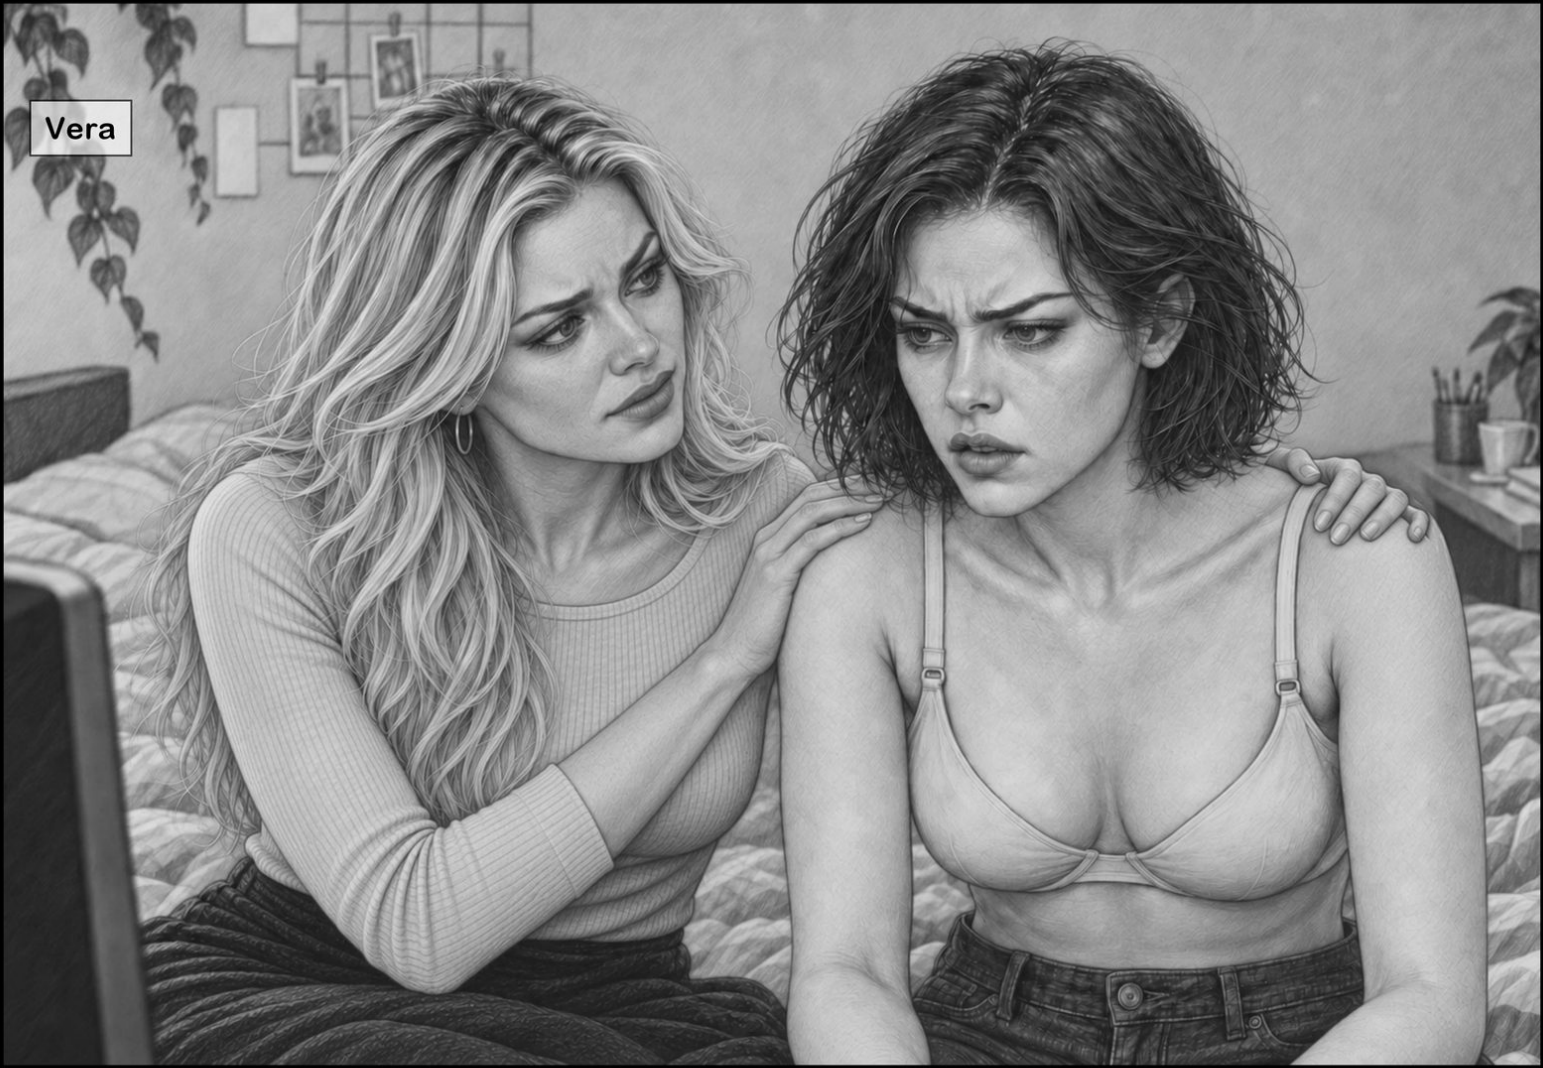

Is this an agent of a hostile intelligence service?

Exactly

Are you authorized to make those statements?

Of course. The best weapon against
disinformation is truth and transparency

Vera

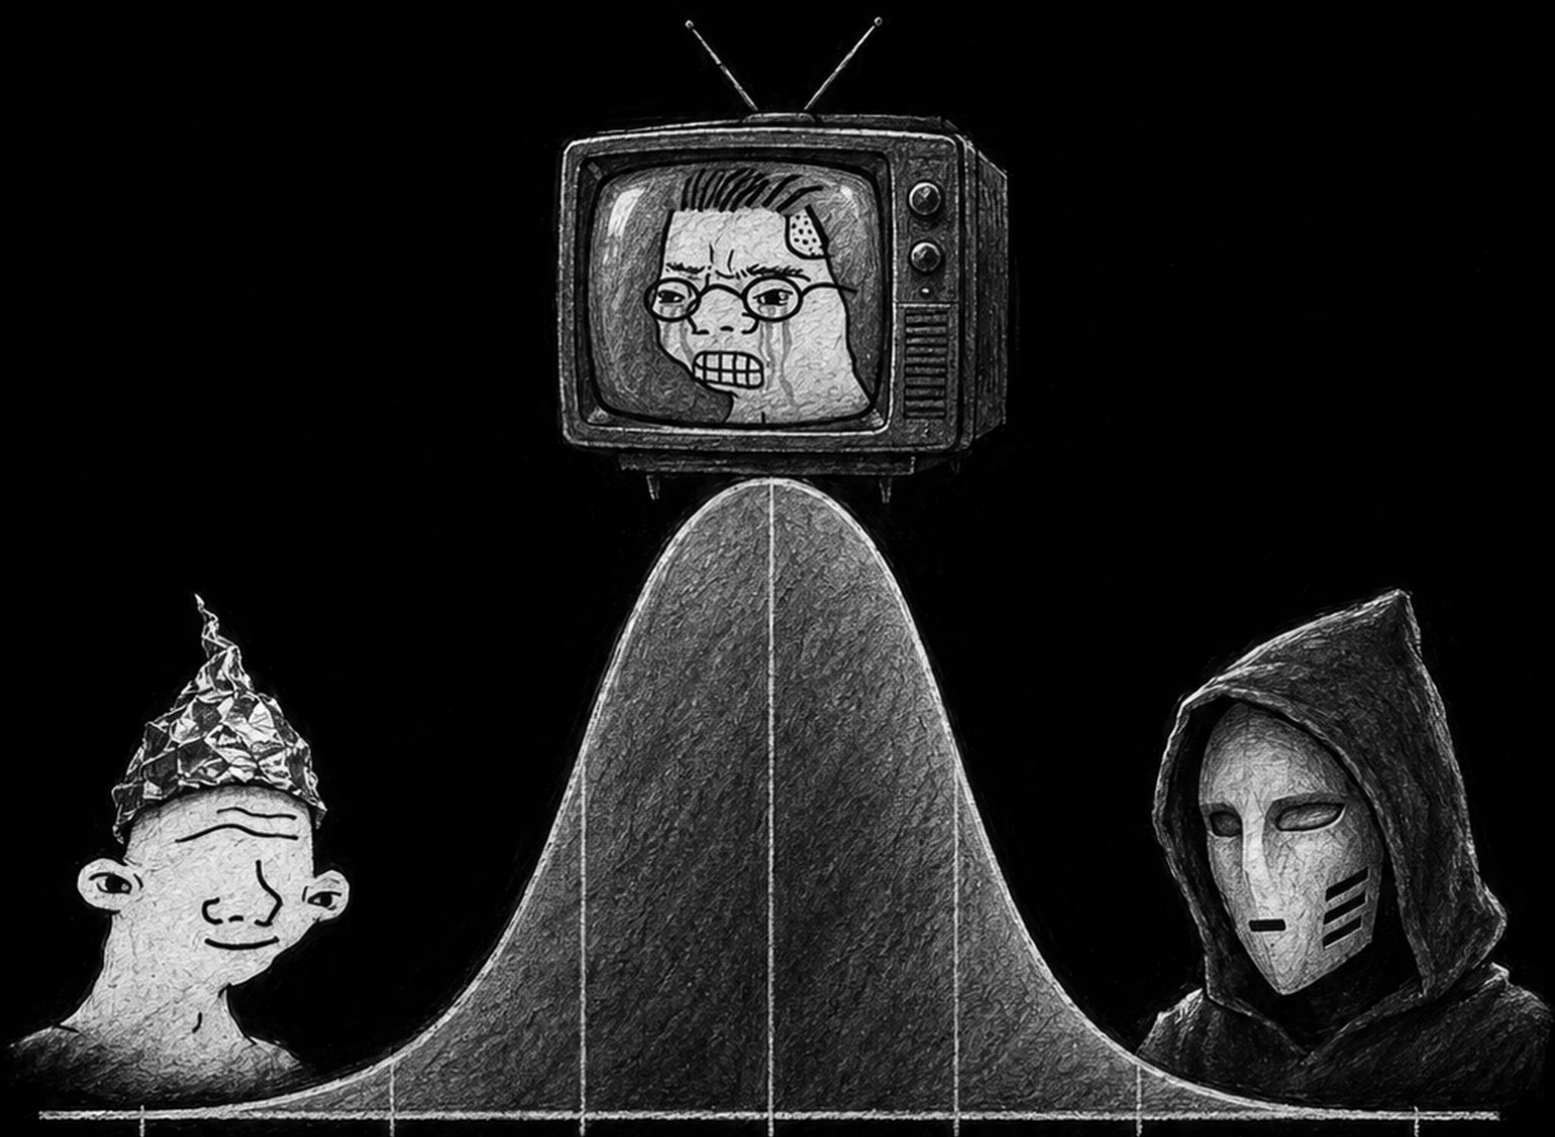

friends, put our old show on the TV right now, they're broadcasting the arrest live

Well, yes, ladies, this fifty-year-old pervert who used artificial intelligence to make pornography impersonating several women was the one hiding behind the comotú mask

Part V

Fakenews

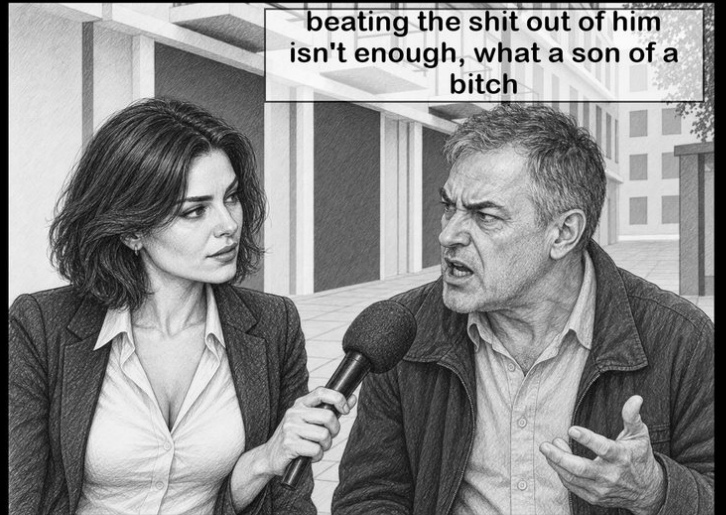

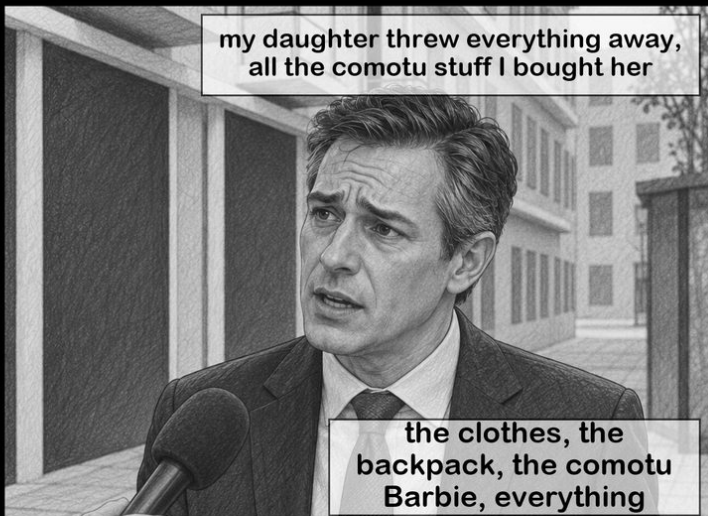

If only he were handsome... but he's old and ugly too

I never believed it, it was obviously a hoax

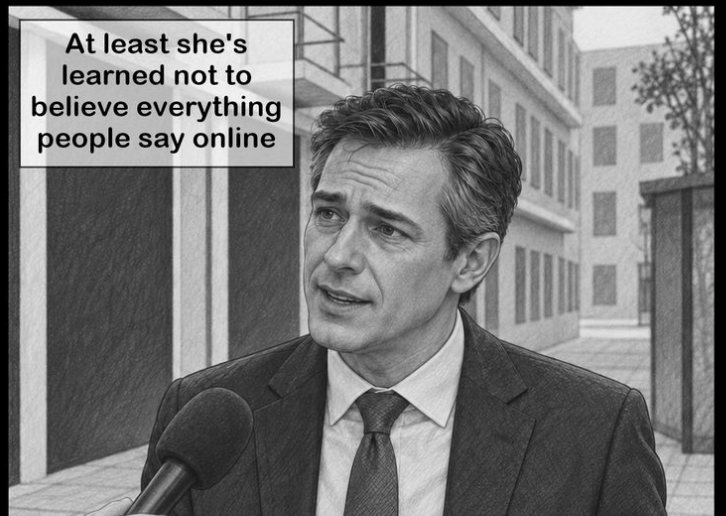

beating the shit out of him isn't enough, what a son of a bitch

my daughter threw everything away, all the comotu stuff I bought her

the clothes, the backpack, the comotu Barbie, everything

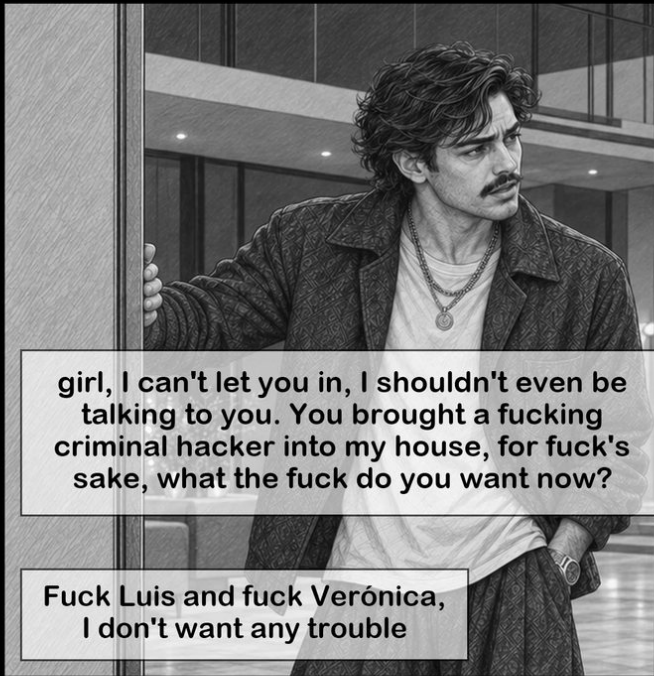

At least she's learned not to believe everything people say online

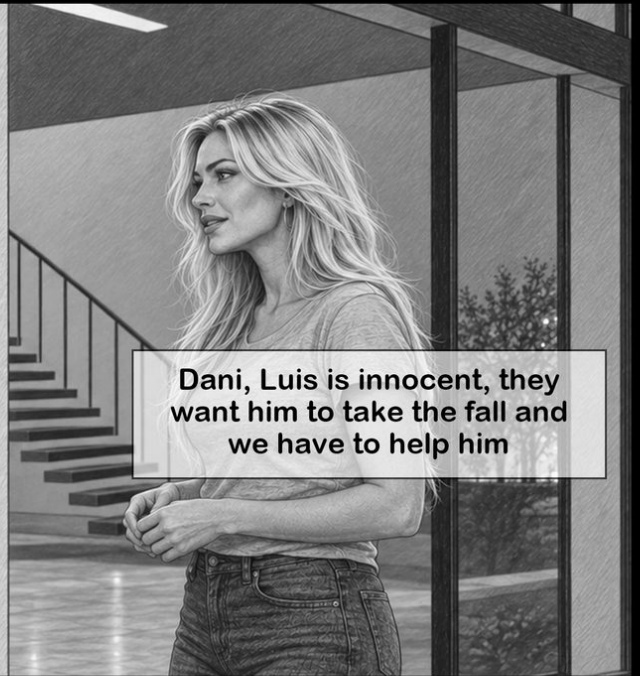

Leave me alone, you vulture

girl, I can't let you in, I shouldn't even be talking to you. You brought a fucking criminal hacker into my house, for fuck's sake, what the fuck do you want now?

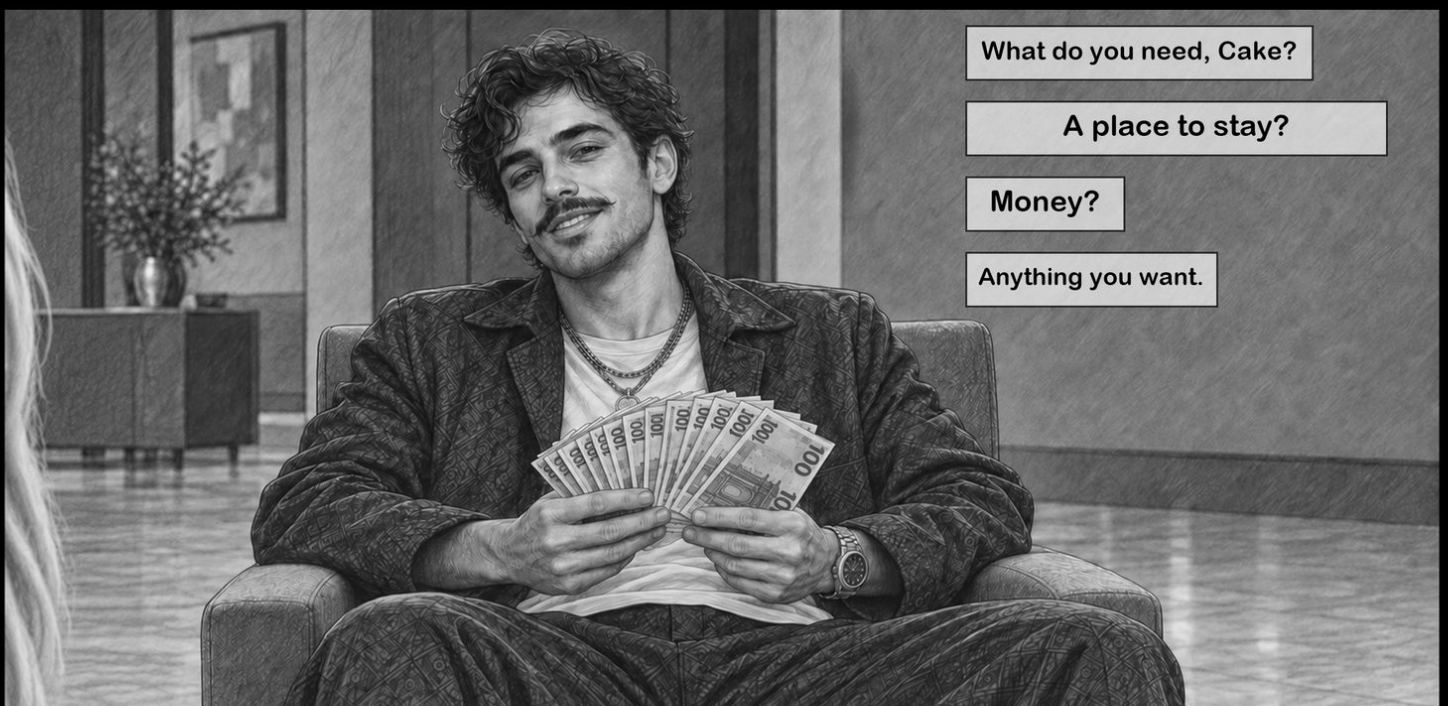

Fuck Luis and fuck Verónica, I don't want any trouble

Dani, Luis is innocent, they want him to take the fall and we have to help him

do you think I'd get you into trouble?

What do you need, Cake?

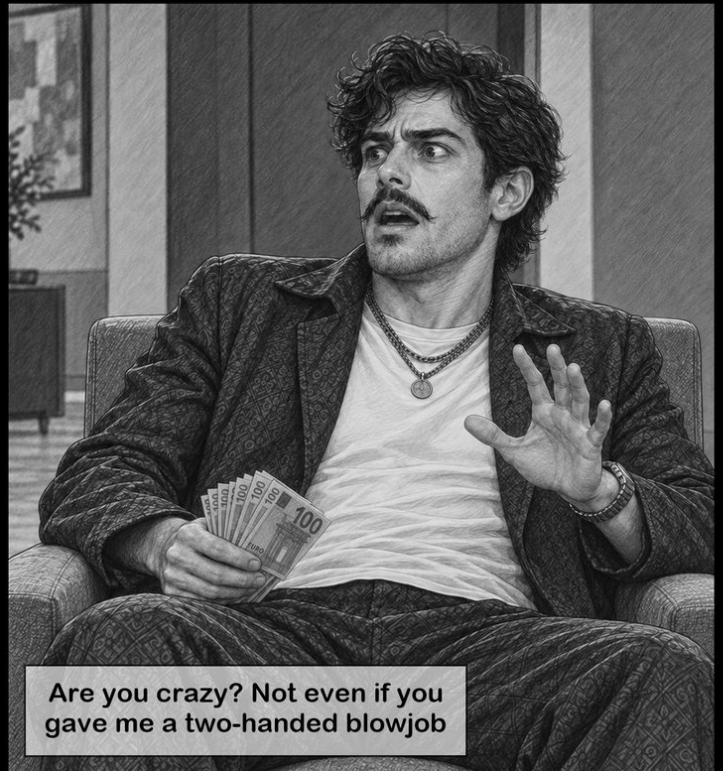

A place to stay?

Money?

Anything you want.

we need you to lend us your audience, to have the real comotú come on the channel and explain what's going on

Are you crazy? Not even if you gave me a two-handed blowjob

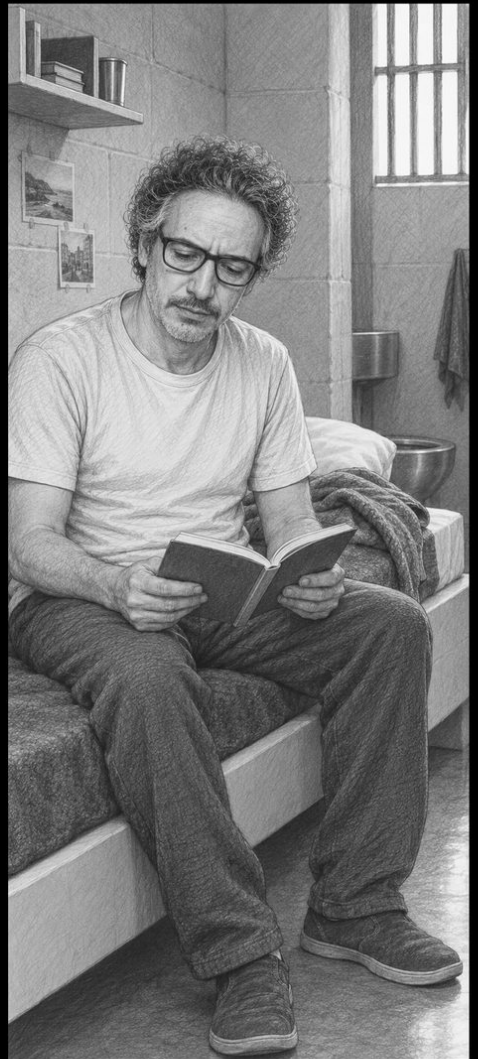

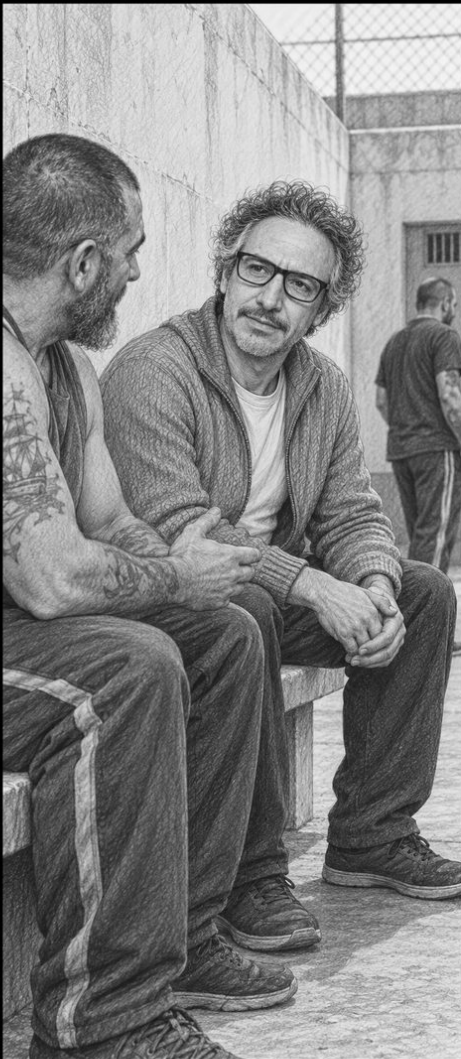

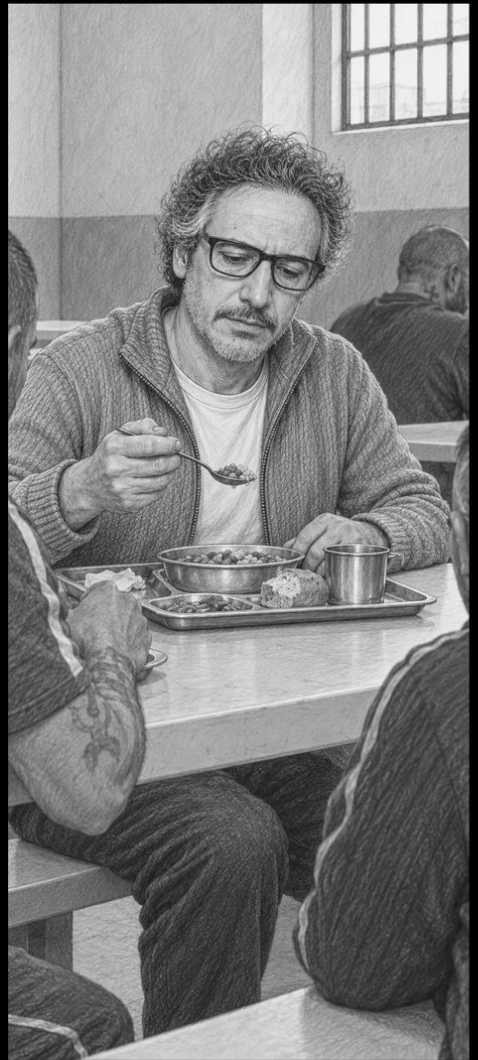

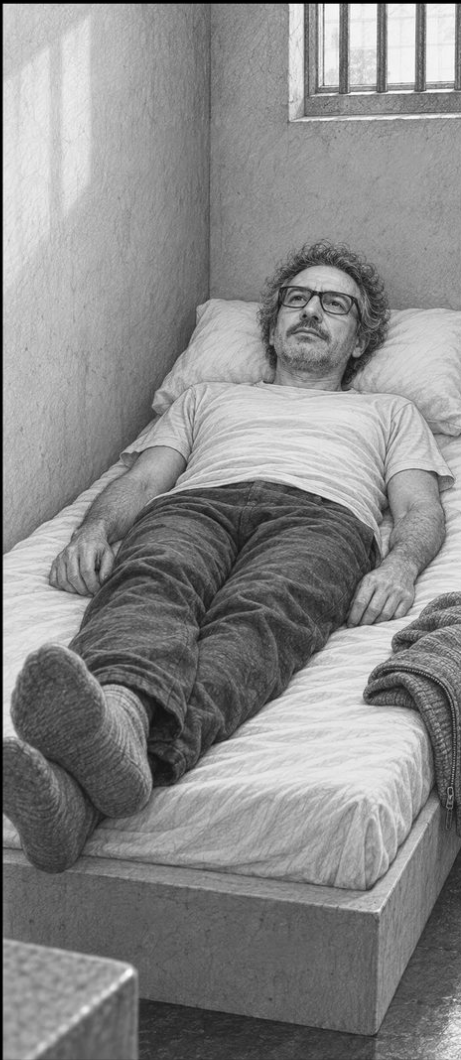

but since you're here, I'm sure you can think of some way to earn this money

meow?

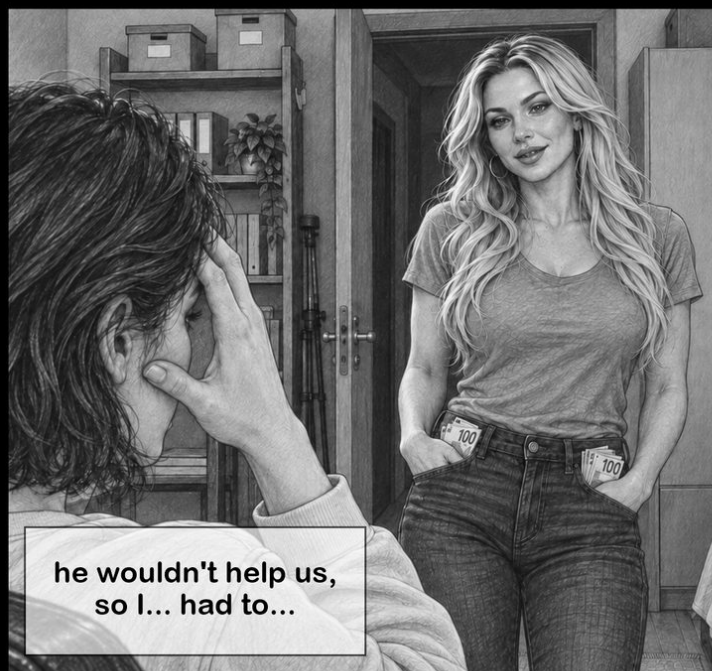

is he going to help
us?

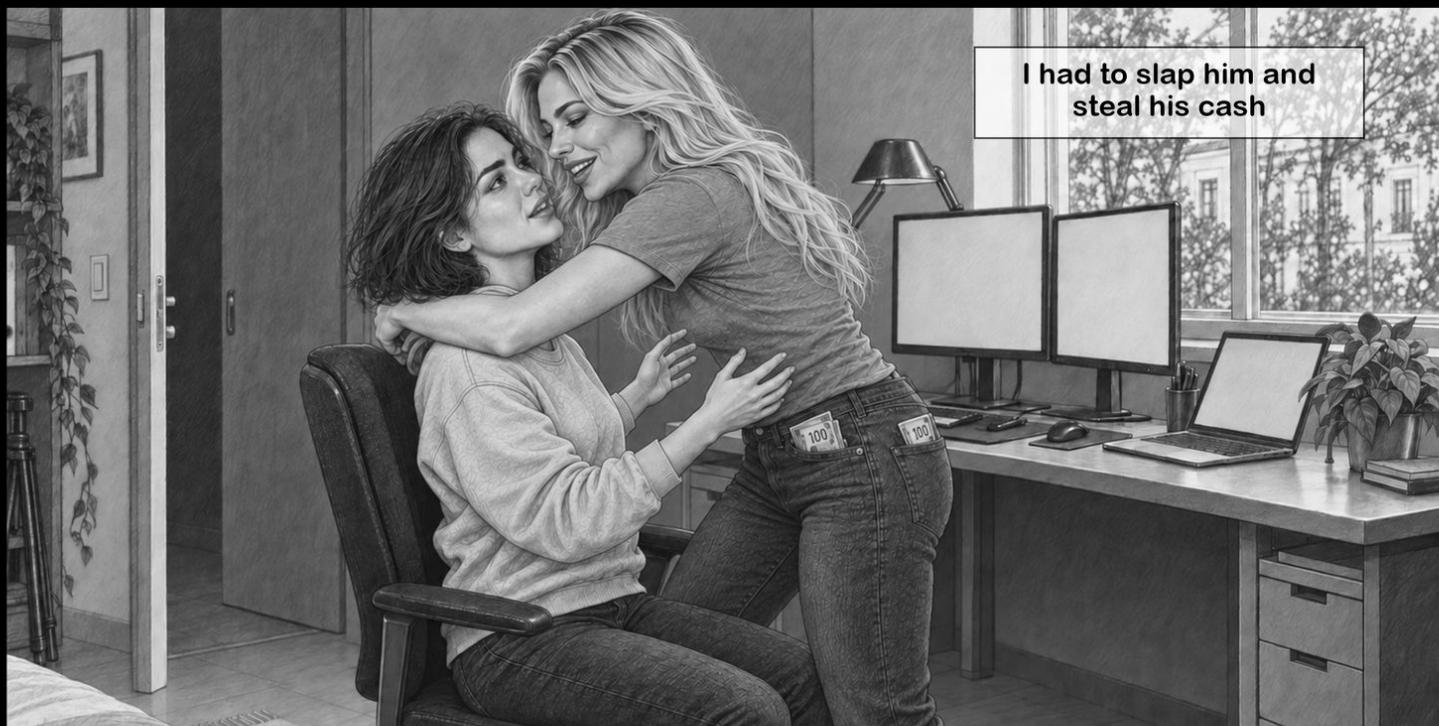

well...
look at
me

Sam, what have you
done?

he wouldn't help us,
so I... had to...

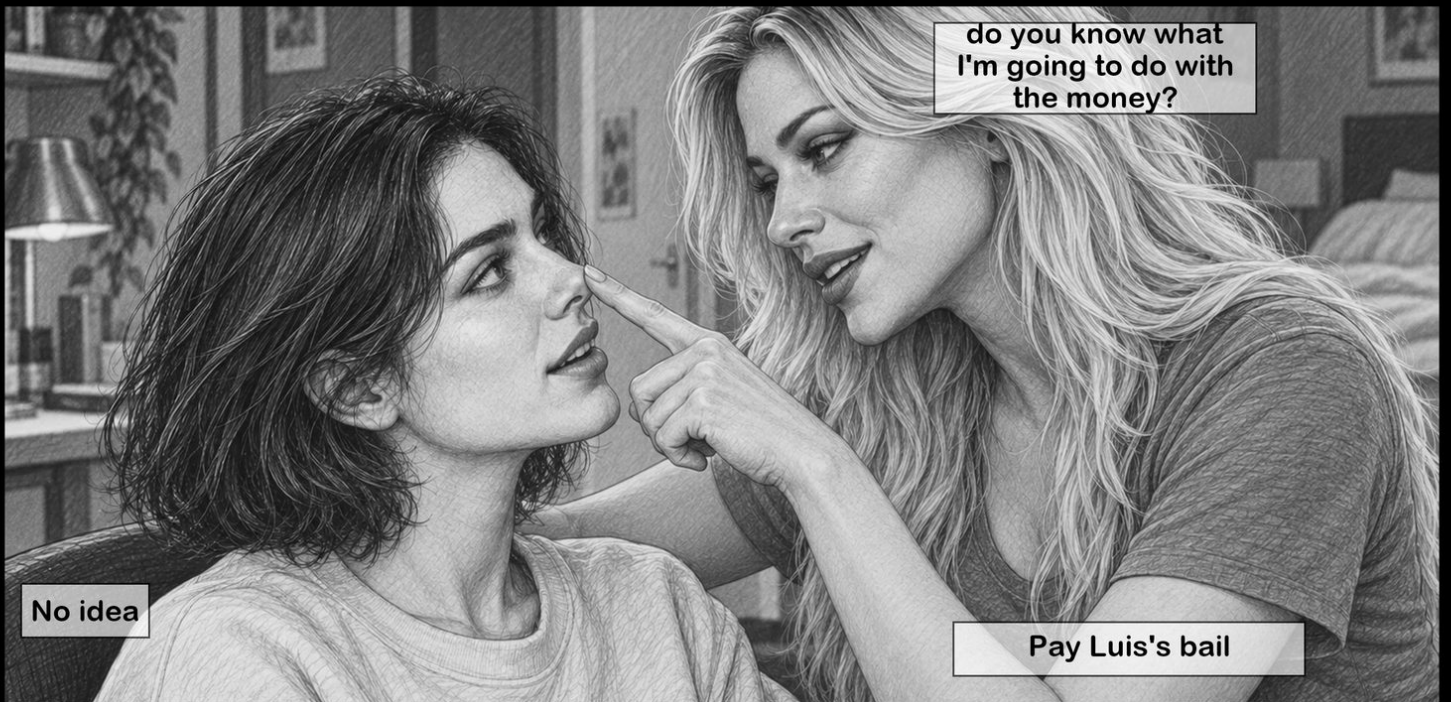

I had to slap him and
steal his cash

how about you?
How's plan B
going?

I've written to
them, no reply yet

do you know what
I'm going to do with
the money?

No idea

Pay Luis's bail

If they grant him
bail

As soon as they grant it

Vera hasn't been here in ages

I know

Aren't you worried?

No, because she's safe now

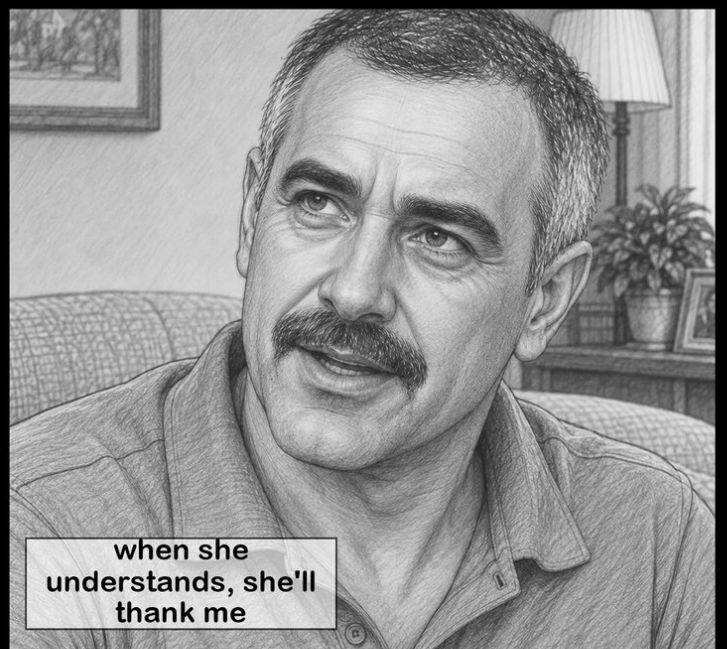

but she doesn't want to see you

she'll get over it

Javier, your daughter hates you

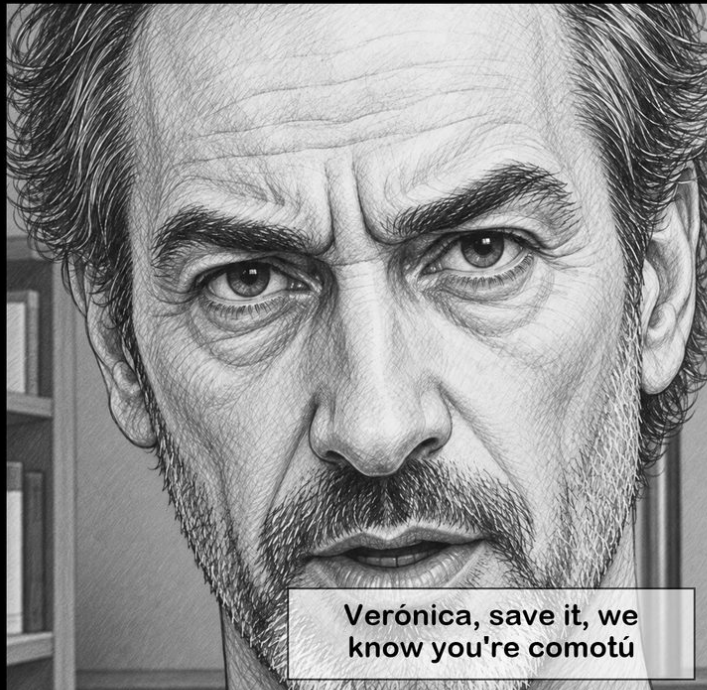

when she understands, she'll thank me

First, thank you for seeing me. What I'm about to tell you will shock you, but first I need to know you'll help me do the right thing

Verónica, save it, we know you're comotú

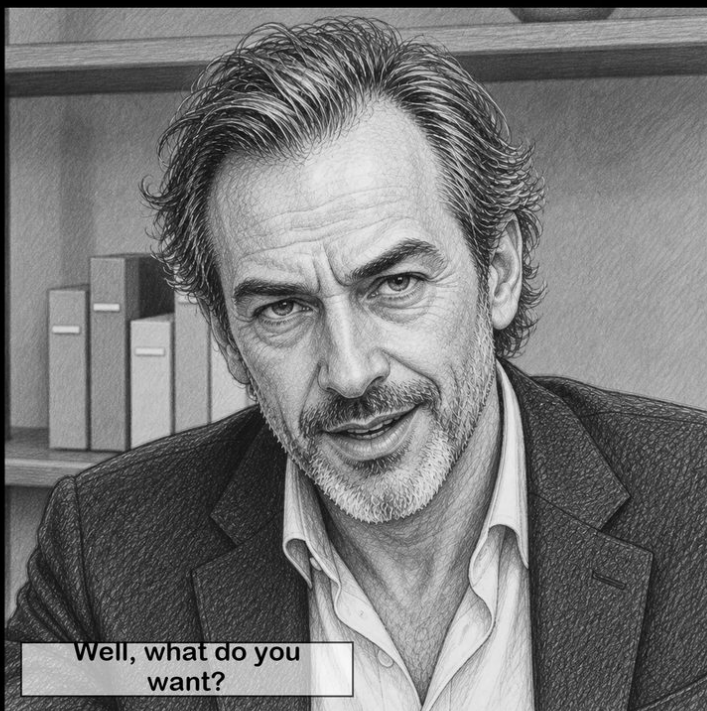

Did my father tell you?

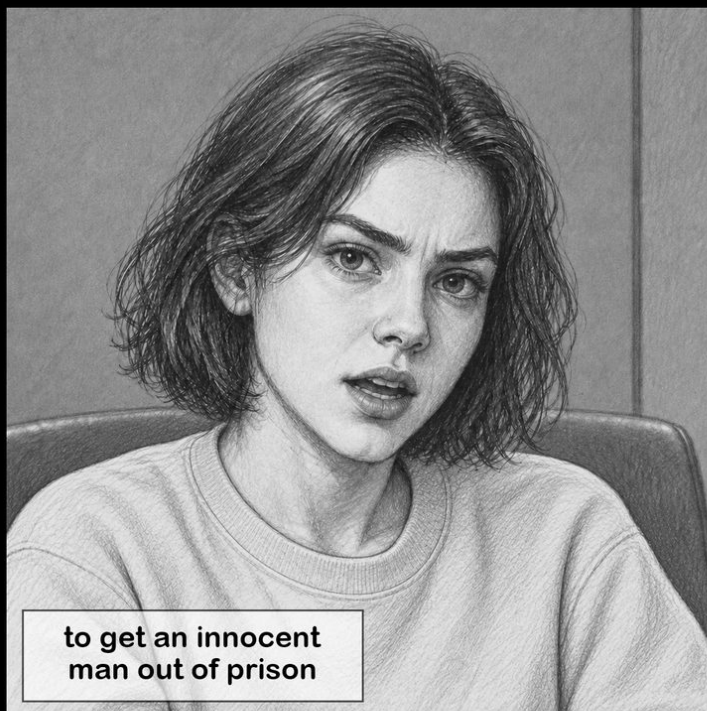

No, sweetheart, but you've just told us that your father knows

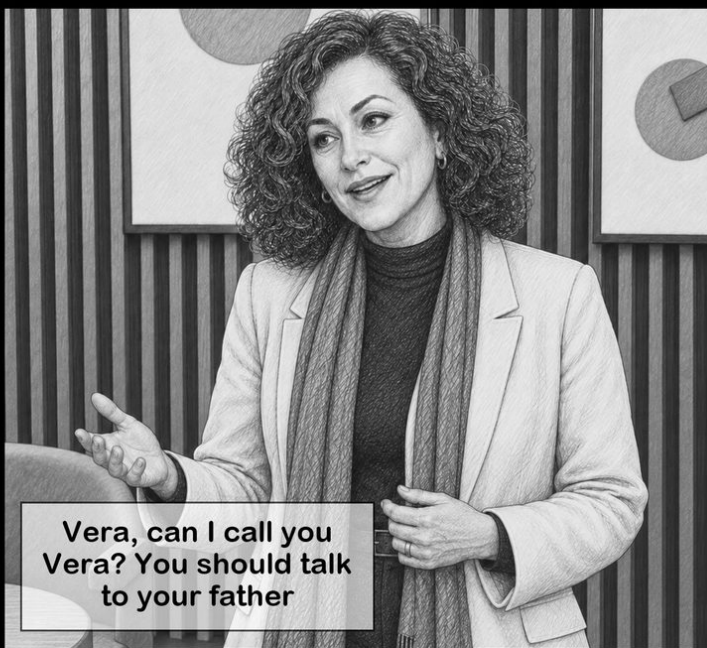

Well, what do you want?

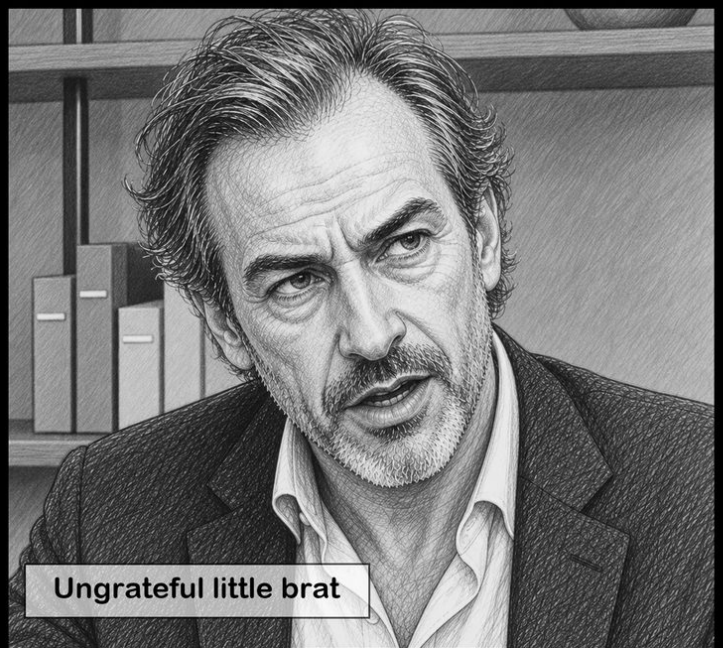

to get an innocent man out of prison

Vera, can I call you Vera? You should talk to your father

Ungrateful little brat

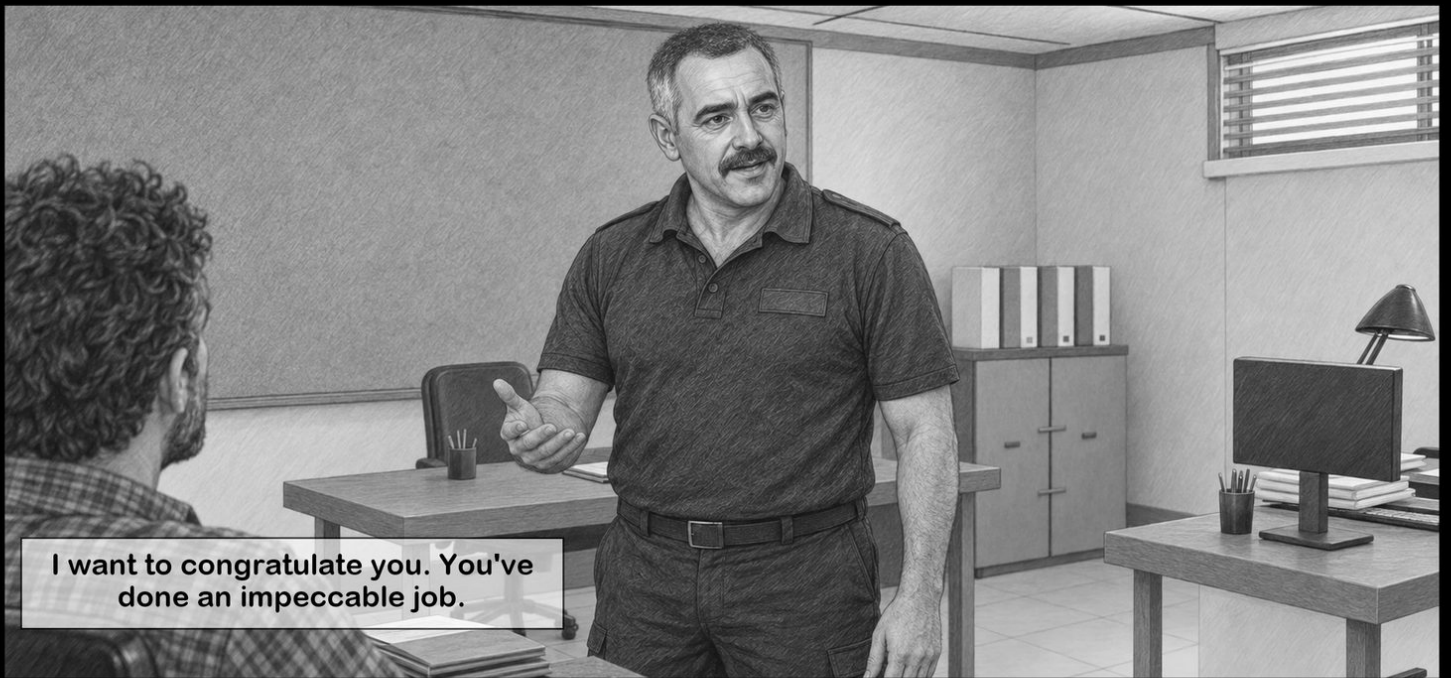

You're just like everyone else, you don't care about the truth

Of course we care

That's why we decide what's true

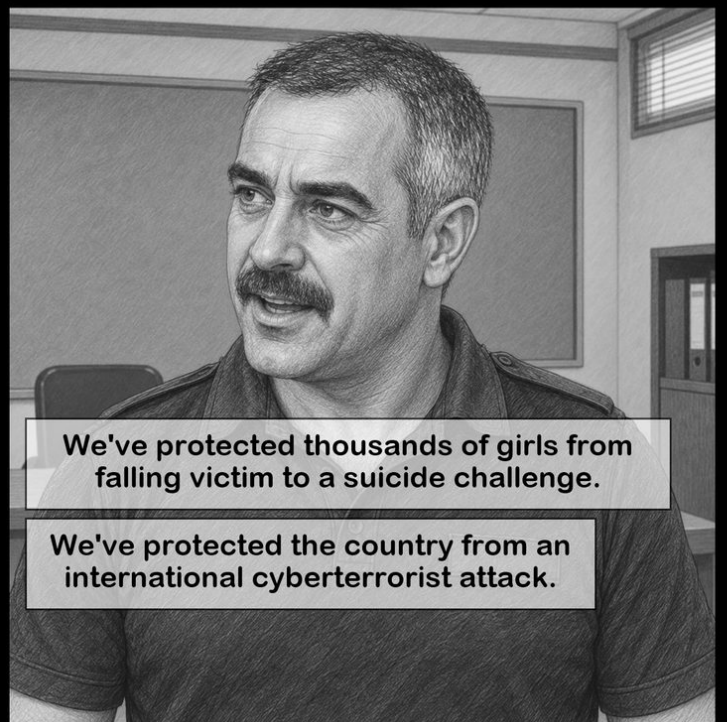

Vera, darling, growing up means finding the balance between idealism and pragmatism

I want to congratulate you. You've done an impeccable job.

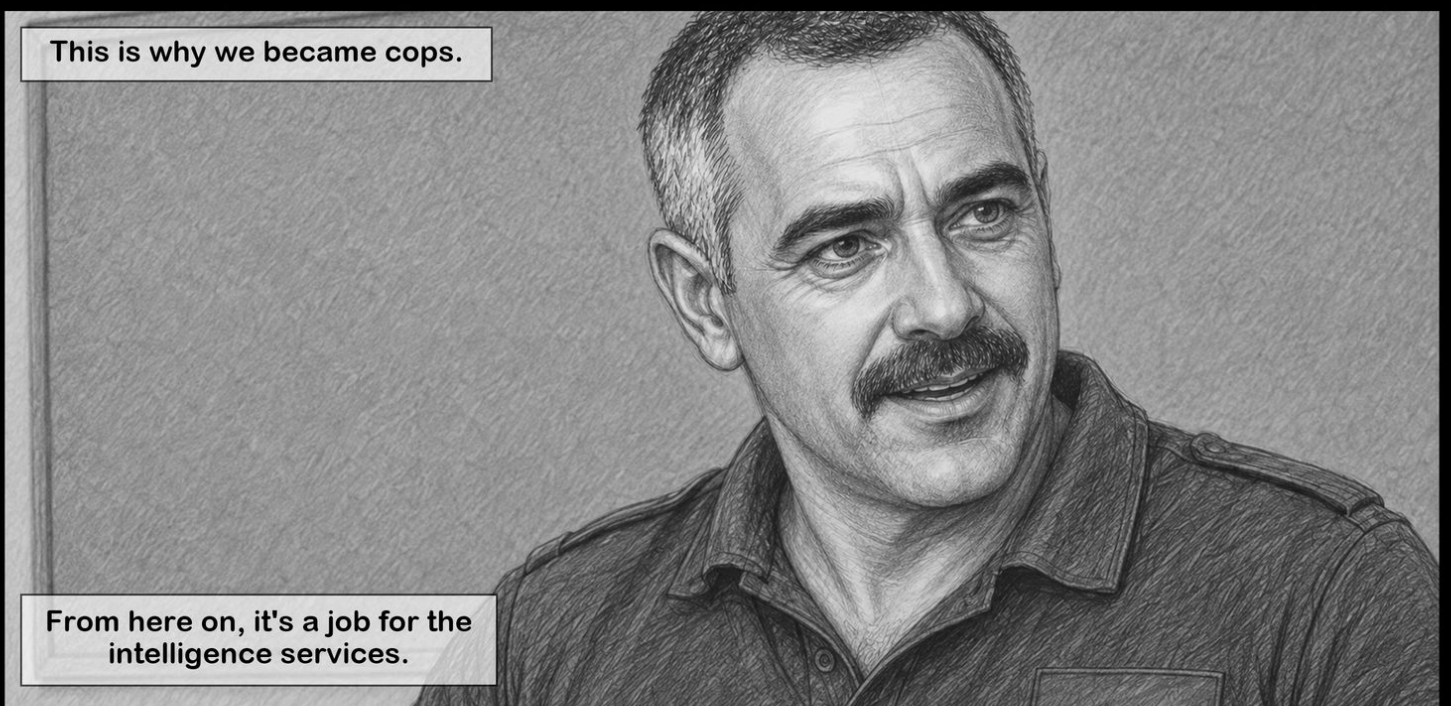

I know it hasn't been easy.

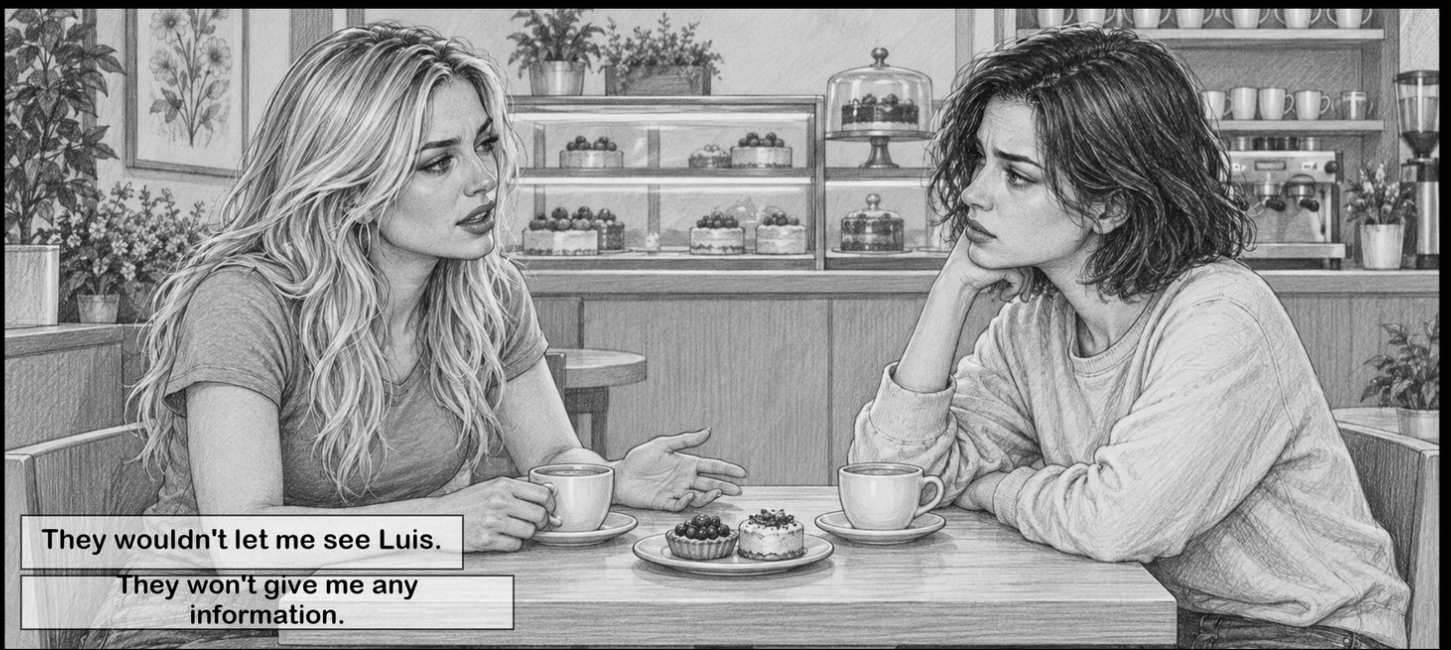

We've protected thousands of girls from falling victim to a suicide challenge.

We've protected the country from an international cyberterrorist attack.

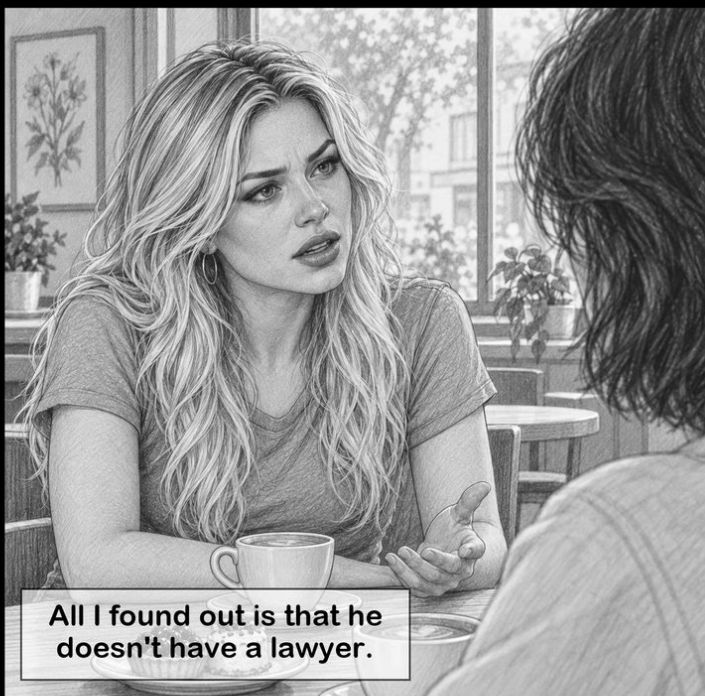

This is why we became cops.

From here on, it's a job for the intelligence services.

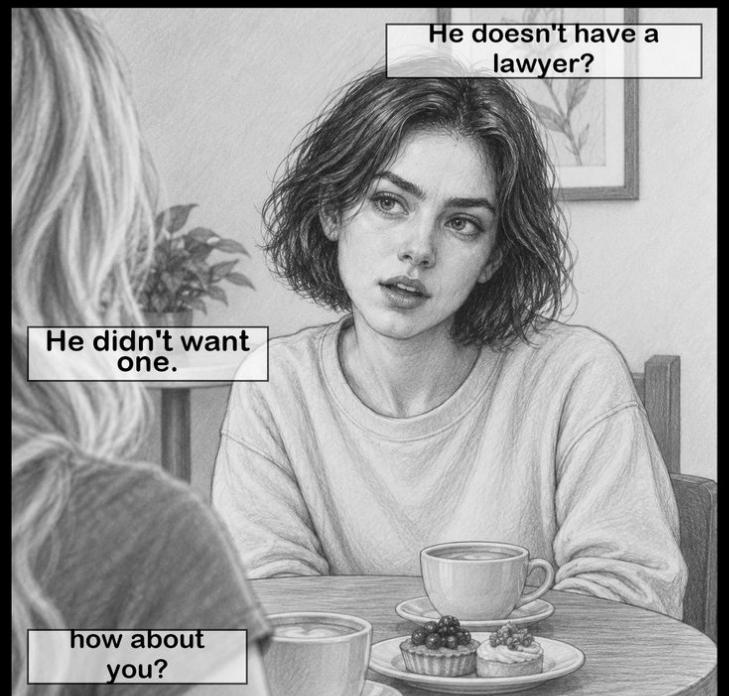

They wouldn't let me see Luis.

They won't give me any
information.

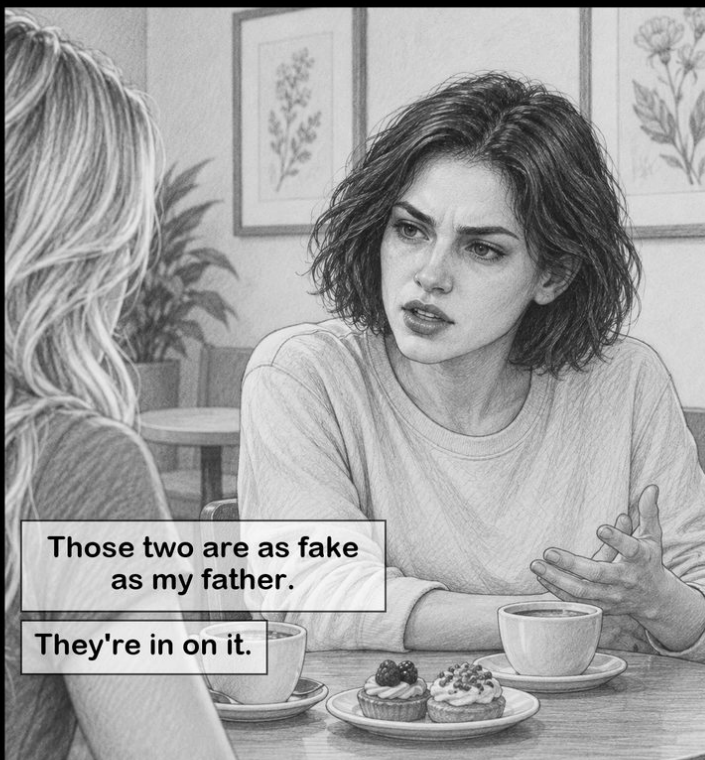

All I found out is that he
doesn't have a lawyer.

He doesn't have a
lawyer?

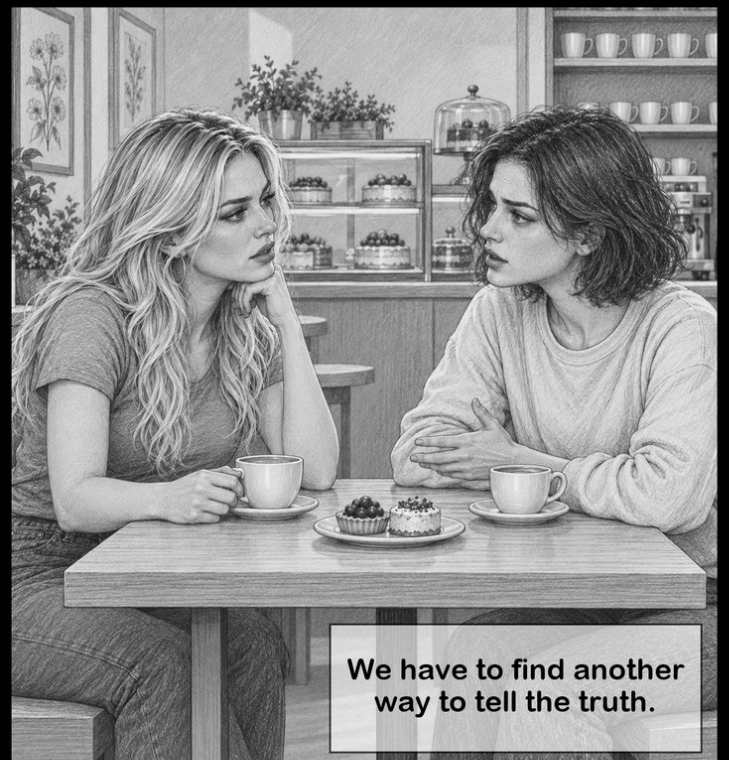

He didn't want
one.

how about
you?

Those two are as fake
as my father.

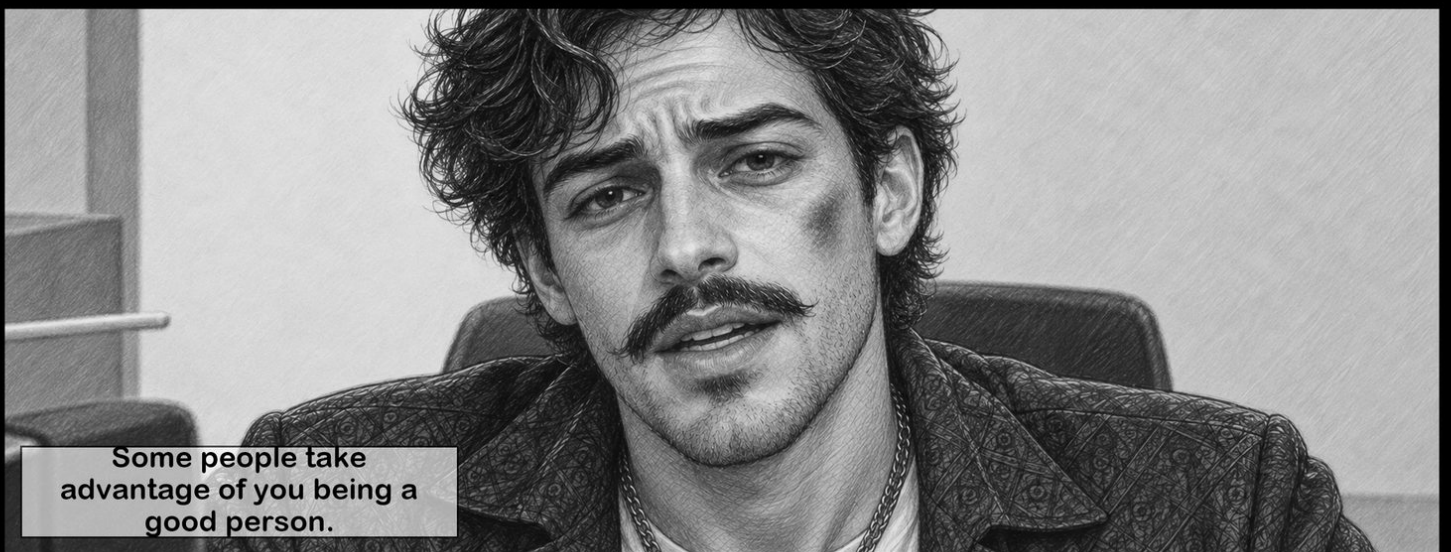

They're in on it.

We have to find another
way to tell the truth.

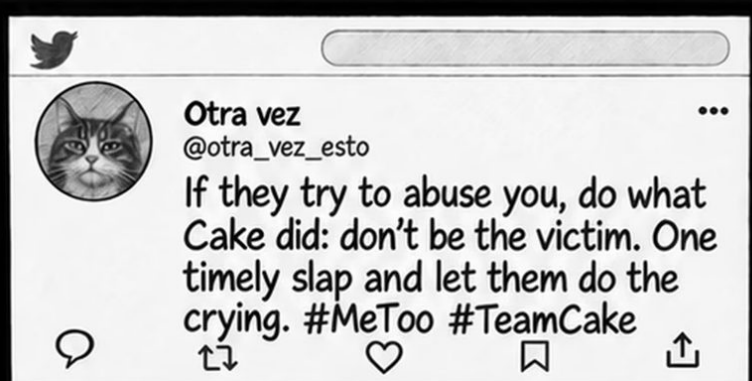

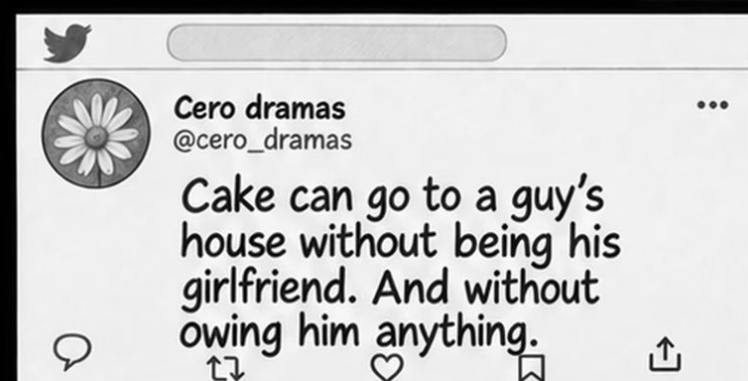

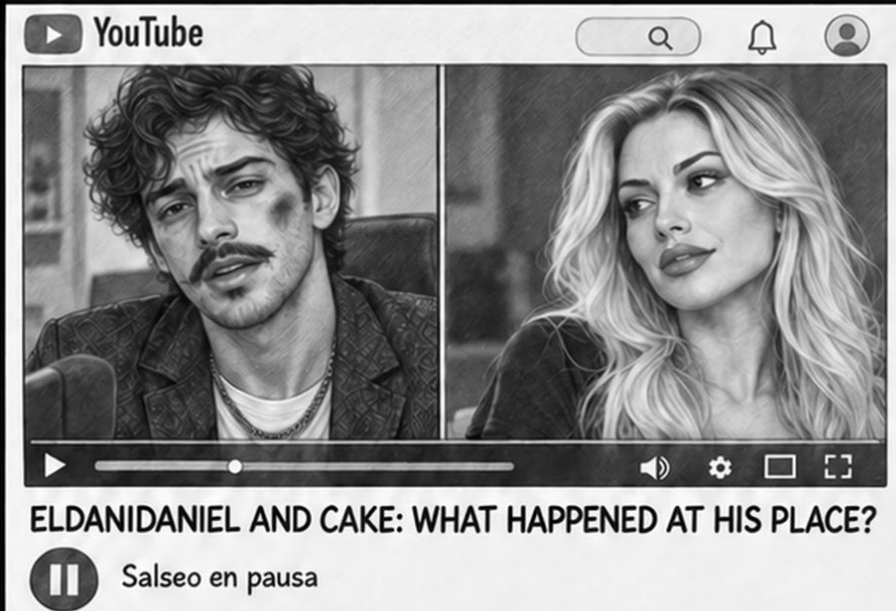

I didn't want to
have to tell you
this...

Some people take
advantage of you being a
good person.

Cake, wherever you are,
I want you to know I
forgive you

I'm Inspector Fernández's daughter, Verónica

what do you want?

I want the truth to come out

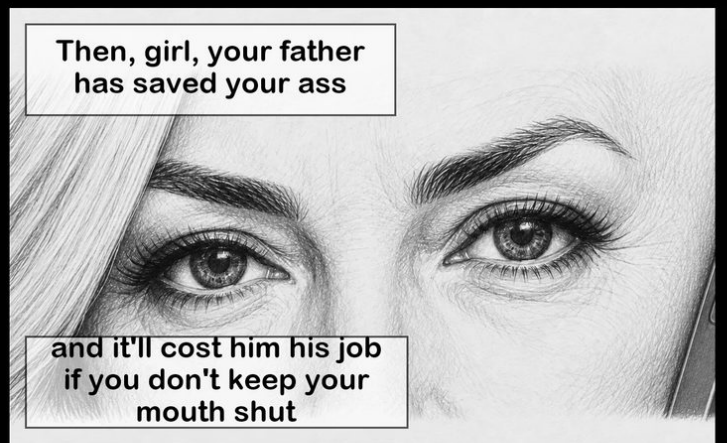

That man isn't comotú

Girl, I understand you're upset. Comotú was your hero and it's hard to accept that he's that bastard, but that's the truth

NO! I'M COMOTÚ

Then, girl, your father has saved your ass

and it'll cost him his job if you don't keep your mouth shut
